Selected Essays of Michel de Montaigne Michel de Montaigne,1903 **Shakespeare's Montaigne** Michel de Montaigne,2014-04-08 An NYRB Classics Original Shakespeare Nietzsche wrote was Montaigne s best reader a typically brilliant Nietzschean insight capturing the intimate relationship between Montaigne s ever changing record of the self and Shakespeare s kaleidoscopic register of human character And there is no doubt that Shakespeare read Montaigne though how extensively remains a matter of debate and that the translation he read him in was that of John Florio a fascinating polymath man about town and dazzlingly inventive writer himself Florio s Montaigne is in fact one of the masterpieces of English prose with a stylistic range and felicity and passages of deep lingering music that make it comparable to Sir Robert Burton s Anatomy of Melancholy and the works of Sir Thomas Browne This new edition of this seminal work edited by Stephen Greenblatt and Peter G Platt features an adroitly modernized text an essay in which Greenblatt discusses both the resemblances and real tensions between Montaigne s and Shakespeare s visions of the world and Platt s introduction to the life and times of the extraordinary Florio Altogether this book provides a remarkable new experience of not just two but three

great writers who ushered in the modern world The Oxford Handbook of British Romantic Prose Robert Morrison,2024

The Oxford Handbook of British Romantic Prose is a full length essay collection devoted entirely to British Romantic nonfiction prose Organized into eight parts each containing between five and nine chapters arranged alphabetically the Handbook weaves together familiar and unfamiliar texts events and authors and invites readers to draw comparisons reimagine connections and disconnections and confront frequently stark contradictions within British Romantic nonfiction prose but also in its relationship to British Romanticism more generally and to the literary practices and cultural contexts of other periods and countries The Handbook builds on previous scholarship in the field considers emerging trends and evolving methodologies and suggests future areas of study Throughout the emphasis is on lucid expression rather than gnomic declaration and on chapters that offer not a dutiful survey but evaluative assessments that keep an eye on the bigger picture yet also dwell meaningfully on specific paradoxes and the most telling examples Taken as a whole the volume demonstrates the energy originality and diversity at the crux of British Romantic nonfiction prose It vigorously challenges the traditional construction of the British Romantic movement as focused too exclusively on the accomplishments of its poets and it reveals the many ways in which scholars of the period are steadily broadening out and opening up delineations of British Romanticism in order to encompass and thoroughly evaluate the achievements of its nonfiction prose writers **Philosophy**

History Sophistry Dennis Rohatyn,2022-04-25 Post modernism believes in nothing not even unbelief Hence it is a genial version of nihilism and the flip side of despair Like skepticism from which it descends it is healthy insofar as it rejects all dogmas but unhealthy insofar as it substitutes its own while eating its own essence This book diagnoses this disease and offers irony as its cure What failure of nerve did to Hellenism strength of character must do for the decline of the best Humor laughter and detachment are the gifts of historical art and of Socratic science As we take refuge in the myth of truth we must realize that there is no truth in myth and no comfort in illusion except the lie of immortality **Exploring the Making of the Modern Mind Through Selected Texts** Frederic Will,2024-09-20 This book is an anthology of small texts chosen from a sequence of significant writers whose work fell between the Renaissance and the later seventeenth century from Ficino to Dryden The study traces a gradual growth of self awareness worldview scepticism and aesthetic exuberance
