Behold, the Angels Came and Served Him' Kristian A. Bendoraitis, 2015-11-19 Angels have been analyzed in Christological research due to their primary function as messengers and mediators between heaven and earth Their role in the Gospel narratives however has been largely unexplored Utilizing the Old Testament and sources from the Second Temple period to illustrate the variety of angel traditions Bendoraitis identifies how these traditions are reflected in Matthew's Gospel and interprets the passages in which angels appear or are represented resulting in a detailed exegesis of those passages which specifically mention angels Each reference is critically analyzed in view of its role in the Gospel's narrative and in light of Matthew's redactional hand In addition each chapter is accompanied by a discussion of relevant traditions of angels in order to illustrate how Matthew's use of angels has facilitated his Gospel's message The examination concludes by postulating three factors in the inclusion of angel traditions in Matthew's narrative pertaining both to Matthew's Christology and worldview *The Oregonian's Handbook of the Pacific Northwest* Edward Gardner Jones, 1894 History and biography of

the Pacific Northwest local history for towns in Washington Oregon Idaho Montana and British Columbia The Perspective from Mt. Sinai: The Book of Jubilees and Exodus Betsy Halpern-Amaru, 2015-09-16 Although termed the little Genesis the Book of Jubilees is significantly engaged with Exodus It reworks key Exodus narratives develops modules of Exodus law and highlights Exodus motifs The most fundamental connection to Exodus is the grounding of the two narrational structures of Jubilees in the scenario of Moses receiving a revelation on Mt Sinai In the frame an anonymous narrator develops the Mt Sinai setting of the work In the body an angel employs that setting as the present time pivot for a retrospect that moves

backward and forward in time Focusing on the intersection of structure and content the study explores the relationship between the retrospective design of the angel narration and the exegesis The approach is a literary one that treats Jubilees as a unitary text that may reflect the work of a single author or of a final editor The analysis draws particular attention to manipulations of temporal and textual perspective that transform Exodus narratives facilitate the hermeneutical elaborations of Exodus law and effect cohesion in the revelation that is the Book of Jubilees Halpern Amaru s study makes a significant contribution to our understanding of biblical interpretation in Second Temple Judaism For example the reading of the Jubilees narrative of the exodus as a revelation of how God uses His heavenly forces i e Mastema and his demons as well as the angels of the presence on behalf of Israel has implications for the understanding of strategies that temper dualism in Second Temple Judaism
