## **Montana History Weekends 52 Adventures In History:**

**Montana History Weekends** ,2002      It Happened in the Old West Erin H. Turner,2017-06-01 These are the stories of what happened in the West as the trickle then flood of Easterners and immigrants first began to flow into the plains deserts and mountains between the Pacific Ocean and the Mississippi River and finally far north into The Last Frontier While some events would have happened regardless who was there earthquakes storms droughts and other natural disasters it was because of this influx of humanity that those events were recorded and have become part of America s history Amid tales of loss and horror are accounts of survival and success And among the countless adventurers who found the lure of wide open spaces and untapped resources to be as strong as the Sirens song to Odysseus many found the determination to thrive in the West And thrive they did even better for what they lacked in resources they made up in resourcefulness becoming inventors entrepreneurs scientists activists explorers and more      It Happened in Montana James A. Crutchfield,2016-12-01 Author James A Crutchfield has mined thirty seven of the most colorful episodes from Montana s provocative past from the first glimpse of French explorers of the Shining Mountains in 1743 to the attempt to round up the wild horses of the Pryor Mountains These episodes are a lively look at life in the Wild West      **Montana Madams** Nann Parrett,2017-01-13 Men flooded to the Montana frontier for gold furs rich land and jobs Women followed but their options were more limited Here are stories of women who made a desperate choice turning the law of supply and demand to their advantage Many eked out a meager but independent existence grit and business acumen brought remarkable wealth and influence even respectability to a few From Alzada to Yaak these enterprising women shaped Montana communities in some cases helping to fund social programs and public education      Custer, the Seventh Cavalry, and the Little Big Horn Mike O'Keefe,2012-11-20 Since the shocking news first broke in 1876 of the Seventh Cavalry s disastrous defeat at the Little Big Horn fascination with the battle and with Lieutenant George Armstrong Custer has never ceased Widespread interest in the subject has spawned a vast outpouring of literature which only increases with time This two volume bibliography of Custer literature is the first to be published in some twenty five years and the most complete ever assembled Drawing on years of research Michael O Keefe has compiled entries for roughly 3 000 books and 7 000 articles and pamphlets Covering both nonfiction and fiction but not juvenile literature the bibliography focuses on events beginning with Custer s tenure at West Point during the 1850s and ending with the massacre at Wounded Knee in 1890 Included within this span are Custer s experiences in the Civil War and in Texas the 1873 Yellowstone and 1874 Black Hills expeditions the Great Sioux War of 1876 77 and the Seventh Cavalry s pursuit of the Nez Perces in 1877 The literature on Custer the Battle of the Little Big Horn and the Seventh Cavalry touches the entire American saga of exploration conflict and settlement in the West including virtually all Plains Indian tribes the frontier army railroading mining and trading Hence this bibliography will be a valuable resource for a broad audience of historians librarians collectors and Custer enthusiasts      **Illinois Weekend Adventure Guide** ,2000      Hiking through
