## Montana Woman:

**The People's Governor and the Lady: William and Isabel Kilpatrick of Montana** Pasquale De Marco, 2025-07-24 William Kilpatrick Montana's first popularly elected governor and his wife Isabel were a dynamic duo who left an indelible mark on the state William's progressive policies and Isabel's tireless advocacy for social causes made them beloved figures during their time and beyond William Kilpatrick was born in Pennsylvania in 1841 He moved to Montana in 1863 and quickly became involved in the territory's political and economic development He served in the Montana Territorial Legislature and was a delegate to the state constitutional convention In 1889 he was elected as Montana's first governor As governor Kilpatrick implemented a number of progressive policies including the establishment of a state university a state normal school and a state reform school He also supported the development of Montana's infrastructure including the construction of roads and railroads Isabel Kilpatrick was born in Illinois in 1846 She married William Kilpatrick in 1867 Isabel was a strong advocate for women's rights and social justice She was a founding member of the Montana Woman Suffrage Association and served as its president for many years She also worked to improve the lives of Native Americans and immigrants The Kilpatricks were a devoted couple who shared a deep commitment to public service They worked tirelessly to make Montana a better place for all its citizens Their legacy continues to inspire Montanans today In this book you will learn about The lives and careers of William and Isabel Kilpatrick The challenges and triumphs of Montana's early years The Kilpatricks role in shaping Montana's history The legacy of the Kilpatricks in Montana and beyond This book is a must read for anyone interested in Montana history American history or the lives of two remarkable individuals If you like this book write a review *Women of the West* Max Binheim, Charles A. Elvin, 1928 **Winning the West for Women** Jennifer M. Ross-Nazzari, 2011 Lady like in her courtship of male support Emma Smith DeVoe would become one of the leaders of the suffragist movement during the turn of the 20th century stumping across the country organizing support raising money for the cause and the powerhouse in engineering the successful woman suffrage campaign for Washington State in 1910 Jennifer M Ross Nazzari is a historian at the NASA Johnson Space Center Houston Texas **Montana Vigilantes, 1863-1870** Mark C. Dillon, 2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s from a state Supreme Court justice and legal historian Historians and novelists alike have described the vigilantism that took root in the gold mining communities of Montana in the mid 1860s but Mark C Dillon is the first to examine the subject through the prism of American legal history considering the state of criminal justice and law enforcement in the western territories and also trial procedures gubernatorial politics legislative enactments and constitutional rights Using newspaper articles diaries letters biographies invoices and books that speak to the compelling history of Montana's vigilantism in the 1860s Dillon examines the conduct of the vigilantes in the context of the due process norms of the time He implicates the influence of lawyers and judges who like their non lawyer counterparts shaped history during the rush to earn fortunes in gold Dillon's perspective as

a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics constitutional issues corrupt law enforcement and the basic need of citizenry for social order This readable and well directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history law and criminal justice for years to come Justice Dillon s book reads like a Western Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in mining towns There are heroes villains shady characters and more than a few politicians businessmen lawyers and judges What sets Dillon s book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials sentences due process and procedures of the day And shed s grisly light on the details of the hangings Dillon s unique background as an attorney and judge and his downright dogged research are what makes this complex story so engaging The prose is clear crisp and gets to the point The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings Gregory Zenon Brooklyn Barrister Dillon s analysis of the vigilantes of Bannack Alder Gulch and Helena in Montana Territory is the most detailed insightful and legally nuanced yet produced This book is a model for historians to follow when dealing with 19th century criminal proceedings Establishing historical context includes examining the laws in books as well as the law in action Gordon Morris Bakken Great Plains Research

**The Female Frontier** Glenda Riley,1988 Examines in rich detail the daily lives of pioneer women Journal of American History Anyone interested in women s history and western history will want to read this Pacific Historical Review Copyright Libri GmbH All rights reserved *Press Portrayals of Women Politicians, 1870s-2000s* , Teri Finneman,2015-11-25 Recent history suggests the United States is within reach of its first woman president This book examines the media experiences of women political pioneers who helped pave the way to the breaking of the glass ceiling It analyzes newspaper treatment of four pioneering politicians between the 1870s and 2000s and explores how media discourse of women politicians has and hasn t changed over 150 years The women featured are Victoria Woodhull the first woman to run for president Jeannette Rankin the first woman elected to Congress Margaret Chase Smith the first woman to receive a presidential nomination at a major party s convention and Sarah Palin the first Republican woman vice presidential candidate The social political and journalistic cultures of each woman s era are also explored to provide context for the women s media coverage The findings illustrate that the press has used a variety of discursive strategies to delegitimize the candidacies of women politicians throughout history which might have contributed to negative voter attitudes toward women in politics Gendered stereotypes gendered news frames and double binds utilized in news coverage served to protect a male dominated status quo Yet a significant finding in Palin s coverage indicates that gender bias in news coverage is increasingly facing criticism suggesting the tide may finally be turning in favor of more equalized discourse
