**Montessori** Angeline Stoll Lillard, 2017

One hundred and ten years ago Maria Montessori the first female physician in Italy devised a very different method of educating children based on her observations of how they naturally learn In Montessori Angeline Stoll Lillard shows that science has finally caught up with Maria Montessori Lillard presents the research behind nine insights that are foundations of Montessori education describing how each of these insights is applied in the Montessori classroom In reading this book parents and teachers alike will develop a clear understanding of what happens in a Montessori classroom and more importantly why it happens and why it works Lillard explains the scientific basis for Montessori's system and the distinctions between practices in traditional Montessomething and authentic Montessori education Furthermore in this new edition she presents recent studies showing evidence that this alternative to traditional schooling does indeed make a difference Montessori is indispensable reading for anyone interested in teaching training or considering Montessori schooling in developmental psychology or in understanding about human learning and education overall

**Maria Montessori's Erdkinder** Ela Eckert, 2022-10

Adolescents need a school that is not a school This claim by Maria Montessori dating from the 1930s is increasingly shared today Consistently based on the developmental needs in adolescence Maria Montessori designed the concept of a Center for Study and Work in the Countryside for students aged 12-18 years which gives young people the opportunity to learn about the basic structures of production trade and services in a manageable transparent and at the same time protected setting through Practice Theory linked experiences The book presents the basics of Maria Montessori's

concept and gives through reports with practitioners and interviews with Montessori experts insights into authentic implementations of the Farm school concept and thus into a learning arrangement that allows young people a high degree of responsibility and participation and strengthens their commitment to a sustainable approach to natural resources and a peaceful way of living The book also addresses schools without a Farm school practice and shows ways of approaching crucial components of this authentic and highly topical concept

*Bringing Montessori to America* Gerald L. Gutek, Patricia A. Gutek, 2016-04 Bringing Montessori to America tells the little known story of the collaboration and clash between the indomitable educator Maria Montessori and the American publisher S S McClure over the launch of Montessori education in the United States

**America's Early Montessorians** Gerald L. Gutek, Patricia A. Gutek, 2020-09-05 This book traces the early history of the Montessori movement in the United States through the lives and careers of four key American women Anne George Margaret Naumburg Helen Parkhurst and Adelia Pyle Caught up in the Montessori craze sweeping the United States in the Progressive era each played a significant role in the initial transference of Montessori education to America and its implementation from 1910 to 1920 Despite the continuing international recognition of Maria Montessori and the presence of Montessori schools world wide Montessori receives only cursory mention in the history of education especially by recognized historians in the field and in courses in professional education and teacher preparation The authors in seeking to fill this historical void integrate institutional history with analysis of the interplay and tensions between these four women to tell this educational story in an interesting and often dramatic way
