Monteverdi His Life And Work:

Monteverdi Henry Prunières,1973-07-18 The object of the present volume is to combine the story of Monteverdi's life with a critical study of his works In spite of long and patient research in Italian archives it has been possible to add here relatively little new material to the biography of the Master On this subject all that matters has been published long since The investigations of Padre Caffi 1858 Padre Canal S Davari 1885 Angelo Solerti Ademollo Picenardi and Emilio Vogel have provided documents which permit of a complete reconstitution of the life of the great musician and it is in view of such a reconstitution that the author has considered Monteverdi as far as possible in relation to the artistic circle in which he moved among the composers contemporary to him and that the author has dwelt upon the life of the courts and cities in which Monteverdi's passionate life was lived in which his talent was formed and matured Foreword Monteverdi, His Life and Work Henry Prunières,1926

Reader's Guide to Music Murray Steib,2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 320 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology *Books for All* Providence Public Library (R.I.),1926

Lives of the Great Composers 3e Harold C Schonberg,1997-04 Schonberg brings the reader closer to an identification with the composers he discusses and thus closer to an understanding of their music The book consequently places more emphasis on biographical details and less upon technical analysis of the music **Studies in Sixteenth- and Seventeenth-Century Italian Sacred Music** Jeffrey Kurtzman,2024-10-28 Although he is often identified as a Monteverdi scholar Approaches to Monteverdi Aesthetic Psychological Analytical and Historical Studies published in the Variorum series in 2013 the majority of Jeffrey Kurtzman's work has focused on other sixteenth and seventeenth century Italian sacred music Organized into three sections part one begins with a chapter on the Monteverdi Mass and Vespers of 1610 which spotlights the other major work in Monteverdi's first prominent sacred print the Missa in illo tempore followed by examples of Kurtzman's work on the sacred music of other composers such as Giovanni Francesco Capello and Palestrina The section concludes with a piece on polyphonic psalm structures in seventeenth century Italian Office music Part two includes pieces which explore the relationship between the standard clef set the high clef set specific Magnificat tones and sounding pitch in the Magnificats of Roman composers the issue of polyphonic psalm antiphons and the question of vocal and instrumental substitutes for plainchant antiphons in the Vespers service and the use of instruments in the performance of sacred music demonstrating that the concertato style of the seventeenth century had its origins in the practice of substituting instruments for voices and doubling voices with instruments thereby introducing multifaceted possibilities for varying

sonorities through the course of a composition Part 3 contains two articles the first surveying various styles in the Office repertoire of the seventeenth century based on the approximately 1500 prints of Italian Office music in Kurtzman s and Anne Schnoebelen s catalogue of Mass Office and Holy Week Music Printed in Italy 1516 1770 The second article published for the first time in this volume assesses the impact on Italian liturgical music of the Catholic reform of the second half of the sixteenth century *Monteverdi* Henry Prunieres,2001-01-01 Musical News and Herald ,1925 Musical News ,1905 **The New Statesman** ,1926 The Publishers' Circular and Booksellers' Record ,1926 The Bookseller and the Stationery Trades' Journal ,1925 **Michigan Library Bulletin** Michigan State Library,1927 *Michigan Library Bulletin* ,1928 What to Read on the Evolution of Music Ernest Newman,1928 **The Open Shelf** ,1929 **Monteverdi's Musical Theatre** Lecturer in Music Royal Holloway and Bedford New College Tim Carter,Tim Carter,2002-01-01 Claudio Monteverdi 1567 1643 is well known as the composer of the earliest operas still performed today His Orfeo Il Ritorno d Ulisse in Patria and L incoronazione di Poppea are internationally popular nearly four centuries after their creation These seminal works represent only a part of Monteverdi s music for the stage however He also wrote numerous works that while not operas are no less theatrical in their fusion of music drama and dance This is a survey of Monteverdi s entire output of music for the theatre his surviving operas other dramatic musical compositions and lost works *Studies in Philology* ,1927 Reference Catalogue of Current Literature ,1928 **The Outlook** ,1926
