A Novel Andrew Nelson Lytle, 1958 **A Novel, a Novella, and Four Stories (Classic Reprint)** Andrew Lytle, 2017-02-06
Excerpt from A Novel a Novella and Four Stories Columbus not only shattered the narrow physical boundaries of Christendom but like all extension weakened it by reducing a union composite of spiritual and temporal parts to the predominance of material ends With us it is called pioneering and every part of the country was involved in it but even in this common inheritance we find distinct local differences The New England theocratic shift of the Mor mons was unlike the Southern cattleman s gradual advance from a semi pastoral stage to an agrarian society And there were those individuals the hunters who went alone or in small parties following an even more ancient impulse The general is always defined by the particular so even what we share together cannot escape expression in terms of local history and culture About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

more The Postmodern Short Story Farhat Iftekharrudin, Joseph Boyden, Mary Rohrberger, Jaie Claudet, 2003-12-30 Short stories are usually defined in terms of characteristics of modernism in which the story begins in the middle develops according to a truncated plot and ends with an epiphany This approach tends to ignore postmodernism a movement often characterized by a negation of objective reality where plots are seemingly abandoned surfaces are extraordinary and symbols turn inward on themselves This book examines postmodern forms and characteristic themes by analyzing a group of short stories that make use of postmodern narrative strategies including nonfictional fiction gender profiling and death as an image The volume begins with a discussion of the blurred lines between fiction and nonfiction in the short story and imaginative personal essay It then looks at the role of women in works by such authors as Sandra Cisneros Leslie Marmon Silko Joyce Carol Oates and Lorrie Moore This is followed by a section of chapters on postmodern masculinity and short fiction The next section focuses on death as an image and theme in works by Richard Ford Richard Brautigan and James Joyce The final set of chapters considers postmodern short fiction from South Africa and Canada *A History of Roman Literature (2 vols.)* M. von Albrecht, 2019-09-16 Michael von Albrecht's *A History of Roman Literature* originally published in German can rightly be seen as the long awaited counterpart to Albin Lesky's *Geschichte der Griechischen Literatur* In what will probably be the last survey made by a single scholar the whole of Latin literature from Livius Andronicus up to Boethius comes to the fore Literature is taken here in its broad antique sense and therefore also includes e g rhetoric philosophy and history Special attention has been given to the influence of Latin literature on subsequent centuries down to our own days Extensive indices give access to this monument of learning The introductions in Von Albrecht's texts together with the large bibliographies make further study both more fruitful and easy **An Ethics Beyond** Kevin Richard Kaiser, 2019-07-22 This study examines the fiction of contemporary American author George Saunders in terms of how it presents situations applicable to the chief notions of posthumanist ethics and how these conceptions concern nonhuman animals which are prevalent in his writing Posthumanist ethics can help us understand what is at play in Saunders's fiction Meanwhile his texts can help us understand what is at stake in posthumanist ethics This interdisciplinary project may be beneficial both to conceiving new notions of ethics that are more inclusive and more implicitly to understanding the relevance of Saunders's fiction to the current American sociocultural climate **The Mammoth Book of Best New Horror 16** Stephen Jones, 2012-03-01 The latest edition of the world's foremost annual showcase of horror and dark fantasy fiction Here are some of the very best short stories and novellas by today's finest exponents of horror fiction including Kim Newman Neil Gaiman China Miéville Paul McAuley Glen Hirshberg Ramsey Campbell and Tanith Lee The Mammoth Book of Best New Horror 16 also contains the most comprehensive overview of horror around the world during the year lists of useful contact addresses and a fascinating necrology It is the one book that is required reading for every fan of macabre fiction *New York Herald Tribune Book Review*, 1959 Quest Biography 35-Book Bundle Judith Fitzgerald, Michelle
