lift up your voice and sing
eternal hallelujahs
to Jesus Christ the King!
The hope of all who seek Him,
the help of all who find,
none other is so loving,
so good and kind.

O Christian O Jew:

O Christian! O Jew! Paul R. Carlson, 1974 **Gregory of Nyssa's Tabernacle Imagery in Its Jewish and Christian Contexts** Ann Conway-Jones, 2014-09-25 Integrating patristics and early Jewish mysticism this book examines Gregory of Nyssa's tabernacle imagery as found in *Life of Moses* 2:170-201. Previous scholarship has often focused on Gregory's interpretation of the darkness on Mount Sinai as divine incomprehensibility. However, true to Exodus, Gregory continues with Moses's vision of the tabernacle not made with hands received within that darkness. This innovative methodology of heuristic comparison doesn't strive to prove influence but to use heavenly ascent texts as a foil in order to shed new light on Gregory's imagery. Ann Conway Jones presents a well-rounded nuanced understanding of Gregory's exegesis in which mysticism, theology, and politics are intertwined. Heavenly ascent texts use descriptions of religious experience to claim authoritative knowledge. For Gregory, the high point of Moses's ascent into the darkness of Mount Sinai is the mystery of Christian doctrine. The heavenly tabernacle is a type of the heavenly Christ. This mystery is beyond intellectual comprehension; it can only be grasped by faith, and only the select few destined for positions of responsibility should even attempt to do so. **The Jews of Medieval Western Christendom** Robert Chazan, 2006-11-23 Between the years AD 1000 and 1500, western Christendom absorbed by conquest and attracted through immigration a growing number of Jews. This community was to make a valuable contribution to rapidly developing European civilisation but was also to suffer some terrible setbacks culminating in a series of expulsions from the more advanced westerly areas of Europe. At the same time, vigorous new branches of world Jewry emerged and a rich new Jewish cultural legacy was created. In this important historical synthesis, Robert Chazan discusses the Jewish experience over a 500-year period across the entire continent of Europe. As well as being the story of medieval Jewry, the book simultaneously illuminates important aspects of majority life in Europe during this period. This book is essential reading for all students of medieval Jewish history and an important reference for any scholar of medieval Europe.

Jewish Ways of Following Jesus Edwin Keith Broadhead, 2010 In this study, Edwin K. Broadhead's purpose is to gather the ancient evidence of Jewish Christianity and to reconsider its impact. He begins his investigation with the hypothesis that groups in antiquity who were characterized by Jewish ways of following Jesus may be vastly underrepresented, misrepresented, and undervalued in the ancient sources and in modern scholarship. Giving a critical analysis of the evidence, the author suggests that Jewish Christianity endured as an historical entity in a variety of places in different times and in diverse modes. If this is true, a new religious map of antiquity is required. Moreover, the author offers a revised context for the history of development of both Judaism and Christianity and for their relationship. *The History of Christianity from the Birth of Christ to the Abandonment of Paganism in the Roman Empire*, 2 Henry Hart Milman, 1867 [A Guide to Early Jewish Texts and Traditions in Christian Transmission](#) Gabriele Boccaccini, Lorenzo DiTommaso, David Hamidovic, Michael E. Stone, 2019-10-14 The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic

religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaean and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity

The Jews of Denmark in the Holocaust Silvia Tarabini Fracapane, 2020-12-29 Based on never previously explored personal accounts and archival documentation this book examines life and death in the Theresienstadt ghetto seen through the eyes of the Jewish victims from Denmark How was it in Theresienstadt Thus asked Johan Gr n rhetorically when he in July 1945 published a short text about his experiences The successful flight of the majority of Danish Jewry in October 1943 is a well known episode of the Holocaust but the experience of the 470 men women and children that were deported to the ghetto has seldom been the object of scholarly interest Providing an overview of the Judenaktion in Denmark and the subsequent deportations the book sheds light on the fate of those who were arrested Through a micro historical analysis of everyday life it describes various aspects of social and daily life in proximity to death In doing so the volume illuminates the diversity of individual situations and conveys the deportees perceptions and striving for survival and normality Offering a multi perspective and international approach that places the case of Denmark into the broader Jewish experience during the Holocaust this book is invaluable for researchers of Jewish studies Holocaust and genocide studies and the history of modern Denmark

The Relation of the Jewish Christians to the Jews in the First and Second Centuries F. H. Reichardt, 1884

Christian Jewish Relations 1000-1300 Anna Sapir Abulafia, 2014-05-22 The history of relations between Jews and Christians has been a long complex and often unsettled one yet histories of medieval Christendom have traditionally paid only passing attention to the role played by Jews in a predominantly Christian society This book provides an original survey of medieval Christian Jewish relations encompassing England Spain France and Germany and sheds light in the process on the major developments in medieval history between 1000 and 1300 Anna Sapir Abulafia s balanced yet humane account offers a new perspective on Christian Jewish relations by analysing the theological socio economic and political services Jews were required to render to medieval Christendom The nature of Jewish service varied greatly as Christian rulers struggled to reconcile the desire to profit from the presence of

Jewish men and women in their lands with conflicting theological notions about Judaism Jews meanwhile had to deal with the many competing authorities and interests in the localities in which they lived their continued presence hinged on a fine balance between theology and pragmatism The book examines the impact of the Crusades on Christian Jewish relations and analyses how anti Jewish libels were used to define relations Making adept use of both Latin and Hebrew sources Abulafia draws on liturgical and exegetical material and narrative polemical and legal sources to give a vivid and accurate sense of how Christians interacted with Jews and Jews with Christians
