Professional Journal of the United States Army ,1990 *Review of Current Military Literature* ,1990 **Military Review** ,1990-07 **Red Thrust** Steve Zaloga,1989 **Power, Threat, Or Military Capabilities** Carmel

Davis,2011-11-16 *Power Threat or Military Capabilities* assesses two mainstays of international relations balance of power and balance of threat using the case of US balancing against the Soviet Union in the later Cold War It also proposes balance of military capabilities which uses offense defense theory to argue that countries balance against the ability of others to conquer or compel them *Power Threat or Military Capabilities* finds that the US was more powerful than the Soviet Union so US behavior is not explained by balance of power The US did not perceive the Soviet Union as likely to initiate war or to run risks that might lead to war so US behavior is not explained by balance of threat This book determines that the US was concerned about its ability to defend Europe and the Persian Gulf so US behavior is explained by balance of military capabilities *ADA.* ,1990-07 **Cold War Gone Hot** Ambush Alley Ambush Alley Games,2011-11-20 My fellow Americans I m pleased to tell you today that I ve signed legislation that will outlaw Russia forever We begin bombing in five minutes Ronald Reagan 1984 With these words spoken as a sound check to a radio broadcast President Reagan came dangerously close to igniting the long simmering Cold War Although Soviet forces were placed on alert following reports of this comment the full scale conflict between the West and the Soviet Bloc did not break out *Cold War Gone Hot* the latest companion volume for *Force on Force* looks at the 44 year history of the Cold War and asks what if With the orders of battle vehicle stats and missions included in this volume *Force on Force* players can simulate the advance of Soviet tanks across Western Europe a thrust into Alaska or any number of other plausible scenarios where history took a slightly different path **Air**

punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties Armies of Sand Kenneth M Pollack s powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945

Arms Diffusion Thomas W. Zarzecki, 2018-12-20 Weapons proliferation is one of the most pressing global concerns following the end of the Cold War Despite the absence of an overarching superpower conflict armaments and related technologies have continued to spread throughout the international system This has been particularly true in areas like East Asia and the Middle East where the traditional two
