Doing Time in the Depression Ethan

Blue,2014-11-22 As banks crashed belts tightened and cupboards emptied across the country American prisons grew fat Doing Time in the Depression tells the story of the 1930s as seen from the cell blocks and cotton fields of Texas and California prisons state institutions that held growing numbers of working people from around the country and the world overwhelmingly poor disproportionately non white and displaced by economic crisis Ethan Blue paints a vivid portrait of everyday life inside Texas and California s penal systems Each element of prison life from numbing boredom to hard labor from meager pleasure in popular culture to crushing pain from illness or violence demonstrated a contest between keepers and the kept From the moment they arrived to the day they would leave inmates struggled over the meanings of race and manhood power and poverty and of the state itself In this richly layered account Blue compellingly argues that punishment in California and Texas played a critical role in producing a distinctive set of class race and gender identities in the 1930s some of which reinforced the social hierarchies and ideologies of New Deal America and others of which undercut and troubled the established social order He reveals the underside of the modern state in two very different prison systems and the making of grim institutions whose power would only grow across the century

Journeyman's Road Adam

Gussow, 2007 *Journeyman's Road* offers a bold new vision of where the blues have been in the course of the twentieth century and what they have become at the dawn of the new millennium a world music rippling with postmodern contradictions. Author Adam Gussow brings a unique perspective to this exploration. Not just an award-winning scholar and memoirist, he is an accomplished blues harmonica player, a Grammy award nominee and veteran of the international club and festival circuit. With this unusual depth of experience, Gussow skillfully places blues literature in dialogue with the music that provokes it, vibrantly articulating a vital American tradition. At the heart of Gussow's story is his own unlikely yet remarkable streetside partnership with Harlem bluesman Sterling "Mr. Satan" Magee, a musical collaboration marked not just by a series of polarities, black and white, Mississippi and Princeton, hard-won mastery and youthful apprenticeship, but by creative energies that pushed beyond apparent differences to forge new dialogues and new sounds. Undercutting familiar myths about the down-home sources of blues authenticity, Gussow celebrates New York's mongrel blues scene: the artists, the jam sessions, the venues, the street performers and the eccentrics. At once elegiac and forward-looking, *Journeyman's Road* offers a collective portrait of the New York subculture struggling with the legacy of 9/11 and healing itself with the blues. **Music Trades**, 1921

A Blues Bibliography Robert Ford, 1999 *A Blues Bibliography* Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999. In addition to biographical references, this work includes entries on the history and background of the blues, instruments, record labels, reference sources, regional variations, and lyric transcriptions and musical analysis. *The Blues Bibliography* is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars.

Encyclopedia of Great Popular Song Recordings Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings* Volumes 1 and 2 covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime, with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s, rhythm and blues, the rock and roll era, the British invasion, and the folk rock movement of the 1960s, and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories: from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety and anyone wishing to learn more.

about the roots of virtually all the music we hear today Popular music fans as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting **Red Hot and Blue** Stanley Booth,2019-05-07 This collection of over fifty years of writing about the South and its music by Stanley Booth one of the undisputedly great chroniclers of the subject is a classic essential read Booth s close contacts with many of the musicians he writes about provide a gateway to truly understanding the music and culture of Memphis and other blues strongholds in the South Subjects include Elvis Presley Otis Redding William Eggleston Ma Rainey Blind Willie McTell Graceland Beale Street and much more
