Rediscovering The Triune God The Trinity In Contemporary Theology:

Rediscovering the Triune God Stanley James Grenz, 2004 The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God's trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God's inner life vs God's relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God's trinitarian life figures in evolution social justice and spirituality Grenz's Introduction place this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology

Rediscovering the Triune God Stanley J. Grenz, 2014 Theologian Stanley Grenz here tells the story of trinitarian theology in the last century He analyzes the remarkable ferment in the discipline and discusses key theologians on such issues as God's inner life versus God's relationship to creation immanent and economic trinity social versus psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God's trinitarian life figures in evolution social justice and spirituality

The Cambridge Companion to the Trinity Peter C. Phan, 2011-06-30 This Companion explores how the Christian doctrine of the Trinity has been understood and articulated in the last two thousand years The Trinitarian theologies of key theologians are carefully examined and the doctrine of the Trinity is brought into dialogue with different religions as well as with other Christian beliefs

An Introduction to the Trinity Declan Marmion, Rik van Nieuwenhove, 2011 This book introduces the main people and themes in the history of Trinitarian theology and analyses recent alternative readings of the tradition

Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the

church's belonging in community **Canadian Pentecostals, the Trinity, and Contemporary Worship Music** Michael A. Tapper, 2017-05-08 This volume offers a landmark analysis of the trinitarian impulses in contemporary worship music used by the Pentecostal Assemblies of Canada PAOC It considers whether the lyrics from the most commonly used PAOC songs are consistent with this Evangelical group's trinitarian statement of faith Colin Gunton's trinitarian theology provides the theological rationale for eight original and qualitative content analyses of these songs Three major areas are considered the doctrine of God human personhood and cosmology Making use of Gunton's notions of relationality particularity and perichoresis along with several key Pentecostal scholars this book serves as a helpful descriptive and prescriptive theological resource for the dynamic practice of a trinitarian faith The Trinitarian Theology of Stanley J. Grenz Jason S. Sexton, 2013-09-12 Exploring one of the most controversial figures in recent evangelical theology this book thoroughly examines core features of Stanley J Grenz's Trinitarian vision **The God Who Is Triune** Allan Coppedge, 2007-10-01 The triunity of the Christian God is not just one isolated doctrine among others Allan Coppedge draws out the implications for our understanding of God's nature attributes roles relationship to creation and providence *A Virtue Ethical View of Trinitarian Sanctification* Ronald M. Rothenberg, 2014-07-02 The thesis of this book is that virtue ethics is key to understanding Trinitarian progressive sanctification The thesis is supported by four reasons why virtue ethics is key to understanding Trinitarian progressive sanctification 1 the Trinity virtue ethics and sanctification are historically and conceptually interconnected in the tradition and Scripture 2 virtue ethics based on metaphysical realism is the most biblically consistent ethical framework for Trinitarian progressive sanctification 3 Jesus' active roles as a teacher and example of virtue play an important part in Trinitarian sanctification and 4 Jesus' priestly heavenly intercession aimed at manifesting virtue in believers is crucial to understanding how the Trinity progressively sanctifies believers The active roles of Jesus in sanctification ordered by the Triune premise indicate that the Trinity sanctifies such that 1 the value having its source from the Father is revealed through the teaching of the Son to motivate believers who are empowered to be motivated by the Spirit 2 the character that is from the Father is revealed through the Son's example that is to be imitated by the believer through habituation and reciprocity by the Spirit's leading and 3 believers are led by the Spirit's intercession into prayer Rom 8:14, 16, 26, 27 to be helped through the Son's priestly intercession in order to receive an answer from the Father with the aim of manifesting the virtues of endurance and hope in the lives of believers **Revisioning, Renewing, Rediscovering the Triune Center** Derek J. Tidball, Brian S. Harris, Dr Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz's theology Trinity community eschatology and the key sources from which he drew for theology's construction Scripture tradition culture While engaging

key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

Christian Understandings of the Trinity Veli-Matti Karkkainen, 2017-06-15 In this creative approach to the doctrine of the Trinity author Veli Matti Karkkainen focuses on keeping a dynamic balance between the intellectual doctrinal and spiritual charismatic approaches as parallel avenues towards theological understanding His narrative approach draws on direct quotations from key historical theologians to increase appreciation of their theological wisdom and to encourage students to dig further into this rich spiritual wellspring Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs The Christian Understandings series is an exciting new series that seeks to illuminate precisely these questions The short concise volumes in the Christian Understandings series orient and fill in the gaps for readers as they dive into the exciting and stimulating story of Christian thought

Trinitarian Theology after Barth Myk Habets, Phillip Tolliday, 2012-05-31 Drawing together scholars whose essays exhibit work after Barth in engaging the doctrine of the Trinity and its related themes Barth's thought as evidenced amongst his most expert commentators allows for a variety of interpretations the details of which are being hammered out on the pages of academic journals and volumes such as this one It is this variety of responses to and interpretations of Barth's theology that gives such vibrancy to the essays in this volume by seasoned Barth scholars and voices new to the conversation

The New Evangelical Subordinationism? Dennis W. Jowers, H. Wayne House, 2012-08-16 Whether and in what sense the Son of God might eternally submit to his Father's will is a question that has ignited a firestorm of controversy in today's evangelical academy On one side stand those who regard the affirmation of any inequality whatsoever in the Godhead as a revival of ancient subordinationism On the other stand persons who consider the Son functionally subordinate to the Father even within the immanent Trinity without respect to the Incarnation and regard their belief as integral to historic orthodoxy Many evangelicals moreover view the issue of subordination within the Trinity as pivotal to contemporary disputes about the role of women in church home and state If the relations of the divine persons constitute a paradigm for human life persons on all sides of the gender question argue human relations ought to reflect either the divine persons' exceptionless equality or their orderly differentiation of roles At the same time others consider the issues of equality in the Trinity and gender relations irrelevant to each other and accuse both complementarians and evangelical feminists of degrading the doctrine of the Trinity into a partisan weapon The New

Evangelical Subordinationism gathers commentary on evangelical debates about equality and subordination in the Trinity from representatives of the gamut of perspectives just mentioned Here evangelical theologians biblical scholars and church historians of widely differing theological orientations address themselves to the panoply of questions raised by these debates This volume unprecedented in the breadth and depth of its coverage of the controversy over subordination in the Trinity should become a standard source for teaching and research on its subject Network Church Andy Lord,2012-03-19

Drawing on pentecostal experience of growing church networks this book offers a systematic ecclesiology that provides a fresh approach to catholicity church structures partnership and contextualisation Beyond Old and New Perspectives on Paul Chris Tilling,2014-05-05 New Testament studies are witnessing many exciting developments And Douglas Campbell s groundbreaking publications are an important contribution to future discussions relating to Paul Familiar problems relating to justification old and new perspectives and much more besides have been tackled in fresh and exciting ways setting down challenge after challenge to all those involved in Pauline studies Campbell s publications therefore demand serious engagement This book seeks to facilitate academic engagement with Campbell s work in a unique way It contains numerous chapters critiquing his proposals while others summarize the key themes succinctly But it also contains Campbell s own response to the reception of his work allowing him space to outline how his thinking has developed In so doing this work allows readers to be drawn into a vitally important conversation It is academic theology in the making and constitutes the cutting edge of Pauline studies **Forming Leaders for the Public Church** Samuel Yonas Deressa,Mary Sue

Dreier,2023-03-27 These challenging times demand that Christian churches and their leaders faithfully and effectively address diverse global situations with Gospel rooted compassion and justice These essays argue that public theology provides the trinitarian theological framework which fuels wise and compassionate public participation in God s mission within the world today Public church leaders from the Global South and Global North join their voices to explore the global implications of public theology within unique situational particularities Their essays are principally based on the public theology and theological commitments of Gary M Simpson Lutheran pastor and systematic theologian Simpson s public theology is an intersection of Lutheran theology post colonial approaches to missiology the growing field of congregational studies and the Civil Society turn in Critical Social Theory Expanding on various aspects of Simpson s public theology these essays provide a glimpse of newly emerging global public theology with leadership implications for twenty first century contexts This book calls the church to bear today s multi dimensional crises with courage mutuality and cooperation Congregations who seek to participate in God s mission by confronting these challenging realities will find encouragement through the theological reflections first hand experiences and innovative public leadership narrated in these essays **Beyond Evangelicalism** Steven Knowles,2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning

of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world. Advocating a nonfoundationalist methodology, Grenz attempts to reposition evangelical theology in line with postmodern concerns. This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done. An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes. A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism. This will be the first book-length treatment on Grenz's work on theological methodology and therefore will break new ground in this important area of study. **Reforming the Doctrine of God** F.

LeRon Shults, 2005-11. Linking traditional attributes of God with contemporary philosophy. F. LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God's omniscient faithfulness, omnipotent love, and omnipresent hope. Relational Christianity Wesley M. Pinkham, 2022-06-21. This work begins with a transformative idea: human

existence is fundamentally relational. Relational Christianity explores how the nature of the Trinity must define the Church and the Christian spiritual life. Utilizing Scripture, Christian spiritual tradition, and philosophy, Pinkham and Gruenberg paint the picture of a Trinitarian, Jesus-centered Christianity led by the Father and explored in interpersonal oneness. In this view, God's intimate unifying love is the theological river that runs through the landscape of biblical revelation and through God's movement in history. This work of Trinitarian practical theology suggests that the relation between Father, Son, and Spirit should shape and guide all Christian interactions with God, with others, and with self. In the paradigm of relational Christianity, the formation of genuine personhood and identity are based upon relational connections: first with the Trinity and second with God's family. The shape of the new covenant community must reflect the Father's nature. Church culture must prioritize relationship in the same way the Trinity does. **Starting with the Spirit** Myk Habets, Gregory J. Liston, 2024-08-22.

Trinitarian in its foundation, pneumatological in its impetus, and comprehensive in its scope. Third Article Theology (TAT) is both a method and a theology. As a method, TAT intentionally views reality through the lens of the Spirit. As a theology, the insights that arise from an approach that prioritizes pneumatology are deep and rich, offering a penetrating vision into today's central and defining theological issues. This volume introduces the reader to the methodology of TAT and some of the many theological insights that have arisen from its utilization. Further, it provides the tools and techniques to invite and inform the reader to participate in the efficient and pastoral exercise of viewing reality from a pneumatological perspective to catch a vision of the world as infused with the power, presence, and potential of the Spirit and to lead their lives accordingly. Designed for classroom use, it includes several pedagogical features such as case studies engaging with critical areas of contemporary concern.
