Whenever They Prayed Rodney A. Werline, 2021-10-11 In *Whenever They Prayed* Dimensions of New Testament Prayer Rodney A Werline shifts the scholarly approach to New Testament prayer from source and genre analyses to seeing prayer as a cultural practice bringing new dimensions of the prayers to light Assisted by ritual theorists such as Catherine Bell Pierre Bourdieu Talal Assad and Roy Rappaport Werline illuminates the genius of the New Testament authors and the members of their communities Through years of embodied practice these authors and members acquired an aptitude that humans uniquely possess the ability through ritual practice to navigate and maintain their relationships with one another and together with their God Werline especially focuses on how their actions brought cultural memory to life assisted in receiving revelations protected them from demonic powers and established and fulfilled their obligations to one another and to that God The full import of these observations however is not possible without placing the prayers within their Second Temple Jewish context Jewish prayers outside the New Testament should not function as mere background but as evidence of a grand cultural enterprise taking place in which members of the early church actively participated

Rediscovering New Testament Prayers Koenig, Paul's Emotional Regime Ian Y. S. Jew, 2020-10-15 In his letters Paul speaks often of his emotions and also promotes certain feelings while banishing others This indicates that for Paul emotion is vital However in New Testament studies the study of emotions is still nascent current research in the social sciences highlights its cognitive and social dimensions Ian Y S Jew combines rigorous social scientific analysis and exegetical enquiry to argue that emotions are intrinsic to the formation of the Pauline communities as they encode belief structures and influence patterns of social experience By taking joy in Philippians and grief in 1 Thessalonians as representative emotions and contrasting Paul s approach with that of his Stoic contemporaries Jew demonstrates that authorized feelings have socially integrating and differentiating functions by reinforcing the shared

theological realities upon which emotional norms are based group belonging is bolstered Simultaneously authorized emotions fortify the theological boundaries between Christians and others which strengthens group solidarity in the Church by accentuating its members insider status Using this framework heuristically Jew explores how the interplay of symbolic ritual and social elements within Paul s eschatological worldview reinforces emotional norms and demonstrates that attention to emotion can only deepen our understanding of the social formation of the early believers

H. Newman, 2008-12-10 During the past few decades a great amount of scholarly work has been done on the various prayer cultures of antiquity both Graeco Roman and Jewish and Christian In Jewish studies this burgeoning research on ancient prayer has been stimulated particularly by the many new prayer texts found at Qumran which have shed new light on several long standing problems The present volume intends to make a new contribution to the ongoing scholarly debate on ancient Jewish prayer texts by focusing on a limited set of prayer texts scilicet a small number of those that have been preserved only in Greek Jewish prayers in Greek tend to be undervalued which is regrettable because these prayers shed light on sometimes striking aspects of early Jewish spirituality in the centuries around the turn of the era In this volume twelve such prayers have been collected translated and provided with an extensive historical and philological commentary They have been preserved on papyrus on stone and as part of Christian church orders into which some of them have been incorporated in a Christianized form For that reason these prayers are of great interest to scholars of both early Judaism and ancient Christianity *The Living Church*, 1998 **Liturgical Time and Space** Anscar J.
