Stockdale, 2007-05-25 The exciting captivating exploits of a Virginia farm girl's quest for fame and fortune She shared a secret with her Uncle that could destroy both their lives and their family As they separately climbed the social ladder of Washington D C they found themselves entangled in a web of murder deception disappearances and dirty politics They had unwittingly become major players in a blood bath that would shake the Capitol to

its very foundation and alter history forever The path to the White House and First Lady lay before her but like Appian Way was lined with the bodies of family friends and acquaintances She had two ways to go fame and fortune or love with happiness they both had their price Was the price too high either way she could face rejection prison or even death row Was her dream to become her nightmare or was it to exceed her wildest expectations A web that enveloped her was a complicated maze of deception and choices A wrong choice could be costly causing her to forfeit her freedom or even her life **Redrum Reversed** Elina Martin,2012-05-10 A long distant relative plans and saves plenty of cash to visit his relatives with the hope of marrying a baby relative and promises to raise the baby himself with the hope of becoming her husband the minute she reaches marrying age War begins with the biological parents read on please I hope you will enjoy reading this book and may ALMIGHTY GOD richly bless you Justice Miscarried Helena Katz,2011-06-14 Former bank manager Ronald Dalton never got to watch his three young children grow up In 1989 he was convicted for a crime that never happened His wife Brenda was later ruled to have choked to death on breakfast cereal not strangled as a pathologist had initially claimed Dalton s daughter Alison was in kindergarten when he was charged with second degree murder in 1988 He attended her high school graduation on June 26 2000 two days after his conviction was finally overturned Behind the proud facade of Canada s criminal justice system lie the shattered lives of the people unjustly caught within its web Justice Miscarried tells the heartwrenching stories of twelve innocent Canadians including David Milgaard Donald Marshall Guy Paul Morin Clayton Johnson William Mullins Johnson and Thomas Sophonow who were wrongly convicted and the errors in the nations justice system that changed their lives forever *Forever Loved: Exposing the hidden Crisis of Missing and Murdered Indigenous Women and Girls in Canada* Lavell Memee.D Harvard,2016-05-01 The hidden crisis of missing and murdered Indigenous women and girls in Canada is both a national tragedy and a national shame In this ground breaking new volume as part of their larger efforts to draw attention to the shockingly high rates of violence against our sisters Jennifer Brant and D Memee Lavell Harvard have pulled together a variety of voices from the academic realms to the grassroots and front lines to speak on what has been identified by both the Inter American Commission on Human Rights and the United Nations as a grave violation of the basic human rights of Aboriginal women and girls Linking colonial practices with genocide through their exploration of the current statistics root causes and structural components of the issue including conversations on policing media and education the contributing authors illustrate the resilience strength courage and spirit of Indigenous women and girls as they struggle to survive in a society shaped by racism and sexism patriarchy and misogyny This book was created to honour our missing sisters their families their lives and their stories with the hope that it will offer lessons to non Indigenous allies and supporters so that we can all work together towards a nation that supports and promotes the safety and well being of all First Nation Metis and Inuit women and girls *Criminal Investigative Failures* D. Kim Rossmo,2008-12-15 Avoid Major Investigative Traps What causes competent and dedicated investigators to make avoidable mistakes jeopardizing the

Real Justice: Guilty of Being Weird Cynthia J. Faryon, 2012-09-12 At twenty four Guy Paul Morin was considered a bit strange He still lived at home drove his parents car kept bees in the backyard and grew flowers to encourage the hives He played the saxophone and clarinet in three bands and loved the swing music of the 1940s In the small Ontario town where he lived this meant Guy Paul stood out So when the nine year old girl next door went missing the police were convinced that Morin was responsible for the little girl s murder Over the course of eight years police manipulated witnesses and tampered with evidence to target and convict an innocent man It took ten years and the just developed science of DNA testing to finally clear his name This book tells his story showing how the justice system not only failed to help an innocent young man but conspired to convict him It also shows how a determined group of people dug up the evidence and forced the judicial system to give him the justice he deserved Distributed in the U S by Lerner Publishing Group

Sooner Or Later, They'll Turn on You! - Selected Songs & Poems - 2013-2014 Trevor Patrick, 2014-08-11 The next stop along a poetic journey which began with Shattered Images and continued with The Problem With Revolution the overarching theme of Sooner or Later They ll Turn on You is one of betrayal We betray our family we betray our so called friends we betray those who care about us we betray our community our society and our nation but most of all we betray our own ethics and beliefs Worst of all is that betrayal doesn t always go to the highest bidder Sometimes the greatest betrayals are bought and sold for worthless trinkets and empty promises

The Genetic Imaginary Neil Gerlach, 2004-01-01 DNA testing and banking has become institutionalized in the Canadian criminal justice system As accepted and widespread though the practice is there has been little critique or debate of this practice in a broad public forum on the potential infringement of individual rights or civil liberties Neil Gerlach s The Genetic Imaginary takes up this challenge critically examining the social legal and criminal justice origins and effects of DNA testing and banking Drawing on risk analysis Gerlach explains why Canadians have accepted DNA technology with barely a ripple of public outcry Despite promises of better crime control and protections for existing privacy rights Gerlach s examination of police practices courtroom decisions and the changing role of scientific expertise in legal decision making reveals that DNA testing and banking have indeed led to a measurable erosion of individual rights Biogovernance and the biotechnology of surveillance almost inevitably lead to the empowerment of state agent control and away from due process and legal protection The Genetic Imaginary demonstrates that the overall effect of these changes to the criminal justice system has been to emphasize the importance of community security at the expense of individual rights The privatization and politicization of biogovernance will certainly have profound future implications for all Canadians
