letters and memoirs the voices of this remarkable book tell a new story of life arriving amidst a turbulent world Before the Plunket Society before antibiotics before safe Caesarean sections and registered midwives nineteenth century birthing practice in New Zealand was typically determined by culture not nature or the state Alison Clarke works from the heart of this practice presenting a history balanced in its coverage of social and medical contexts Connecting these contexts provides new insights into the same debates on childhood from infant feeding to maternity care that persist today Tracing the experiences of M ori and P keh birth ways this richly illustrated story remains centered throughout on birthing women their babies and families this is their history
