Fish Count Crossing Geographic Boundaries

The Great Annual Fish Count celebrated its 10th year with great success! The 2002 GAFCC included over 90 seminars and 300 scheduled dive events throughout REEF's survey regions. With increased international interest over the past few years, REEF changed the name of the Great American Fish Count to the Great Annual Fish Count and events took place throughout the US, British Columbia, Ontario, Cozumel, Gulf of California, Jamaica, Belize, Honduras, Bermuda, Bonaire, Bahamas, Turks and Caicos, and the Cayman Islands. This year's Fish Count truly grew into an international event with the Living Oceans Society emerging as an international leader as volunteers in British Columbia participated in 11 seminars and 33 scheduled dives.

Bob Michelson, Leda Cunningham, Chris Ostrom, Alex Scora, and Peter Mack before a GAFCC survey dive at Old Garden Beach in Rockport, Mass.

Created as a companion to the fish-monitoring program in the Pacific Northwest region, the Living REEF Project featured an invertebrate monitoring program. Thanks to the Living REEF Project, invertebrate surveys were included as part of the GAFCC for the first time this year. "We found it very exciting to be involved in the GAFCC this year. It has definitely raised the profile of the Living REEF

Project in British Columbia, helped to involve new divers and reinvigorated previously trained volunteers," said Dana Haggarty, Living REEF Project Coordinator. "Our involvement in the GAFCC has also strengthened the partnership between Living Oceans Society and REEF."

Events to celebrate the GAFCC 10-year milestone included: a digital photo contest with NOAA's National Marine Sanctuaries, a kick-off event with the Channel Islands National Marine Sanctuary, a 10-year anniversary celebration with the Sealwagen Bank National Marine Sanctuary, and a closing event in Key West, Florida with the Florida Keys Community College Scuba Club and Artificial Reefs of the Keys (ARK).

To honor the founder of the Great American Fish Count, Dr. Gary Davis, the kick-off event took place in Santa Barbara, CA with the Channel Islands National Marine Sanctuary. Ten years ago, the Great American Fish Count was only an idea by Channel Islands Park biologist Dr. Gary Davis. It became a reality when he

Wehrtmann, Jorge Cortés, 2008-12-28 Life began in the sea and even today most of the deep diversity of the planet is marine This is often forgotten especially in tropical countries like Costa Rica renowned for their rain forests and the multitude of life forms found therein Thus this book focusing on marine diversity of Costa Rica is particularly welcome How many marine species are there in Costa Rica The authors report a total of 6 777 species or 3 5% of the world's total Yet the vast majority of marine species have yet to be formally described Recent estimates of the numbers of species on coral reefs range from 1 9 million so that the true number of marine species in Costa Rica is certainly far higher In some groups the numbers are likely to be vastly higher because to date they have been so little studied Only one species of nematode is reported despite the fact that it has been said that nematodes are the most diverse of all marine groups In better studied groups such as mollusks and crustaceans reported numbers are in the thousands but even in these groups many species remain to be described Indeed the task of describing marine species is daunting if there really are about 9 million marine species and Costa Rica has 3 5% of them then the total number would be over 300 000 Clearly so much remains to be done that new approaches are needed Genetic methods have enormous promise in this regard *Information Industry Directory*, 1974 Comprehensive directory of databases as well as services involved in the production and distribution of information in electronic form There is a detailed subject index and function service classification as well as name keyword and geographical location indexes **Fisheries Review**, 1995 *Title 15, Commerce and trade to Title 25, Indians* United States, 1991 **John McCain** Robert Timberg, 2007-09-18 From the Naval Academy to the POW camps of Vietnam to Capitol Hill and possibly to the White House one of America's most remarkable men In 1998 at the dedication of the National Prisoner of War Museum in Andersonville Georgia former Attorney General Griffin Bell a Democrat introduced Senator John McCain the featured speaker and a Republican with these words We often hear people now say where are our heroes where have all our heroes gone Well Senator McCain is an authentic living American hero So begins Robert Timberg's gripping and penetrating biography of Senator John McCain the man who may someday be President of the United States In John McCain

An American Odyssey Timberg provides a riveting account of McCain s remarkable life from his rambunctious childhood and his madcap escapades as a U S Naval Academy midshipman to his grim experiences as a combat pilot and POW in Vietnam where he was held prisoner by the North Vietnamese for five and a half years Most importantly the author illuminates Senator McCain s postwar evolution into one of our country s most distinguished political leaders and a formidable presidential candidate Inspired by the success of The Nightingale s Song selected by The New York Times as a Notable Book of the Year in 1995 and by Time as one of that year s five best nonfiction books John McCain An American Odyssey probes more deeply into the life of this hugely colorful straight talking American original It is a rich and captivating portrait of one of America s most fascinating and provocative public figures a man who has captured the imagination of millions of Americans and who will continue to be a most prominent figure on the American political landscape Catalogue of the Library of the Peabody Institute of the City of Baltimore N.
