Patterns of Bias in Hollywood Movies John W. Cones, 2012 It s pretty broadly recognized that Hollywood movies contain patterns of bias but it s not just people of color or women who are hurt by this Many groups within America s multicultural society have complained over the years about negative and stereotypical portrayals of their own group members in motion pictures produced or released through the Hollywood based studios Yet as an expert on the U S film industry points out such complaints have had little impact on consistent patterns of bias in movies This book takes a broader look at the nature of negative and stereotypical movie portrayals and tracks patterns of such one sided depictions over a longer period time As a result the patterns of bias and the source the problem become more clear The problem appears be that most of the people who have green light authority in the U S film industry for either the production and or distribution of a motion picture share a common ethnic religious cultural background Thus the stories of their cohort and those of all other ethnic religious and or cultural groups whose members seldom achieve positions of power Hollywood are being filtered through the cultural sensibilities of a single group John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U S film industry This work grew out of the observed frustration of film industry critics who have pointed out examples of bias and stereotyping in specific movies over the years only to be rebuffed by the simplistic studio arguments that such films reflect the real world and that moviegoers vote with their pocket books It can be shown that there is a consistent pattern to the choices Hollywood studio executives make with respect to the movies

produced and released and the specific content of those movies and it becomes obvious that Hollywood is selectively portraying reality. Moviegoers only have limited options among all of the possibilities that could be portrayed on the silver screen. This book differs from other studies touching on bias in motion pictures. Most such books focus on the treatment of a single ethnic, religious, cultural, racial, or other readily identifiable interest group, but this study attempts to provide an overview and to identify patterns over time. When the patterns of bias in motion picture content are sufficiently demonstrated and documented, it becomes easier to identify the source of the bias and to explain why such bias exists. Dictionary of Film Finance and Distribution John W. Cones, 2013. This dictionary is an aid to anyone involved in seeking to finance a feature film project, especially independents. It covers terms used in film production and distribution, marketing, accounting, insurance, securities, corporate structures, and general financial arenas. All of the principal forms of feature film finance are covered, including studio distributors, production companies, lending institutions, co-financing, pre-sales, grants, foreign, and passive investor financing involving the sale of a security. **Educational Film Magazine**, 1921.

Around us, there are hints that there is a way of life vastly richer and deeper than all this hurried existence: a life unhurried, serene, and peaceful, and powerful. A life where we see all that is sacred. It seems the more we pack into our lives, the less we experience of our lives. We've become modern-day Marthas: busy, distracted, and empty, instead of like her sister Mary: calm, focused, and fulfilled. How do we like Mary create pauses in our days and weeks to hear what the Savior has to say to us? How do we make time for the things that ultimately matter? How can we become more spiritually sensitive to the everyday moments of life? In *Seeing What Is Sacred* (formerly titled *The Reflective Life*), acclaimed writer Ken Gire unlocks the door to change by introducing us not to a trendy new method but to a centuries-old tradition of seeing the sacred in the everyday through reflective living. In this momentous work, readers will discover this rich heritage that

stretches from David Solomon and Jesus himself to Augustine Brother Lawrence and Mother Teresa Learn habits of the heart that deepen their intimacy with Christ through Scripture meditation and prayer Cultivate a spiritual sensitivity that allows them to see God at work in all of life s moments
