Globalization and Popular Music in South Korea Michael Fuhr, 2015-06-12 This book offers an in depth study of the globalization of contemporary South Korean idol pop music or K Pop visiting K Pop

and its multiple intersections with political economic and cultural formations and transformations. It provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s which paved the way for the recent international rise of K Pop and the Korean Wave. Fuhr examines the conditions and effects of transnational flows, asymmetrical power relations and the role of the imaginary other in K Pop production and consumption relating them to the specific aesthetic dimensions and material conditions of K Pop stars, songs and videos. Further, the book reveals how K Pop is deployed for strategies of national identity construction in connection with Korean cultural politics, with transnational music production circuits and with the transnational mobility of immigrant pop idols. The volume argues that K Pop is a highly productive cultural arena in which South Korea's globalizing and nationalizing forces and imaginations coincide, intermingle and counteract with each other and in which the tension between both of these poles is played out musically, visually and discursively. This book examines a vibrant example of contemporary popular music from the non Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic, musicological and cultural analysis. Widening the regional scope of Western dominated popular music studies and enhancing new areas of ethnomusicology, anthropology and cultural studies, this book will also be of interest to those studying East Asian popular culture, music, globalization and popular music.

A Regional Contemporary C. J. W.-L. Wee, 2025-03-18 The first critical account of the enormous upsurge in cultural expression across Asian countries from 1979 to 2008 and the new possibilities it presented for the aesthetic and cultural re-imagining of a unified contemporary Asia. Biennial style art exhibitions, new discourses in modern and contemporary art, the production and circulation of increasingly debordered popular culture. A Regional Contemporary by C. J. W. L. Wee is an investigative account of the dramatic increase in cultural expression in Asia from 1979 to 2008 with the 1990s as the focal point of this period. The so-called East Asian miracle, Wee argues, projected a fictive but shared contemporary regional identity onto Northeast and Southeast Asia collectively taken as East Asia. The new cultural explosion was notably enabled by expanded capitalist energies that reached a level critical enough to reposition the region's postcolonial and Cold War era nationalisms, and this book examines the resulting implications. A sophisticated and compelling study, A Regional Contemporary is the first to examine the conjunction of high and popular culture in the region. Moreover, Wee reveals how the various cultural formations of this regional contemporary were able to traverse, if not overcome, uneven national economies, the memory of Japanese empire and the geopolitical rifts of post-Cold War nationalisms. While foregrounding new cultural expression, Wee simultaneously examines how novel economic conditions bolstered a more confident questioning of Western modernity's dominance and enhanced the capacity for regional dialogue in the bid to overcome colonial era legacies even as those legacies were being absorbed into the region. Popular Culture in Taiwan Marc Moskowitz, 2010-10-18. The contributors explore how traditional Chinese influences modern, localized lives in Taiwan, localized identity, culture, and politics as a contested domain with Chinese and traditional Taiwanese identities and Taiwan's localization process as contesting Taiwan's gravitation towards globalized Western culture.

Cries of Joy, Songs of Sorrow Marc L. Moskowitz, 2009-11-24. Since the mid 1990s, Taiwan's unique brand of Mandopop (Mandarin Chinese language pop) music has dictated the musical tastes of the mainland and the rest of Chinese speaking Asia. *Cries of Joy, Songs of Sorrow* explores Mandopop's surprisingly complex cultural implications in Taiwan and the PRC, where it has established new gender roles, created a vocabulary to express individualism, and introduced transnational culture to a country that had closed its doors to the world for twenty years. In his early chapters, Marc L. Moskowitz provides the historical background necessary to understand the contemporary Mandopop scene, beginning with the birth of Chinese popular music in the East Asian jazz Mecca of 1920s Shanghai. A brief overview of alternative musical genres in the PRC, such as Beijing rock and revolutionary opera, is included. The section concludes with a look at the manner in which Taiwan's musical ethos has influenced the mainland's music industry and how Mandopop has brought Western music and cultural values to the PRC. This leads to a discussion of Taiwan pop's exceptional hybridity, beginning with foreign influences during the colonial period under the Dutch and Japanese and continuing with the country's political, cultural, and economic alliance with the U.S. Moskowitz addresses the resulting wealth of transnational musical influences from the rest of East Asia and the U.S. and Taiwan pop's appeal to audiences in both the PRC and Taiwan. In doing so, he explores how Mandopop's songs of sorrow, with their ubiquitous themes of loneliness and isolation, engage a range of emotional expression that resonates strongly in the PRC. Later chapters examine the construction of male and female identities in Mandopop and look at the widespread condemnation of the genre by critics. Drawing on analyses and data from earlier chapters, including interviews with dozens of performers, songwriters, and lay people in Taipei and Shanghai, Moskowitz attempts to answer the question: Why is the music, if as bad as some assert, is it so central to the lives of the largest population in the world? To answer, he highlights Mandopop's important contribution as a poetic lament that simultaneously embraces and protests modern life. *Cries of Joy, Songs of*

Sorrow is a highly readable introduction to an important but understudied East Asian phenomenon. It will find a ready audience among scholars and students of Chinese and Taiwanese popular culture as well as musicologists studying transnational music flows and non-Western popular music. *Focus: Music in Contemporary Japan* Jennifer Milioto Matsue, 2015-07-16 *Focus: Music in Contemporary Japan* explores a diversity of musics performed in Japan today ranging from folk song to classical music, the songs of geisha to the screaming of underground rock, with a specific look at the increasingly popular world of taiko ensemble drumming. Discussion of contemporary musical practice is situated within broader frames of musical and sociopolitical history, processes of globalization and cosmopolitanism, and the continued search for Japanese identity through artistic expression. It explores how the Japanese have long negotiated cultural identity through musical practice in three parts. Part I, *Japanese Music and Culture*, provides an overview of the key characteristics of Japanese culture that inform musical performance, such as the attitude towards the natural environment, changes in ruling powers, dominant religious forms, and historical processes of cultural exchange. Part II, *Sounding Japan*, describes the elements that distinguish traditional Japanese music and then explores how music has changed in the modern era under the influence of Western music and ideology. Part III, *Focusing In: Identity, Meaning, and Japanese Drumming in Kyoto*, is based on fieldwork with musicians and explores the position of Japanese drumming within Kyoto. It focuses on four case studies that paint a vivid picture of each respective site: the music that is practiced and the pedagogy and creative processes of each group. The downloadable resources include examples of Japanese music that illustrate specific elements and key genres introduced in the text. A companion website includes additional audio-visual sources discussed in detail in the text. Jennifer Milioto Matsue is an Associate Professor at Union College and specializes in modern Japanese music and culture. [Korean Culture in the Global Age](#) Joanne Miyang Cho, Lee M. Roberts, 2025-06-30 Since the late 1990s, South Korean cultural products such as pop music, TV drama, and film have shaped the country's image around the world. This book explores these three internationally best-known media of the Korean Wave global phenomenon along with a less commonly featured aspect: K literature. Iconic images of South Korea today include stylish music groups like BTS and Blackpink, appealing dramas, and a range of films and digital comics (manhwa). Alongside associations with glitz and glamor are darker impressions: continuing political division, malaise over a war that never really ended. *Korean Culture in the Global Age* focuses on these and other facets of South Korea's constantly changing international image to show how it has come to command worldwide attention. In recent years, readers in a growing number of languages have discovered the talent of South Korean authors through the efforts of countless translators. Showing developments in and occasional connections between themes in K-pop, K-drama, K-film, and K-literature, the book provides a more comprehensive view of contemporary South Korean culture. This volume will interest researchers and students of Korean Studies, Asian Studies, Asian American Studies, popular music, film studies, migration and diaspora studies, and world literature. *The Evolution of Chinese Popular Music* Ya-Hui Cheng, 2023-04-14 Ya Hui Cheng
