Reflections Of A Rock Lobster A Story About Growing Up Gay:

Reflections of a Rock Lobster Aaron Fricke, 1981 No one in Cumberland Rhode Island was surprised when Aaron Fricke showed up at the high school prom with a male date He had sued his school for the right to do so and the papers had been full of the news ever since Yet only a year earlier Fricke would never have dreamed of being so open about his gay feelings Now you can read his gripping story about growing up gay about coming to terms with being different and a moving lesson in what gay pride can really mean in a small New England town From back cover *Rainbow Rights* Patricia Cain, 2018-02-20 This book describes the substantive state of the law with regard to lesbian and gay rights It begins with some background information to put the modern fight for lesbian and gay rights in its proper historical context then categorizes lesbian and gay rights claims into three areas individual rights in private contexts individual rights in public contexts and couple or family rights thought of as private but pushing into the public sphere that add up to a single principle the right to be human in a modern society Arguing against the popular misconception that the Lesbian and Gay Rights Movement began with Stonewall in 1969 Patricia Cain shows that the first gay rights organization in the United States was formed in 1924 in Chicago From the Mattachine Society in Los Angeles and the Daughters of Bilitis in San Francisco to the formation of the Society for Individual Rights SIR in 1964 the book examines the ways that these early organizations although different from today's gay rights groups served as important contributions to the modern fight for lesbian and gay legal rights The author looks at how the most important cases of the 1950s and 1960s the political battles over keeping gay and lesbian bars open and the fight by government employees to keep their jobs during the governmental purge of suspected homosexuals along with suspected communists during the McCarthy era have helped to shape the state of the law today By exploring the background key cases and important issues yet to be resolved *Rainbow Rights* translates the legal claims and arguments into accessible language and concepts which will be of interest not only to lawyers and law students but also to persons not trained in the law *Representing the Rainbow in Young Adult Literature* Christine A. Jenkins, Michael Cart, 2018-03-20 Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction particularly in literature aimed at young adult audiences But young readers regardless of their sexual orientation don't always know what books offer well rounded portrayals of queer characters and situations Fortunately finding positive role models in fiction that features LGBTQ themes has become less problematic though not without its challenges In *Representing the Rainbow in Young Adult Literature* LGBTQ Content since 1969 Christine Jenkins and Michael Cart provide an overview of the literary landscape An expanded version of *The Heart Has Its Reasons* this volume charts the evolution of YA literature that features characters and themes which resonate not only with LGBTQ readers but with their allies as well In this resource Jenkins and Cart identify titles that are notable either for their excellence accurate thoughtful and tactful depictions or deficiencies books that are wrongheaded stereotypical or outdated Each

chapter has been significantly updated and this edition also includes new chapters on bisexual transgender and intersex issues and characters as well as chapters on comics graphic novels and works of nonfiction This book also features an annotated bibliography and a number of author title lists of books discussed in the text that will aid teachers librarians parents and teen readers Encompassing a wider array of sexual identities Representing the Rainbow in Young Adult Literature is an invaluable resource for young people eager to read about books relevant to them and their lives
