Kavanaugh, 2001-05-23 Just what is a human being Who counts The answers to these questions are crucial when one is faced with the ethical issue of taking human life In this affirmation of the intrinsic personal dignity

and inviolability of every human individual John Kavanaugh S J denies that it can ever be moral to intentionally kill another Today in every corner of the world men and women are willing to kill others in the name of realism and under the guise of race class quality of life sex property nationalism security or religion We justify these killings by either excluding certain humans from our definition of personhood or by invoking a greater good or more pressing value Kavanaugh contends that neither alternative is acceptable He formulates an ethics that opposes the intentional killing not only of medically marginal humans but also of depersonalized or criminalized enemies Offering a philosophy of the person that embraces the undeveloped the wounded and the dying he proposes ways to recover a personal ethical stance in a global society that increasingly devalues the individual Kavanaugh discusses the work of a range of philosophers artists and activists from Richard Rorty and S ren Kierkegaard to Albert Camus and Woody Allen from Mother Teresa to Jack Keavorkian His approach is in stark contrast to that of writer Peter Singer and others who believe that not all human life has intrinsic moral worth It will challenge philosophers students of ethics and anyone concerned about the depersonalization of contemporary life

Canonical Authors in Consumption Theory Soren Askegaard, Benoit Heilbrunn, 2017-12-14 Canonical Authors in Consumption Theory is the first work to compile the contributions of the greatest social thinkers in the global conversation about consumption and consumer culture. A prestigious reference work, it offers original chapters by the world's most prominent thought leaders and surveys how the work of historical theorists has influenced and shaped consumption theory both through history and at the cutting edge of research. Consumption is at the core of contemporary lifestyles of political successes and failures and of discussions around sustainability and environmental change. Contemporary consumer culture shapes modern identities and is the engine of the globalizing capitalist economy. Still, most social theorizations over the last century and a half have addressed production processes rather than consumption processes. This is about to change. Studies of consumption play an increasing role as a topic and a domain of study in marketing, anthropology, sociology, and cultural studies. Currently, there is no single compilation that systematically links scholarly work published by the greatest social thinkers of the last 150 years to the understanding of contemporary consumer society. This book provides a solid framework for understanding the relevance of these canonical authors in social theory to facilitate analysis of consumer culture and to act as a comprehensive reference point for consumer researchers, doctoral students, and practitioners.

The End of Work John Hughes, 2008-04-15 Surveys twentieth-century theologies of work, contrasting differing approaches to consider the problem of labor from a theological perspective. Aimed at theologians concerned with how Christianity might engage in social criticism, as well as those who are interested in the connection between Marxist and Christian traditions. Explores debates about labor under capitalism and considers the relationship between divine and human work. Through a

thorough reading of Weber's Protestant Work Ethic argues that the triumph of the spirit of utility is crucial to understanding modern notions of work. Draws on the work of various twentieth century Catholic thinkers including Josef Pieper, Jacques Maritain, Eric Gill and David Jones. Published in the new and prestigious Illuminations series. The Opinions of Jérôme Coignard, Anatole France, 1913. On Ordered Liberty, Samuel Gregg, 2003-07-28. Perhaps no issue is more divisive among philosophers, jurists and theologians than the nature of human liberty. Liberty is central to the claims of the Christian Gospel, the Glorious Revolution of 1688 and the American Revolution. But discussions about the nature of freedom have been characterized by profound disagreement and unsettling questions: What does it mean to be free? Is freedom worth more than men's lives? Why should man be free? What if any legitimate responsibilities accompany freedom? These subjects are at the heart of Samuel Gregg's new book *On Ordered Liberty*. Beginning with the insights of Alexis de Tocqueville and some natural law theorists, Gregg suggests that something which he terms integral law must be distinguished from most contemporary visions of freedom. He argues that this new arrangement requires a complete repudiation of utilitarian ideas on the grounds that they are incompatible with human nature. He also recommends a new and more rigorous focus on the basic but often neglected question: what is man? *On Ordered Liberty* goes beyond the liberal and conservative divide, asking its readers to think about the proper ends of human choice and actions in a free society. *Reflections for Daily Prayer: Advent 2016 to Christ the King 2017*, Steven Croft, Joanna Collicutt, Paula Gooder, Helen-Ann Hartley, Libby Lane, Graham James, Helen Orchard, Angela Tilby, 2016-05-30. *Reflections for Daily Prayer* is a highly valued daily Bible companion based on the Common Worship Lectionary. Each day, Monday to Saturday, some of the very best writers from across the Anglican tradition offer insightful, informed and inspiring reflections on one of the day's readings for Morning Prayer. Their reflections will appeal to anyone who values both the companionship of daily Bible notes and the structure of the Lectionary. For every day, excluding Sundays of the 2016-17 church year, there are full references and a quotation from the day's set of Scripture readings, a concise but challenging commentary on the readings and a collect. In addition, the book includes a simple order for morning and night prayer, an introduction to the practice of daily prayer by Bishop John Pritchard and a guide to reading the Bible reflectively by Bishop Stephen Cottrell. **Memories**, Stephen Coleridge, 1913. The Intellectual repository for the New Church, (July/Sept. 1817). [Continued as] The Intellectual repository and New Jerusalem magazine, Enlarged ser., vol. 1-28. New Church gen. confer, 1873. **Memoirs of the Court of England in 1675**, Aulnoy (Madame d', Marie-Catherine), 1913.
