Reflections Through The Cobwebs:

Reflections Through the Cobwebs Lisa Roman, 2001 *The Lost Reflection* Bruce Jones, 2013-01-01 Brian Denman is an ex CIA agent and mercenary turned private investigator who arrives in New Orleans to probe a centuries old myth. It illuminates a modern labyrinth of adventure, love, and vampires culminating in an epic battle of destiny and revenge. **The Human Cobweb** Bertram Lenox Putnam Weale, 1910 **Springer Handbook of Atmospheric Measurements** Thomas Foken, 2021-11-09 This practical handbook provides a clearly structured, concise, and comprehensive account of the huge variety of atmospheric and related measurements relevant to meteorologists and for the purpose of weather forecasting and climate research, but also to the practitioner in the wider field of environmental physics and ecology. The Springer Handbook of Atmospheric Measurements is divided into six parts. The first part offers instructive descriptions of the basics of atmospheric measurements and the multitude of their influencing factors, fundamentals of quality control and standardization, as well as equations and tables of atmospheric water and soil quantities. The subsequent parts present classical in situ measurements as well as remote sensing techniques from both ground-based as well as airborne or satellite-based methods. The next part focusses on complex measurements and methods that integrate different techniques to establish more holistic data. Brief discussions of measurements in soils and water, at plants in urban and rural environments, and for renewable energies demonstrate the potential of such applications. The final part provides an overview of atmospheric and ecological networks. Written by distinguished experts from academia and industry, each of the 64 chapters provides in-depth discussions of the available devices with their specifications, aspects of quality control, maintenance, as well as their potential for the future. A large number of thoroughly compiled tables of physical quantities, sensors, and system characteristics make this handbook a unique, universal, and useful reference for the practitioner and absolutely essential for researchers, students, and technicians. **Western Monthly Magazine**, 1836 **Cobwebs from a Library Corner** John Kendrick Bangs, 2019-12-12 In *Cobwebs from a Library Corner*, John Kendrick Bangs masterfully weaves together a series of fantastical tales that illuminate the whimsical nature of the human experience. Written in an engaging and humorous prose style, this collection showcases his creative imagination through a blend of satire and metaphysical musings. Set against the backdrop of late 19th-century literary culture, the stories reflect the era's fascination with the supernatural and the absurd, as Bangs explores themes of identity, reality, and the power of literature to transform lives and perspectives. John Kendrick Bangs, an influential figure in American literature, was known for his wit and jovial storytelling. His experiences as editor of various literary magazines and his extensive background in the literary scene inspired his unique narrative voice. Influenced by both the transcendentalists and the humorists of his time, Bangs deftly balances levity with profound insights, making his work reflective of his personal philosophy and literary influences. This enchanting collection is a must-read for those who appreciate whimsical storytelling intertwined with sharp wit and social commentary. Readers seeking a delightful escape into

Reflection of Memories Tesa Jones,2017-07-21 Richard Malone and Caroline Sue Miller are born on the same day to parents who live on opposite sides of the societal fences in a small coal mining town of western Pennsylvania Despite the economic differences between their families the two children become best friends and their unexpected friendship eventually blossoms into forbidden love In order to be together and escape their bleak small town opportunities they leave the security of their homes and settle in New Jersey where their future is a blank slate As Richard and Caroline make their way through life their choices often veer their love off course but the bond they share has deep roots that continually pull them together again This tale of family friendship and love incorporates the historical events and cultural changes of the tumultuous 1900s while following the course of one couple whose connection is stronger than class or circumstance Whether youre sailing through youthful days or enjoying your golden years *Reflection of Memories* will capture your heart and remind you of what is truly important in life

Film, Folklore and Urban Legends Mikel J. Koven,2008 From *Alien* to *When a Stranger Calls* many films are based on folklore or employ an urban legend element to propel the narrative But once those traditional aspects have been identified do they warrant further scrutiny Indeed why is the study of folklore in popular film important In *Films Folklore and Urban Legends* Mikel J Koven addresses this issue by exploring the convergence of folklore with popular cinema studies Well beyond the identification of traditional motifs in popular cinema Koven reveals new paradigms of filmic analysis which open up when one looks at movies through the lens of folklore In particular this book focuses on the study of urban legends and how these narratives are used as inspiration for a number of films Divided into five sections the book begins with a general survey of the existing literature on folklore film predominantly from the perspective of folklore studies Subsequent chapters address discourses of belief how urban legends provide the organizing principle of some films and how certain films act out or perform a legend Movies discussed in this book include *Alligator* *Candyman* *The Curve* *Dead Man on Campus* *I Know What You Did Last Summer* *Urban Legend* *Weekend at Bernie s* and *The Wicker Man* as well as zombie films killer bee movies and slasher films including *Halloween* *Black Christmas* *The Burning* and *Terror Train* Koven also devotes attention to key television shows such as *The X Files* and *Most Haunted* In his analysis Koven explains not only how film and

television narratives are built upon already existing popular culture beliefs but also how films and television shows recycle those beliefs back into popular culture Taken as a whole Film Folklore and Urban Legends both stands on its own as the first book length study of folklore and popular cinema and as an introductory textbook for the study of folklore and film

Commodification of Non-human Animals: A Posthumanist Reflection Álvaro López López, Gino Jafet Quintero Venegas, Carol Kline, 2023-12-19 Heritage is a social construction rooted in modern and contemporary societies It is commonly a positive assessment of many elements of the physical and human environment e g ecosystems and landscapes monuments customs gender norms religious practices gastronomy and livelihoods Heritage and tourism are strongly related to each other in that heritage gives rise to tourist attractions and activities and tourism enhances the designation of heritage sites A post humanist perspective the moral valuation of equality between humans and other animals demands that both are sentient beings and self aware of their pain and pleasure Thus the involvement of animals as heritage elements by

themselves or as an element of tourist consumption in heritage sites implies their commodification and lack of agency As such these practices are usually unethical since they threaten the animals primary interests not to suffer not to feel pain and to be able to live their freedom This book contains chapters that reveal both the unethical interactions between humans and animals within heritage tourism and those that show experiences in which efforts are made to minimize damage within the commercialization of animals involved as heritage themselves
