**Poetic Reflections Of A Dreamer** Tracy Lee Harrington, 2018-09-20 Tracy Lee Harrington was born in Weymouth Massachusetts on March 7 1972 Tracy Lee Harrington wrote her first book while she lived in Maine it was under a writer's Name Tracy Lee Rolland Called A Gift Of Poetry This Book is currently out of print and it was a great learning experience for her Tracy Lee Harrington moved to Texas with her family in January 2017 and she started writing again Miss Harrington wrote her memoir about overcoming abuse and how she found her freedom from it Freedom From My storm was published in September 3 2017 Poetic Expressions Of A dreamer is a collection of poems from her heart Tracy Hopes to change the way the world feels about poetry with her unique style of poetry She is currently working on her fourth book and she enjoys writing History music watching movies walking and Serving at her Church in Texas *Reflecting Mirrors, East and West: Transcultural Comparisons of Advice Literature for Rulers (8th - 13th century)* Enrico Boccaccini, 2021-11-15 In Reflecting Mirrors East and West Enrico Boccaccini sheds new light on Mirrors for Princes the pre modern genre of advice literature for rulers A popular genre in the societies that emerged from the Late Antique oecumene Mirrors for Princes are considered here for the first time as a transcultural phenomenon that challenges the dichotomy of the Orient and the Occident Traditionally the historiographic tradition has viewed European and Middle Eastern Mirrors as distinct and incommensurable Analyzing the contents and discourses in four Mirrors ostensibly separated by space time and language Enrico Boccaccini convincingly draws out the surprising continuities between these texts while also showing how they are embedded in their own historical literary and political context **American Culture, Canons, and the Case of Elizabeth Stoddard** Robert McClure Smith, Ellen Weinauer, 2014-09-30 Reconsiders the centrality of a remarkable American writer of the ante and postbellum periods Elizabeth Stoddard was a gifted writer of fiction poetry and journalism successfully published within her own lifetime esteemed by such writers as William Dean Howells and Nathaniel Hawthorne and situated at the epicenter of New York's literary world Nonetheless she has been almost excluded from literary memory and importance This book seeks to understand why By reconsidering Stoddard's life and work and her current marginal status in the evolving canon of American literary studies it raises important questions about women's writing in the 19th century and canon formation in the 20th century Essays in this study locate Stoddard in the context of her contemporaries such as Dickinson and Hawthorne while others situate her work in the context of major 19th century cultural forces and issues among them the Civil War and Reconstruction race and ethnicity anorexia and female invalidism nationalism and localism and incest One essay examines the development of Stoddard's work in the light of her biography and others probe her stylistic and philosophic originality the journalistic roots of her voice and the elliptical themes of her short fiction Stoddard's lifelong project to articulate the nature and dynamics of woman's subjectivity her challenging treatment of female appetite and will and her depiction of the complex and often ambivalent relationships that white middle class women had to their domestic spaces are also thoughtfully considered The editors argue that the neglect of Elizabeth Stoddard's contribution to American literature is a compelling

example of the contingency of critical values and the instability of literary history This study asks the question Will Stoddard endure Will she continue to drift into oblivion or will a new generation of readers and critics secure her tenuous legacy

**The Laurel and the Olive** Benjamin Acosta-Hughes,2024-06-04 A central much studied feature of the poetry of 3rd cent BCE Alexandria is the artistic treatment of the cultural past the reception of earlier Greek poetry and artwork in the artistic creations of a new Greco Egyptian world deracinated both geographically and temporally from the heroes and models of Archaic and Classical Greece Benjamin Acosta Hughes has devoted a 30 year professional scholarly career to the study of this reception one of both imitation and variation which took place concurrently with the massive collection and categorization of earlier Greek literature in the work of the scholars gathered under royal patronage at the Ptolemaic court in Alexandria a truly revolutionary new effort of cultural memorialization The poets of this period among them Callimachus Theocritus Apollonius and Posidippus vied in their efforts to compose works that at once celebrated their poetic heritage and at the same time marked their own poetry as original artistic creation and as critical commentary upon their earlier models This collection will be of interest not only for readers of Archaic and Hellenistic poetry but also for readers interested in the later reception of the Alexandrians at Rome

Exemplary Spenser Jane Grogan,2016-12-05 Exemplary Spenser analyses the didactic poetics of The Faerie Queene renewing attention to its avowed attempt to fashion a gentleman or noble person in vertuous and gentle discipline and examining how Spenser mobilises his pedagogic concerns through the reading experience of the poem Grogan s investigation shows how Spenser transacts the public life of the nation heuristically prompting a reflective reading experience that compels engagement with other readers other texts and other political communities Negotiating between competing pedagogical traditions she shows how Spenser s epic challenges the more conservative prevailing impulses of humanist pedagogy to espouse a radical didacticism capable of inventing a more active and responsible reader To this end Grogan examines a wide variety of Spenser s techniques and sources including Philip Sidney s Defence of Poesy and the powerful visually couched epistemological paradigms of early modern culture ekphrasis among them Importantly Grogan examines how Spenser s didactic poetics was crucially shaped by readings of the Greek historian Xenophon s Cyropaedia a text and influence previously overlooked by critics Grogan concludes by reading the last book of The Faerie Queene the Legend of Courtesy as an attempt to reconcile his own didactic sources and poetics with the more recent tastes of his contemporaries for a courtesy theory less concerned with vertuous and gentle discipline Returning to the early modern reading experience Grogan shows the sophisticated intertextual dexterity that goes into reading Spenser where Spenserian pedagogy lies not simply in the textual body of the poem but also in the act of reading it

The Symbolist Roots of Modern Art Michelle Facos,2017-07-05 With the words A new manifestation of art was expected necessary inevitable Jean Mor announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in

twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Khnopff Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments      *Reflections* Sangram Mishra,2023-10-14 The book *Reflections* truly reflects the feelings and perceptions of the poet Mr Mishra in its discernible best In his maiden venture in English literature the iconic poet Mr Mishra has tried to manifest his empathy feelings and comprehension in the most cogent form His poems touch the sensitive issues and portray the sufferings of the impecunious and highlight these aspects appealing to the conscience for efficacious remedy The book *Reflections* was first published in 1998 It had created a ripple in literary circle because of the candour of the poet to delineate the reality in its most comprehensible form The conceptual clarity and empathetic expression make each poem to coruscate brilliance and emphasize the much needed change The book has been appreciated by many The then President of India K R Narayanan had also appreciated the poems for its contents
