Women, Reconciliation and the Israeli-Palestinian Conflict Giulia Daniele, 2014-04-16 Women Reconciliation and the Israeli Palestinian Conflict explores the most prominent instances of women's political activism in the occupied Palestinian territories and in Israel focussing primarily on the last decade By taking account of the heterogeneous narrative identities existing in such a context the author questions the effectiveness of the contributions of Palestinian and Israeli Jewish women activists towards a feasible renewal of the peace process founded on mutual recognition and reconciliation Based on feminist literature and field research this book re problematises the controversial liaison between ethno national narratives feminist backgrounds and women's activism in Palestine Israel In detail the most relevant salience of this study is the provision of an additional

contribution to the recent debate on the process of making Palestinian and Israeli women activists more visible and the importance of this process as one of the most meaningful ways to open up areas of enquiry around major prospects for the end of the Israeli Palestinian conflict Tackling topical issues relating to alternative resolutions to the Israeli Palestinian conflict this book will be a valuable resource for both academics and activists with an interest in Middle East Politics Gender Studies and Conflict Resolution

In the Eye of the Storm Mitri Raheb, 2023-06-23 The situation of Christians in the Middle East has become an important topic of international discussion as well as an important theme covered in the media as several CBS Sixty Minutes programs have highlighted the plight of Christians in Palestine Syria Jordan Lebanon and Egypt In the Eye of the Storm tells the story of the plight of twenty first century Middle Eastern Christians in five countries Palestine Israel Jordan Lebanon and Egypt in the context of the so called Arab Spring and within a destabilized region that is a geopolitical triangle shaped by Israeli hegemony and Arab Iranian tensions The book places the situation of the Christians within the wider sociopolitical context of the Middle East in the twenty first century A unique feature of this book is that it is written mainly by native Christians who have spent their entire lives in the region and continue to live there In the Eye of the Storm therefore provides an insider perspective rather than a hegemonic and colonial outsider perspective This book hopes to offer a sociopolitical framework for the Christians of the Middle East thus allowing them to tell their own story as they see it and not one that has been projected onto them by outside forces

Palestinians Born in Exile Juliane Hammer, 2009-08-17 In the decade following the 1993 Oslo Peace Accords some 100 000 diasporic Palestinians returned to the West Bank and Gaza Among them were children and young adults who were born in exile and whose sense of Palestinian identity was shaped not by lived experience but rather through the transmission and re creation of memories images and history As a result returning to the homeland that had never actually been their home presented challenges and disappointments for these young Palestinians who found their lifeways and values sometimes at odds with those of their new neighbors in the West Bank and Gaza This original ethnography records the experiences of Palestinians born in exile who have emigrated to the Palestinian homeland Juliane Hammer interviews young adults between the ages of 16 and 35 to learn how their Palestinian identity has been affected by living in various Arab countries or the United States and then moving to the West Bank and Gaza Their responses underscore how much the experience of living outside of Palestine has become integral to the Palestinian national character even as Palestinians maintain an overwhelming sense of belonging to one another as a people

Solidarity and the Palestinian Cause Zahi Zalloua, 2023-01-12 Zahi Zalloua provides the first examination of Palestinian identity from the perspective of Indigeneity and Critical Black Studies Examining the Palestinian question through the lens of settler colonialism and Indigeneity this timely book warns against the

liberal approach to Palestinian Indigeneity which reinforces cultural domination and urgently argues for the universal nature of the Palestinian struggle Foregrounding Palestinian Indigeneity reframes the Palestinian Israeli conflict as a problem of wrongful dispossession a historical harm that continues to be inflicted on the population under the brutal Occupation of the West Bank and Gaza At the same time in a global context marked by liberal democratic ideology such an approach leads either to liberal tolerance the minority is permitted to exist so long as their culture can be contained within the majority order or racial separatism that is appeals for national independence typically embodied in the two state solution Solidarity and the Palestinian Cause not only insists that any analysis of Indigeneity s purchase must keep this problem of translation in mind but also that we must recast the Palestinian struggle as a universal one As demonstrated by the Palestinian support for such movements as Black Lives Matter and the reciprocal support Palestinians receive from BLM activists the Palestinian cause fosters a solidarity of the excluded This solidarity underscores the interlocking global struggles for emancipation from racial domination and economic exploitation Drawing on key Palestinian voices including Edward Said and Larissa Sansour as well as a wide range of influential philosophers such as Slavoj i ek Frantz Fanon and Achille Mbembe Zalloua brings together the Palestinian question Indigeneity and Critical Black Studies to develop a transformative anti racist vision of the world

Palestinian Cinema Nurith Gertz, 2008-01-15 Although in recent years the entire world has been increasingly concerned with the Middle East and Israeli Palestinian relationship there are few truly reliable sources of information regarding Palestinian society and culture either concerning its relationship with Israeli society its position between east and west or its stances in times of war and peace One of the best sources for understanding Palestinian culture is its cinema which has devoted itself to serving the national struggle In this book two scholars an Israeli and a Palestinian in a rare and welcome collaboration follow the development of Palestinian cinema commenting on its response to political and social transformations They discover that the more the social political and economic conditions worsen and chaos and pain prevail the more Palestinian cinema becomes involved with the national struggle As expected Palestinian cinema has unfolded its national narrative against the Israeli narrative which tried to silence it
