Reflective Learning In Practice:

Reflective Learning Deborah A. Sugerman, 2000 *Reflective Learning in Practice* Anne Brockbank, Ian McGill, 2017-07-05 This book gathers together details of seventeen case studies of learning in practice after having set the issue of reflective learning in a theoretical context The cases are drawn from a wide range of situations and discuss both apparent successes and failures The cases are used as a basis to develop general findings These general findings are expressed as themes and questions so that as readers come across new circumstances they are not limited by prescriptive recipes Instead they are empowered by having both an open and focused approach open because the starting point is questions rather than answers and focused because the questions direct attention to factors that have been found to be influential for effective reflective learning The crucial factor is the ability of managers and others to extract quality learning from experience *Reflective Learning in Practice* develops an approach that will help this to happen A Handbook of Reflective and Experiential Learning Jennifer A. Moon, 2013-04-15 This handbook acts as an essential guide to understanding and using reflective and experiential learning whether it be for personal or professional development or as a tool for learning It takes a fresh look at experiential and reflective learning locating them within an overall theoretical framework for learning and exploring the relationships between different approaches As well as the theory the book provides practical ideas for applying the models of learning with tools activities and photocopiable resources which can be incorporated directly into classroom practice This book is essential reading to guide any teacher lecturer or trainer wanting to improve teaching and learning (Re)learning as Reflective Practitioners Linley Cornish, 2024-07-15 This book examines significant developments in reflective practice delving into research conducted with novice teachers It fills a gap in existing literature by examining the how of reflective practice How do professionals learn reflective practice fostering relearning How do they guide students mentees and novices in adopting reflective practices Stemming from teacher education the focus is extended beyond this field emphasizing the relevance of these strategies across professions It is divided into three parts thinking about reflection learning to reflect and becoming a reflective practitioner It offers fresh perspectives on conceptualizing reflective practice and suggests practical strategies for integrating it into pre service coursework assessment training and development Intended for academics practitioners and educators across disciplines this book serves as a comprehensive guide for anyone committed to fostering reflective practice within their professional sphere **Reflective Learning in Practice** Nic Beech, Anne Brockbank, Ian McGill, 2002 Reflective Learning in Practice Anne Brockbank, Ian McGill, 2017-07-05 This book gathers together details of seventeen case studies of learning in practice after having set the issue of reflective learning in a theoretical context The cases are drawn from a wide range of situations and discuss both apparent successes and failures The cases are used as a basis to develop general findings These general findings are expressed as themes and questions so that as readers come across new circumstances they are not limited by prescriptive recipes Instead they are empowered by

having both an open and focused approach open because the starting point is questions rather than answers and focused because the questions direct attention to factors that have been found to be influential for effective reflective learning The crucial factor is the ability of managers and others to extract quality learning from experience Reflective Learning in Practice develops an approach that will help this to happen **Teaching and Learning Through Reflective Practice** Tony Ghaye,2010-12-09 This is a practical guide to enable all those involved in educational activities to learn through the practices of reflection The book highlights the power that those responsible for teaching and learning have to appraise understand and positively transform their teaching *Reflection in Learning and Professional Development* Jennifer A. Moon,2000 First Published in 2000 Routledge is an imprint of Taylor Francis an informa company **Introducing Reflective Learning** Caroline Ramsey,Open University,2006-12 This booklet contains a range of ideas and study activities about reflection a key concept for effective work based learning It helps you develop an approach to learning called reflective practice and aims to move you from a better understanding of your work problems and issues to thinking about what you can do with your new knowledge and what happens when you do act on it CURRENTLY OUT OF STOCK **Reflective Practice to Improve Schools** Jennifer York-Barr,William A.
