

A.G. DICKENS REFORMATION STUDIES

Reformation Studies History Series

Bess Rhodes

Reformation Studies History Series:

Reformation Studies Arthur Geoffrey Dickens,1982 *Acts* Esther Chung-Kim,Todd R. Hains,2014-02-04 In the latest Reformation Commentary on Scripture we watch as the diverse streams of the Protestant movement converge on the book of Acts As we return with the Reformers to this vision of Spirit filled community we are given a lesson in the nature of biblical reform from those who bore it out for the first time Johann Sleidan and the Protestant Vision of History Alexandra Kess,2008 Johann Sleidan 1506 1556 was the author of the first great history of the Protestant movement and did much to influence how it was perceived by both Catholics and Protestants In this new study his life and works are comprehensively analysed for the first time exploring his roles as both diplomat and historian In so doing much is revealed about how many moderate statesmen and scholars sought to bridge the growing confessional divide and promote coexistence and how Protestantism began to search for and manufacture its own history independent of that espoused by the Catholic Church Following these twin themes this book offers a fascinating and timely look at an influential figure of the Reformation

Reading the Reformations Anna French,2023-02-17 In the last thirty years understandings of the European reformations have been transformed A generation of scholars has demonstrated how radically wide ranging these movements were Across family life politics material culture and philosophy the reformations are now at the very heart of our understanding not just of early modern Europe but of religion and identity in general This volume collects recent work from past and present members of the European Reformation Research Group exploring key fronts in contemporary Reformation Studies achieving a broad view of how historiography has developed in recent decades and where it seems set to go next The Monarchical Republic of Early Modern England Professor John F McDiarmid,2013-06-28 With its challenging paradoxical thesis that Elizabethan England was a republic which happened also to be a monarchy Patrick Collinson s 1987 essay The Monarchical Republic of Queen Elizabeth I instigated a proliferation of research and lively debate about quasi republican aspects of Tudor and Stuart England In this volume a distinguished international group of scholars examines the idea of the monarchical republic from the 1530s to the 1640s and tests the concept from a variety of points of view New suggestions are advanced about the pattern of development of quasi republican tendencies and of opposition to them and about their relation to the politics of earlier and later periods A number of essays focus on the political activity of leading figures at court several analyse political life in towns or rural areas others discuss education rhetoric linguistic thought and reading practices poetic and dramatic texts the relations of politics to religious conflict gendered conceptions of the monarchy and monarchical republicanism in the new American colonies Differing positions in the scholarly debate about early modern English republicanism are represented and fresh archival research advances the study of quasi republican elements in early modern English politics

Church History James E. Bradley ,Richard A. Muller,2016 In their acclaimed much used Church History James Bradley and Richard Muller lay out guidelines methods and basic reference tools for research and writing in the fields of church

history and historical theology Over the years this book has helped countless students define their topics locate relevant source materials and write quality papers This revised expanded and updated second edition includes discussion of Internet based research digitized texts and the electronic forms of research tools The greatly enlarged bibliography of study aids now includes many significant new resources that have become available since the first edition s publication in 1995 Accessible and clear this introduction will continue to benefit both students and experienced scholars in the field *Reformation Studies* A. G. Dickens,1982-07-01 *From Judaism to Calvinism* Kenneth Austin,2007-01-01 This book provides the first full length study of the influential biblical scholar Immanuel Tremellius 1510 1580 since the late nineteenth century It traces his conversion from Judaism through Catholicism to Protestantism where he established a reputation as the leading scholar of Hebraic studies in Europe Teaching at leading Reformed academies and universities and publishing new Latin translations of both the Old and New Testaments Tremellius s life not only reveals much about Reformation scholarship but also about its attitudes to Jews and Jewish studies in an age of rapidly shifting theological doctrines **Riches and Reform** Bess Rhodes,2019-08-26 The Scottish Reformation is often presumed to have had little economic impact Traditionally scholars maintained that Scotland s late medieval church gradually secularised its estates and that the religious changes of 1560 barely disrupted an ongoing trend In *Riches and Reform* Bess Rhodes challenges this assumption with a study of church finance in Scotland s religious capital of St Andrews a place once regarded as the cheif and mother citie of the Realme Drawing on largely unpublished charters rentals and account books *Riches and Reform* argues that in St Andrews the Reformation triggered a rapid large scale and ultimately ruinous redistribution of ecclesiastical wealth Communal assets built up over generations were suddenly dispersed through a combination of official policies individual opportunism and a crisis in local administration leading the post Reformation churches and city of St Andrews into povertie and decay *1-2 Samuel, 1-2 Kings, 1-2 Chronicles* Derek Cooper,Martin J. Lohrmann,2016-04-05 This latest volume in the *Reformation Commentary on Scripture* RCS series offers biblical commentary from numerous Reformation era theologians pastors and preachers from a variety of theological traditions Lutheran Reformed Anglican Radical and Roman Catholic on six Old Testament books 1 2 Samuel 1 2 Kings and 1 2 Chronicles

Recognizing the artifice ways to get this book **Reformation Studies History Series** is additionally useful. You have remained in right site to start getting this info. get the Reformation Studies History Series colleague that we meet the expense of here and check out the link.

You could buy guide Reformation Studies History Series or get it as soon as feasible. You could speedily download this Reformation Studies History Series after getting deal. So, when you require the books swiftly, you can straight acquire it. Its hence completely easy and appropriately fats, isnt it? You have to favor to in this expose
