When I'm Sixty-Four Teresa Ghilarducci, 2017-10-31 A crisis is looming for baby boomers and anyone else who hopes to retire in the coming years In *When I'm Sixty-Four* Teresa Ghilarducci the nation's leading authority on the economics of retirement explains how to confront this crisis head on revealing the causes behind the increasingly precarious economics of old age in America and proposing a bold plan to guarantee retirement security for every working citizen Retirement is one of the hallmarks of a prosperous civilized market economy Yet in America today Social Security is on the ropes Government and employers are dismantling pension security forcing older people to work longer The federal government spends billions in exemptions for 401(k)s and other voluntary retirement accounts yet retirement savings

for most workers is falling Ghilarducci takes an unflinching look at the eroding economic structure of retirement in America and what she finds is alarming She exposes the failures of pension regulators and the false hopes of privatized Social Security She tells the ugly truth about risky 401 k plans do it yourself retirement schemes and companies like Enron that have left employees without any retirement savings Ghilarducci puts forward a sweeping plan to revive the retirement income system a plan that will ensure that after forty years of work every American will receive 70 percent of their preretirement earnings guaranteed for life No other book makes such a persuasive case for overhauling the pension and Social Security system in order to provide older Americans with the financial stability they have earned and deserve

Public Policy and the New European Agendas Fergus Carr, Andrew Massey, 2006-01-01 This broad and all encompassing study focuses on Europe's new policy agendas It brings together international academic experts on a range of policies to discuss Europe's place in the world and its relationship to the USA and beyond This book concentrates on two key themes of particular salience for policy makers the enlargement of the EU and the place of Europe in international politics An expansive list of important policy areas within these themes is explored including enlargement political and constitutional implications and international socialization of central and eastern Europe Europe and the USA security and defence policy trade finance and development institutional development and external relations in justice and home affairs before and after September 11 international terrorism EU immigration and asylum and borders policy human rights and civil rights agriculture environmental policy and regional policy pensions and ageing in Europe This book constitutes a major contribution to achieving a deeper understanding of European integration and the barriers to integration within the context of global and multi level governance As such it will be of enormous interest to an extensive audience including academics researchers students policy makers and practitioners in the fields of political studies international relations public policy European studies US studies and security studies

Age Discrimination and Diversity Malcolm Sargeant, 2011-08-04 This volume of essays is concerned with the discrimination against older people that results from a failure to recognise their diversity By considering the unique combinations of discrimination that arise from the interrelationship of age and gender pensions ethnicity sexual orientation socio economic class and disability the contributors demonstrate that the discrimination suffered is multiple in nature It is the combination of these characteristics that leads to the need for more complex ways of tackling age discrimination

A Long Goodbye to Bismarck? Bruno Palier, 2025-10-01 This book provides an extensive and comparative account of all welfare reforms that occurred during the last three decades in Continental European countries It reveals unexpected important structural reforms to be understood as the culmination of a long reform trajectory analyzed in detail with the tools of comparative historical institutionalism With these reforms Bismarckian welfare systems have lost their encompassing capacities have partially turned to employment friendliness and weakened the strongest elements of their male breadwinner bias This volume is the definitive work on the politics of reform in Bismarckian welfare regimes It is

essential reading for any scholar interested in welfare reform or indeed in institutional and policy change more generally Kathleen Thelen Massachusetts Institute of Technology The contributors to the volume are all recognized experts on their field and provide strictly comparable analyses in their chapters making this volume a gold mine for comparative welfare state scholars Palier's volume is certain to be a benchmark study for the foreseeable future John D Stephens University of North Carolina Chapel Hill This volume representing the best available scholarship in comparative socio economic research provides important and highly policy relevant insights A must read Fritz Scharpf Max Planck Institute for the Studies of Societies

The Challenge of Public Pension Reform in Advanced and Emerging Economies Mr. Benedict J. Clements, Mr. David Coady, Frank Eich, Mr. Sanjeev Gupta, Mr. Alvar Kangur, Baoping Shang, Mauricio Soto, 2013-01-25 Pension reform is high on the policy agenda of many advanced and emerging market economies In advanced economies the challenge is generally to contain future increases in public pension spending as the population ages In emerging market economies the challenges are often different Where pension coverage is extensive the issues are similar to those in advanced economies Where pension coverage is low the key challenge will be to expand coverage in a fiscally sustainable manner This volume examines the outlook for public pension spending over the coming decades and the options for reform in 52 advanced and emerging market economies

The Challenge of Public Pension Reform in Advanced and Emerging Economies International Monetary Fund. Fiscal Affairs Dept., 2011-12-28 This paper reviews past trends in public pension spending and provides projections for 27 advanced and 25 emerging economies over 2011-2050 In constructing these projections the paper incorporates the impact of recent pension reforms and highlights the key assumptions underlying these projections and associated risks The paper also presents reform options to address future pension spending pressures in the advanced and emerging economies These reforms mainly increasing retirement ages reducing replacement rates or increasing payroll taxes are discussed in the context of their role in fiscal consolidation and their implications for both equity and economic growth In addition the paper examines the challenge of emerging economies of expanding coverage in a fiscally sustainable manner

Social Reproduction Theory Tithi Bhattacharya, 2017-10-20 This groundbreaking collection explores the profound power of Social Reproduction Theory to deepen our understanding of everyday life under capitalism While many Marxists tend to focus on the productive economy this book focuses on issues such

as child care health care education family life and the roles of gender race and sexuality all of which are central to understanding the relationship between economic exploitation and social oppression In this book leading writers such as Lise Vogel Nancy Fraser David McNally and Susan Ferguson reveal the ways in which daily and generational reproductive labour found in households schools hospitals and prisons also sustains the drive for accumulation Presenting a more sophisticated alternative to intersectionality these essays provide ideas which have important strategic implications for anti capitalists anti racists and feminists attempting to find a path through the seemingly ever more complex world we live in

Mainstreaming Ageing Asghar Zaidi, 2017-09-29 The Madrid International Plan of Action on Ageing MIPAA adopted at the Second World Assembly on Ageing is the first international agreement that specifically recognises the potential of older people to contribute to the development of their societies In monitoring its implementation two key approaches are evident a qualitative bottom up participatory approach and an approach that uses quantitative indicators to monitor sustainable progress and policies With the European Centre for Social Welfare Policy and Research playing a pivotal role in the monitoring of the implementation process one of its key tasks has been to develop a list of indicators of achievement This book contains extended and revised versions of policy briefs and background papers that support the implementation monitoring process The analyses included in these chapters make concrete suggestions towards quantitative indicators with the aim of assisting national governments in mainstreaming ageing in their policies The contributors provide an overview of the current situation with respect to population ageing and its consequences and also provide projections for the future The book also includes the final list of quantitative indicators that arose out of consultations with international experts related to the four main topics addressed demography income and wealth labour market participation and social protection and financial sustainability

Informality and the Challenge of Pension Adequacy: Outlook and Reform Options for Peru Christoph Freudenberg, Frederik Toscani, 2019-07-11 Past reforms have put the Peruvian pension system on a largely fiscally sustainable path but the system faces important challenges in providing adequate pension levels for a large share of the population Using administrative microdata at the affiliate level we project replacement rates in the defined benefit DB and defined contribution DC pillars over the next 30 years and simulate the impact of various reform scenarios on the average level and distribution of pensions In the DB pillar the regressive minimum contribution period should be re thought while in the DC pillar a broadening of the contribution base and or an increase in contribution rates would help increase replacement rates relative to the baseline forecast of 25 33 percent A higher net real rate of return than assumed in the baseline would also have a significant positive impact In the medium term labor market reform to tackle informality and a broad pension reform to restructure the system and avoid competition between the DB and DC pillars should be a priority Given low pension coverage having a strong non contributory pillar will remain important for the foreseeable future

Authoritarian Modernization in Russia Vladimir Gel'man, 2016-08-12 Post Communist Russia is an instance of the

phenomenon of authoritarian modernization project which is perceived as a set of policies intended to achieve a high level of economic development while political freedoms remain beyond the current modernization agenda or are postponed to a distant future Why did Russia unlike many countries of post Communist Europe pursue authoritarian modernization after the Soviet collapse What is the ideational agenda behind this project and why does it dominate Russia's post Communist political landscape What are the mechanisms of political governance which maintain this project and how have they adopted and absorbed various democratic institutions and practices Why has this project brought such diverse results in various policy arenas and why have the consequences of certain policies become so controversial Why despite so many controversies shortcomings and flaws has this project remained attractive in the eyes of a large proportion of the Russian elite and ordinary citizens This volume intended to place some of these questions on the research agenda and propose several answers encouraging further discussions about the logic and mechanisms of the authoritarian modernization project in post Communist Russia and its effects on Russia's politics economy and society

The Futures of Old Age John A Vincent, Chris Phillipson, Murna Downs, 2006-05-15 What is the future of old age How will families services and economies adapt to an older population Such questions often provoke extreme and opposing answers some see ageing populations as having the potential to undermine economic growth and prosperity others see new and exciting ways of living in old age *The Futures of Old Age* places these questions in the context of social and political change and assesses what the various futures of old age might be Prepared by the British Society of Gerontology *The Futures of Old Age* brings together a team of leading international gerontologists from the United Kingdom and United States drawing on their expertise and research The book's seven sections deal with key contemporary themes including population ageing households and families health wealth pensions migration inequalities gender and self and identity in later life

Governing for the Long Term Alan M. Jacobs, 2011-03-28 In *Governing for the Long Term* Alan M Jacobs investigates the conditions under which elected governments invest in long term social benefits at short term social cost Jacobs contends that along the path to adoption investment oriented policies must surmount three distinct hurdles to future oriented state action a problem of electoral risk rooted in the scarcity of voter attention a problem of prediction deriving from the complexity of long term policy effects and a problem of institutional capacity arising from interest groups preferences for distributive gains over intertemporal bargains Testing this argument through a four country historical analysis of pension policymaking the book illuminates crucial differences between the causal logics of distributive and intertemporal politics and makes a case for bringing trade offs over time to the center of the study of policymaking
