Rko 281 The Battle Over Citizen Kane:

Filming the First Helen J. Knowles-Gardner, Bruce E. Altschuler, Brandon T. Metroka, 2024-10-15 The First Amendment to the U S Constitution prohibits Congress from abridging freedom of the press But as the printed press has been transformed into mass media with Americans now more likely to get their political information from television or social media than from print confidence in this important mediating institution has fallen dramatically Movies in their role as cultural artifacts have long reflected and influenced those public attitudes inventing such iconic phrases as follow the money from All the President s Men and I m mad as hell and I m not going to take this anymore from Network Filming the First Cinematic Portrayals of Freedom of the Press analyzes eighteen films that span from Citizen Kane to Spotlight showing changes in how the press have been portrayed over time which voices receive the most attention and why the relationship between the press s Fourth Estate role and the imperatives of capitalism and how despite the First Amendment s seemingly absolute language the government has sometimes been able to limit what the public can read or view **Movie Roadshows** Kim R. Holston, 2013-01-01 This work examines a film distribution system paralleling the rise of early features and persisting until 1972 when Man of La Mancha was the final roadshow to require reserved seating Synonymous with Hollywood s star studded premieres roadshows were longer and cost more than regular features making the experience similar to attending the legitimate theater Roadshows often epic in subject matter played selected usually only one theaters in major urban centers until demand decreased De rigueur by the 1960s were musical overtures intermissions entre acte and exit music and souvenir programs for sale in the lobby Throughout the text are recollections by people who attended roadshows including actor John Kerr and actresses Barbara Eden and Ingrid Pitt The focus is on roadshows released in the United States but an appendix identifies international roadshows and films forecast but not released as roadshows Included are plots contemporary critical reaction premiere dates production background and methods of promotion i e the ballyhoo

Encyclopedia of Television Film Directors Jerry Roberts, 2009-06-05 From live productions of the 1950s like Requiem for a Heavyweight to big budget mini series like Band of Brothers long form television programs have been helmed by some of the most creative and accomplished names in directing Encyclopedia of Television Film Directors brings attention to the directors of these productions citing every director of stand alone long form television programs made for TV movies movie length pilots mini series and feature length anthology programs as well as drama comedy and musical specials of more than 60 minutes Each of the nearly 2 000 entries provides a brief career sketch of the director his or her notable works awards and a filmography Many entries also provide brief discussions of key shows movies and other productions Appendixes include Emmy Awards DGA Awards and other accolades as well as a list of anthology programs A much needed reference that celebrates these often neglected artists Encyclopedia of Television Film Directors is an indispensable resource for anyone interested in the history of the medium **Whose Lives Are They Anyway?** Dennis Bingham, 2010-03-04 The biopic

presents a profound paradox its own conventions and historical stages of development disintegration investigation parody and revival have not gained respect in the world of film studies That is until now *Whose Lives Are They Anyway* boldly proves a critical point The biopic is a genuine dynamic genre and an important one it narrates exhibits and celebrates a subject's life and demonstrates investigates or questions his or her importance in the world it illuminates the finer points of a personality and ultimately it provides a medium for both artist and spectator to discover what it would be like to be that person or a certain type of person Through detailed analyses and critiques of nearly twenty biopics Dennis Bingham explores what is at their core the urge to dramatize real life and find a version of the truth within it The genre's charge which dates back to the salad days of the Hollywood studio era is to introduce the biographical subject into the pantheon of cultural mythology and above all to show that he or she belongs there It means to discover what we learn about our culture from the heroes who rise and the leaders who emerge from cinematic representations Bingham also zooms in on distinctions between cinematic portrayals of men and women Films about men have evolved from celebratory warts and all to investigatory to postmodern and parodic At the same time women in biopics have been burdened by myths of suffering victimization and failure from which they are only now being liberated To explore the evolution and lifecycle changes of the biopic and develop an appreciation for subgenres contained within it there is no better source than *Whose Lives Are They Anyway*

History and Film Maarten Pereboom, 2016-09-13 The ability to view recorded moving pictures has had a major impact on human culture since the development of the necessary technologies over a century ago For most of this time people have gone to the movies to be entertained and perhaps edified but in the meantime television the videocassette recorder VCR the digital versatile disk DVD player the personal computer desktop and laptop the internet and other technologies have made watching moving pictures possible at home in the classroom and just about anywhere else Today moving images are everywhere in our culture Every day moving picture cameras record millions of hours of activity human and otherwise all over the world your cell phone makes a little video of your friends at a party the surveillance camera at the bank keeps an eye on customers journalists shoulder carried cameras record the latest from the war zone and across the world film artists work on all kinds of movies from low budget independent projects to the next big budget Hollywood blockbuster Moving pictures have had a great influence on human culture and this book focuses on using moving images as historical evidence Studying history means examining evidence from the past to understand interpret and present what has happened in different times and places We talk and write about what we have learned hoping to establish credibility both for what we have determined to be the facts and for whatever meaning or significance we may attach to our reconstruction of the past Studying history is a scientific process involving a fairly set methodology We tend to favor written sources and we have tended to favor writing as a means of presenting our views of the past But historians also use all kinds of other documents and artifacts in their work of interpreting the past including moving pictures

The Ridley Scott Encyclopedia Laurence Raw, 2009-09-28 From his first

feature film *The Duellists* to his international successes *Alien*, *Blade Runner*, *Thelma and Louise*, *Black Hawk Down*, *Gladiator* and *American Gangster*. Ridley Scott has directed some of the most compelling films of the last 30 years. Apart from his work as a film director, Scott has engaged in a vast range of activities including that as a designer, producer, film mogul and advertising executive. The *Ridley Scott Encyclopedia* is the first book that focuses on all aspects of his work in a wide ranging career that spans nearly 50 years. The entries in this encyclopedia focus on all aspects of his work and are divided into four categories. The first focuses on Ridley Scott's work as a director encompassing his feature films from *The Duellists* to *Body of Lies* as well as his work in television including commercials. The second category focuses on the people who have been involved in Scott's projects including actors, directors, producers, designers, writers and other creative personnel. The third focuses on general thematic issues raised in Scott's work such as gender construction, political issues and geographical locations. Finally, the encyclopedia incorporates entries on films by other directors who have influenced Scott's approach to his work as a director or producer. Each entry is followed by a bibliography of published sources both in print and online, making this the most comprehensive reference on Scott's body of work.

Thinking about Movies Peter Lehman, William Luhr, 2018-10-01. A complete introduction to analyzing and enjoying a wide variety of movies for film students and movie lovers alike. *Thinking About Movies: Watching, Questioning, Enjoying* Fourth Edition is a thorough overview of movie analysis designed to enlighten both students and enthusiasts and heighten their enjoyment of films. Readers will delve into the process of thinking about movies critically and analytically and find how doing so can greatly enhance the pleasure of watching movies. Divided roughly into two parts, the book addresses film studies within the context of the dynamics of cinema before moving on to a broader analysis of the relationship of films to the larger social, cultural and industrial issues informing them. This updated fourth edition includes an entirely new section devoted to a complete analysis of the film adaptation of *The Girl with the Dragon Tattoo* along with many in-depth discussions of important films such as *Citizen Kane* and *Silence of the Lambs*. The chapter on television integrates a major expansion distinguishing between television in the digital era of the convergence of the entertainment and technology industries in comparison to the era of broadcast analogue television. The final chapter places film within the current context of digital culture, globalization and the powerful rise of China in film production and exhibition. The authors clearly present various methodologies for analyzing movies and illustrate them with detailed examples and images from a wide range of films from cult classics to big budget award winning movies. This helps viewers see new things in movies and also better understand and explain why they like some better than others. *Thinking About Movies: Watching, Questioning, Enjoying* Fourth Edition is ideal for film students immersed in the study of this important contemporary medium and art form as well as students and readers who have never taken a class on cinema before.

What Ever Happened to Orson Welles? Joseph McBride, 2022-01-11. In this intimate and often surprising personal portrait, Joseph McBride challenges the conventional wisdom that Welles's career after *Citizen Kane* widely regarded as the

greatest film ever made fell into a long decline. The author shows instead how Welles never stopped directing radical adventurous films and was always breaking new artistic ground as a filmmaker. McBride is the first author to provide a comprehensive examination of the films of Welles's artistically rich yet widely misunderstood later period in the United States, 1970-1985, when McBride knew the director and worked with him as an actor on *The Other Side of the Wind*, Welles's personal testament on filmmaking. To put Welles's later years into context, the author reexamines the filmmaker's entire life and career. This newly updated edition rounds out the story with a final chapter analyzing *The Other Side of the Wind*, finally completed in 2018, and his rediscovered 1938 film *Too Much Johnson*. McBride offers many fresh insights into the collapse of Welles's Hollywood career in the 1940s, his subsequent political blacklisting, and his long period of European exile. *What Ever Happened to Orson Welles* serves as a major reinterpretation of Welles's life and work. McBride's revealing portrait changes the framework for how Orson Welles is understood as a man, an actor, a political figure, and a filmmaker. Roy Scheider

Diane C. Kachmar, 2008-11-21. Over his 30-plus year acting career, Roy Scheider has redefined America's idea of a leading man thanks to his talent for playing an urban everyman that audiences relate to and root for despite flaws and failures. He rose to fame in the early 1970s in the Oscar-winning films *Klute* and *The French Connection*; his first Oscar nomination. Roy garnered more critical acclaim in *Jaws* and *Marathon Man*, as well as a second Oscar nomination for *All That Jazz*. Scheider's life and career are chronicled in this work. Beginning with his childhood in New Jersey, it traces his development from a community theater actor to a world-renowned movie star and covers his more recent work in the Golden Globe-winning *RKO 281* and the Shakespearean drama *King of Texas*. Includes a complete filmography and index. **Focus On: 100 Most Popular 20th-century American Politicians** Wikipedia contributors, **Vanity Fair**, 1999-11. **El cine en el cine** David Caldevilla Domínguez, 2019-10-28.
