Higher Education's Road to Relevance Susan A. Ambrose, Laura A. Wankel, 2020-01-02 Explores the current context role and challenges of post secondary education and presents options for promising pathways forward The post secondary educational system has undergone dramatic changes and experienced immense stress in the past two decades Once regarded as the logical next step toward career opportunities and financial security higher education is a subject of growing uncertainty for millions of people across the United States It is more common than ever to question the return on investment skyrocketing cost and student debt burden of going to college Prospective students and many employers increasingly view attending institutions of higher learning as inadequate preparation for entering the 21st century workforce High profile scandals financial impropriety sexual abuse restrictions of free speech among others have further eroded public trust In response to these and other challenges leading voices are demanding strengthened accountability and measurable change Higher Education's Road to Relevance illustrates why change is needed in post secondary education and offers practical solutions to pressing concerns The authors internationally recognized experts in college level teaching and learning innovation draw heavily from contemporary research to provide an integrative approach for post secondary faculty staff and administrators of all levels This timely book helps readers identify the need for leadership in developing new networks and ecosystems of learning and workforce development This valuable book will help readers Understand the forces driving change in higher education Develop multiple pathways to create and credential self directed learners Promote access to flexible cost effective and relevant learning Adapt structures and pedagogies to address issues and overcome challenges Use an inclusive approach that extends to employers K 12 educators post secondary educators and policy makers among others Higher Education's Road to Relevance is a much needed resource for college and university administrators academic researchers instructors and other faculty and staff who support and interact with students

The Road Ahead Dawn Hunter, 2013-12-11 Successful transition from school to adult life has always been difficult for people with disabilities especially in the area of employment The vast majority of people with disabilities are either unemployed or underemployed with low wages and few benefits and many governments are struggling to find a way of providing employment and benefits to people with disabilities without creating disincentives to work This book provides strategies and ideas for improving the lives of people with disabilities exploring new ways of enabling a successful transition to an integrated adult working life by providing effective instruction and support Following an introduction which outlines the importance of transition services and meaningful outcomes topics covered in the remaining chapters include Person Centered Transition Planning Enhancing Competence and Independence Employment Assessment and Career Development Collaboration between Agencies for a Seamless Transition Independent Living and Supported Living and Community Functioning Skills The book will be of interest

to all those who work with transition age students as well as those who work with adults with disabilities and want to enable them to have the best life possible To paraphrase Helen Keller people with disabilities not only need to be given lives they need to be given lives worth living *Florida Highways* ,1923 Accompanied by Florida highways official detour bulletin Feb 1942 **College Knowledge for the Community College Student** David Schoem,Lynn Dunlap,2011-07-07 Most students arrive at college not fully aware of just how different the college experience is from other prior experiences The intellectual and social expectations as well as the rules and regulations are different and not just different from high school While all college students must learn to negotiate the transition to college the challenges for those who enroll in community colleges are unique Many community college students work and many work full time Many also have family responsibilities children partners and aging parents A majority of community college students are the first in their family to enroll in college Some students both from abroad and from the United States do not speak English fluently Some students are retired military personnel and some are seeking to make a career change This book strives to speak to this diversity as well as to situations specific to today s U S community college students College Knowledge for the Community College Student is a road map and tour guide for a successful community college experience and education Tips are based on research and the wisdom and advice of other community college students and are designed to help students learn succeed graduate and have a rewarding and fulfilling community college experience Education Roads Less Traveled Mitch Pearlstein,2019-02-15 Every year large numbers of American young people who are not terribly interested in attending a four year college reluctantly enroll anyway effectively pressured by combinations of parents peers teachers guidance counselors and the normative air they breathe More than occasionally they wind up confirming that collegiate life is not for them and sooner or later drop out From there again more than occasionally they find themselves unemployed or underemployed in big time student debt and quite possibly feeling like a failure Cratered paths like these routinely stunt entries to middle class jobs and careers These are often needless delays and losses because other education and career routes are primed to better serve millions of young men and women especially those who enjoy working with their hands Taking advantage of these routes also simultaneously enriches our economy Digging deeply into issues like these is the book s main aim Helping teenagers think through what they want to do with their lives occupationally is its main educational mission Recognizing the economic and other dangers posed by severe skill gaps made worse by the retirement of skilled baby boomers adds urgency to the mix *Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships* Suzanne McCray,Joanne Brzinski,2017-08-01 Applying for nationally competitive scholarships can be a daunting process for students Thousands apply each year for scholarships with familiar names like the Rhodes Marshall Gates Cambridge Schwarzman Fulbright Truman Goldwater Udall and Madison or for one of many STEM opportunities like National Science Foundation Graduate Research Fellowships or National Defense Science and Engineering Fellowship For many the applications present an unfamiliar territory so students seek out informed

advisors who can help them navigate the terrain This volume of essays is a great way for anyone advising students through an application to become an expert Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships provides critical information from scholarship foundations about the best ways to guide students from considering a career path to completing the application to preparing for an interview Experienced advisors also share helpful tips on practical topics like writing letters of endorsement or assisting those who want to study abroad and they provide programmatic advice on how to broaden the pool of applicants address those with financial needs and make all who apply feel the process has value beyond winning Roads Less Traveled and Other Perspectives on Nationally Competitive Scholarships is a must for anyone advising students on scholarships *Resources in Education* ,2000-10 **Roads to Prosperity and Ruin**

Fernando Armstrong-Fumero,2025-09-30 In 2022 journalists announced the impending economic death of a small Mexican town Pist gateway to the famed Chich n Itz archaeological site would be circumvented by the Tren Maya commuter rail megaproject and consequently deprived of the promise of steady tourist traffic Instead of ruminating with frustration locals set to work on negotiations with the state and federal governments Generations of experience taught them that pragmatic engagement with mainstream political parties was essential in turning into opportunity projects with the potential to kill the local economy Fernando Armstrong Fumero situates the Tren Maya in a long history of roadbuilding and economic development on the Yucat n Peninsula beginning in the 1930s Drawing together archival research and decades of ethnographic work Armstrong Fumero develops the concept of negative infrastructure to show how infrastructural and industrial investments configure rural economic futures as well as how communities seek to mitigate the harms from projects designed to benefit other regions or interests The push and pull of development reveals the strategies residents use to influence political change through municipal elections and informal protest Recognizing their life changing potential rural Maya Yucatecans recast infrastructural projects as new possibilities for inclusion agency and resistance as participants in formal state and economic structures *Public Roads* ,2001
