benefits challenges and opportunities for employing community service as the driving framework for field experiences This publication is a vital resource for practitioners educators faculty and administrators seeking current research on the opportunity of field involvement to enhance teacher candidates experiences and provide a channel for meaningful learning

Service-Learning in Occupational Therapy Education Kathleen Flecky, Lynn Gitlow, 2009-11-13 Service Learning in Occupational Therapy Education Philosophy and Practice explores the use of service learning as a pedagogical tool for educators to enhance occupational therapy students knowledge and skills in the areas of critical thinking and problem solving diversity health promotion community issues social justice and citizenship These areas are representative of core competencies needed by occupational therapy professionals for occupation based practice in the 21st century This text describes philosophical and theoretical principles of service learning in relationship to occupational therapy philosophical and pedagogical traditions Effective service learning educational strategies and experiential applications of occupational therapy in the community are highlighted through the presentation of case studies of service learning initiatives in occupational therapy programs across the United States Examples of how to design implement and assess service learning projects and partnerships are provided along with insights and lessons learned from faculty engaging in service learning Description of the relevance and congruence of philosophical and theoretical traditions of service learning and occupational therapy Links service learning specifically to occupational therapy education faculty and student friendly exercises and reflective activities on practice Samples of how to initiate partnerships develop course objectives and syllabi aligned with Accreditation Council of Occupational Therapy Education ACOTE guidelines readings websites and course support materials as well as project and student assessment tools Description of lessons learned from faculty including the strengths and challenges of service learning based on qualitative and quantitative assessment results and community based research Primary Courses Community Service in Occupational Therapy Service Learning in Occupational Therapy Additional courses could include Occupational Therapy in the Community Community based Occupational Therapy Practice Emerging Areas of Practice in Occupational Therapy Experiential Community Practice in Health Professions 2011 310 pages [Toward a Civil Society](#) C. David Lisman, 1998-08-30 Addressing the need for marshaling the resources of education to help promote a more civil society this book argues that education has a critical role to play in challenging the dominant views of politics and education Service learning or academically based community service is seen as a promising educational pedagogy that can help students acquire civic virtue and serve as a mechanism to enable institutions of higher education become stronger community partners However there is currently a lack of theoretical grounding for the service learning movement consequently service learning is in danger of being co opted by academic traditionalism which could vitiate service learning s social transformative potential and in fact undermine efforts at democratic revitalization The author provides a basic explanation of service learning and how it is connected to promoting civic virtue It examines the underlying public philosophy

debate between weak and strong democracy theorists or procedural and civic republicanism This book argues that certain approaches to service learning such as the voluntarist or charity model the experiential education model and the justice model are ineffective because of their association with weak democracy theory or procedural republicanism The central argument of this book is that a progressive communitarian public philosophy maintaining that individuals attain meaning and significance in the context of community is the most appropriate grounding for service learning

Research Anthology on Service Learning and Community Engagement Teaching Practices Management Association, Information Resources, 2021-12-30 The need for more empathetic and community focused students must begin with educators as service learning has begun to grow in popularity throughout the years By implementing service and community aspects into the classroom at an early age educators have a greater chance of influencing students and creating a new generation of service minded individuals who care about their communities Teachers must have the necessary skills and current information available to them to provide students with quality service learning and community engagement curricula The Research Anthology on Service Learning and Community Engagement Teaching Practices provides a thorough investigation of the current trends best practices and challenges of teaching practices for service learning and community engagement Using innovative research it outlines the struggles frameworks and recommendations necessary for educators to engage students and provide them with a comprehensive education in service learning Covering topics such as lesson planning teacher education and cultural humility it is a crucial reference for educators administrators universities lesson planners researchers academicians and students
