The Frontier Army in the Settlement of the West Michael L. Tate, 2001-10-01 A reassessment of the military's role in developing the Western territories moves beyond combat stories and stereotypes to focus on more non martial accomplishments such as exploration gathering scientific data and building towns [Seth Eastman's Mississippi](#) John Francis McDermott, 1973 The Mississippi River landscape so appealed to Captain Seth Eastman stationed at Fort Snelling that between 1846 and 1848 he painted dozens of excellent miniature landscapes of the river from the Falls of St Anthony in Minnesota to a point below St Louis near the mouth of the Ohio Seventy nine of the detailed scenes are reproduced here enabling us to see the river as Eastman saw it in its wilderness state over 125 years ago when white men's towns were just beginning to appear on the shores Only recently discovered in a private collection the delicate watercolors establish Eastman as an important landscape painter and the best watercolorist of the Upper Mississippi Trained as a topographical artist at the U S Military Academy Eastman approached painting realistically Well known for his exact portrayals of Chippewas Winnebagoes and Sioux at their daily activities Eastman displays in his landscapes the same precise realization of the river scene The newly found paintings form the most extensive and carefully observed visual documentation of the Upper Mississippi ever undertaken Of their quality McDermott writes So small that they might have been painted with the aid of a jeweler's glass so sharply distinct that the artist might have been viewing scenes through a telescope so sensitive in the use of atmosphere so delicate in their tints these pictures are a glowing triumph for Eastman McDermott who also wrote The Lost Panoramas of the Mississippi and Seth Eastman Pictorial Historian of the Indian traces the history of these watercolors in an absorbing essay and compiles an annotated catalog of them Publisher's description **Witnesses to a Vanishing America** Lee Clark Mitchell, 2014-07-14 Propelled across the continent by notions of rugged individualism and manifest destiny pioneer Americans soon discovered that such slogans only partly disguised the fact that building an empire meant destroying a wilderness Through an astonishing range of media they voiced their concern about America's westward mission Drawing on a wide variety of evidence Lee Clark Mitchell portrays the growing apprehensions Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [The Settlement of America](#) James A. River of Dreams Thomas Ruys Smith, 2007-06 Even in the decades before Mark Twain enthralled the world with his evocative representations of the Mississippi the river played an essential role in American culture and consciousness Throughout the antebellum era the Mississippi acted as a powerful symbol of America's conception of itself and the world's conception of America As Twain understood The Mississippi is well worth reading about Thomas Ruys Smith's *River of Dreams* is an examination of the Mississippi's role in the antebellum imagination exploring its cultural position in literature art thought and national life Presidents politicians authors poets painters and international celebrities of every variety experienced the Mississippi in its Golden Age They left an extraordinary collection of representations of the river in their wake images that evolved as America itself changed From Thomas Jefferson's vision for the Mississippi to Andrew Jackson and the rowdy river culture of the early nineteenth century Smith charts the Mississippi's shifting importance in the making of the nation He examines the accounts of European travelers including Frances Trollope Charles Dickens and William Makepeace Thackeray whose views of the river were heavily influenced by the world of the steamboat and plantation slavery

Smith discusses the growing importance of visual representations of the Mississippi as the antebellum period progressed exploring the ways in which views of the river particularly giant moving panoramas that toured the world echoed notions of manifest destiny and the westward movement He evokes the river in the late antebellum years as a place of crime and mystery especially in popular writing and most notably in Herman Melville's *The Confidence Man* An epilogue discusses the Mississippi during the Civil War when possession of the river became vital symbolically as well as militarily The epilogue also provides an introduction to Mark Twain a product of the antebellum river world who was to resurrect its imaginative potential for a post war nation and produce an iconic Mississippi that still flows through a wide and fertile floodplain in American literature From empire building in the Louisiana Purchase to the trauma of the Civil War the Mississippi's dominant symbolic meanings tracked the essential forces operating within the nation As Smith shows in this groundbreaking work the story of the imagined Mississippi River is the story of antebellum America itself The Florida Historical Quarterly, 1973 The Chant of Life Mark L. MacDonald, 2000 What does it mean to inculturate liturgy Why is it necessary What value does it hold for the people Does it impact the church as a whole What does the process of inculturation teach about liturgy Bishop McDonald as editor has assembled a broad list of contributors who address the issues of liturgical inculturation from theological scriptural musical spiritual and pastoral perspectives in the context of the Native American community The discussions are of value to the wider church as it looks forward to a new era **What this Awl Means** Janet Spector, 2009-08 This pioneering work focuses on excavations and discoveries at Little Rapids a 19th century Eastern Dakota planting village near present day Minneapolis **Library of Congress Catalogs** Library of Congress, 1976 *The Era of the Civil War--1820-1876* Louise A.
