## Setting Municipal Priorities 199:

**Power Failure** Charles Brecher, Raymond D. Horton, 1993-04-08 New York City's municipal government is the largest and most complex in the nation perhaps in the world. Its annual operating budget is now a staggering 29 billion a year plus it has a capital budget of 4 billion more. The city and its various agencies employ approximately 360 000 full time workers. The Office of the Mayor alone employs some 1 600 people and spends some 135 million. And the Police Department boasts a small army of over 25 000 officers with a budget of 1.5 billion. Anyone wanting to make sense of an organization this vast needs an excellent guide. In *Power Failure* Charles Brecher and Raymond Horton provide a complete guidebook to the political workings of New York City. Ranging from 1960 to the present the authors explore in depth the political machinery behind City Hall from electoral politics to budgetary policy to the delivery of city services. They examine the operation of the Office of the Mayor and the City Council covering everything from the number of members and their annual salaries. Council Members receive 55 000 per year the Council President 105 000. To the mayoral races of John V Lindsay Abraham Beame and Edward I Koch. Much of this encyclopedic work focuses on New York's ever present financial woes including the financial crisis of the mid 1970s when the City had an unaudited deficit of over a billion dollars and the public credit markets closed their doors. They examine the repeated failure of collective bargaining to set wage policy before the annual operating budget is set which undermines the integrity of the budgetary process and they look at the main source of revenue the property tax. Homeowners pay 84 cents per hundred dollars of market value commercial property owners pay 4.31 a politically motivated imbalance which the authors find economically harmful and grossly unfair to renters and businesses. Finally they examine service delivery and discover not surprisingly that the highest local taxes in the nation are not spent efficiently. The authors offer detailed looks at the uniformed services police fire sanitation corrections the Department of Parks and Recreation and the Health and Hospitals Corporation which operates the country's largest municipal hospital system revealing which departments are run well and which are not. For New York City residents this is an essential volume for understanding City Hall. Indeed anyone baffled by big city government whether you live in New York or in any major metropolis will find in this volume a wealth of information on how to run a city well and how to run it into the ground. *Working-Class New York*

Joshua B. Freeman, 2021-04-20 A lucid detailed and imaginative analysis. The Nation of the model city that working class New Yorkers created after World War II and its tragic demise. More than any other city in America New York in the years after the Second World War carved out an idealistic and equitable path to the future. Largely through the efforts of its working class and the dynamic labor movement it built New York City became the envied model of liberal America and the scourge of conservatives everywhere. Cheap and easy to use mass transit work in small businesses and factories that had good wages and benefits affordable public housing and healthcare for all. *Working Class New York* is an engrossing Dissent account of the birth of that ideal and the way it came crashing down. In what Publishers Weekly calls absorbing and beautifully detailed

history historian Joshua Freeman shows how the anticommunist purges of the 1950s decimated the ranks of the labor movement and demoralized its idealists and how the fiscal crisis of the mid 1970s dealt another crushing blow to liberal ideals as the city's wealthy elite made a frenzied grab for power A grand work of cultural and social history Working Class New York is a moving chronicle of a dream that died but may yet rise again *The State of the Uniformed Services*, 1990

**Labour Inside the Gate** Matthew Worley,2005-03-24 In 1906 a confident Labour Party felt that it was already rattling the governing classes Its campaigning cartoon which gives this book its title showed the party wielding an axe towards the gates of Parliament cutting through the special interests protecting the old system to aid the working classes What followed was the remarkable transformation of a parliamentary pressure group into a credible governing force The inter war years were a crucial stage in the development of the Labour Party as it grew from pressure group status to national opposition to party of government At the end of the Great War 1914 1918 Labour had a developing national organisation and a fledgling constitution By 1922 it rivalled the war ravaged Liberals as the party of opposition a fact that was affirmed with the formation of the first minority Labour government in January 1924 The second Labour administration of 1929 collapsed amidst the whirlwind of the great depression but the organisational basis of the party remained solid allowing Labour to reinvent itself over the 1930s By the Second World War the foundations had been laid for the landslide victory that brought in the Attlee government of 1945 Matthew Worley has written the first study dedicated solely to this crucial period in Labour s development In an accessible style he provides a comprehensive account of all aspects of the movement Using a wide range of sources he explores this often marginalised period in Labour s history both looking at the parliamentary party and the growing network of constituency parties Worley s approach unites high politics and issues that cross local and national

boundaries He combines policy social history and economics with broader themes such as gender and culture Labour inside the Gate will appeal to students and scholars as well as all those interested in Labour s history Its new insights into the 1945 landslide victory illuminate this important period in the growth of the Labour Party as it continues to redefine and realign itself as the new party of government
