A tireless champion of the downtrodden Nelson Algren one of the most celebrated writers of the 20th century lived an outsider s life himself He spent a month in prison as a young man for the theft of a typewriter his involvement in Marxist groups earned him a lengthy FBI dossier and he spent much of his life palling around with the sorts of drug addicts prostitutes and poor laborers who inspired and populated his novels and short stories Most today know Algren as the radical womanizing writer of *The Man with the Golden Arm* which won the first National Book Award in 1950 but award winning reporter Mary Wisniewski offers a deeper portrait Starting with his childhood in the City of Big Shoulders Algren sheds new light on the writer s most momentous periods from his on again off again work for the WPA to his stint as an uninspired soldier in World War II to his long distance affair with his most famous lover Simone de Beauvoir to the sense of community and acceptance Algren found in the artist colony of Sag Harbor before his death in 1981 Wisniewski interviewed dozens of Algren s closest friends and inner circle including photographer Art Shay and author and historian Studs Terkel and tracked down much of his unpublished writing and correspondence She unearths new details about the writer s life work personality and habits and reveals a funny sensitive and romantic but sometimes exasperating insecure and self destructive artist The first new biography of Algren in over 25 years this fresh look at the man whose unique style and compassionate message enchanted readers and fellow writers and whose boyish charm seduced many women is indispensable to anyone interested in 20 century American literature and history      *The Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1904      School ,1924      Lawrence* Bruce Leigh,2014-05-19 More than one hundred books have been written about T E Lawrence which explore the man and his deeds Just about every aspect and the many incarnations of his life his campaigns the geo politics of the Arab world and the influence of the West in it as Lawrence experienced them have been examined However nobody has gone in search of the mind of the man himself of his formation and his deep beliefs Nobody has asked the question What really is the source of the extraordinary power of this little man not only in terms of his incontestable qualities of leadership but also in regard to the sheer range of his activities and accomplishments Archaeologist writer guerilla warfare theorist and practitioner diplomat soldier and airman Lawrence also possessed an unusual ability to cross boundaries of class race culture and religion On top of this he demonstrated the ability to walk away from power and wealth and the accumulation of things to change his name more than once to begin again at the bottom of the heap in the

RAF and stay there with only a few friends and books and a motorcycle Lawrence Warrior and Scholar is a quest It examines how a slight Oxford academic combined two of the most challenging paths a man can choose What drove and motivated this man How was it that he could apparently out shoot out ride and out starve the Bedouin How is it that the US military and others are still studying his famous account of the Arab Revolt and his 27 Articles Drawing upon what Lawrence and those who knew him wrote and did and said Bruce Leigh delves into Lawrence s personal philosophy and practices examining and analyzing his library and his close relationship to the world of classical scholarship and chivalry emphasizing that Lawrence s views were not abstractions only but intimately tied to his actions and deeds Ultimately the book argues that there is a message in Lawrence s writings and activities one that is against the grain of the world of self definition by consumption As one of his friends wrote The Man was great the message is greater
