**Dan D. Crawford**

## **Seventy Years On Hope Street A History Of The Church Of The Open Door 1915-1985:**

An Uncommon Union John D. Hannah, 2009 This insightful history explores the stereotype of Dallas Theological Seminary as an anti intellectual stronghold of fundamentalism and dispensational premillennialism The tenures of the school's five presidents reveal the tensions that DTS a blend of differing heritages and of opposing traditions has experienced amid changes in American religious and cultural life

*The Story of Faith Missions* Klaus Fiedler, 1994

**The Political Culture of the New West** Jeff Roche, 2008-10-28 From wildcatting Texas oilmen to Colorado rock climbers from hipster capitalists to populist moralizers westerners have proven themselves to be a highly individualistic breed of American as much in their politics as in their vocations or lifestyles This first book on the landscape of the American West's politics looks beyond red state blue state assumptions to explore how westerners have expanded the boundaries of the political and emerged as a harbinger of America's electoral future Representing a wide range of specialties popular culture business history the environment ethnic history agriculture and more these authors portray a politically heterogeneous region and show how its multiple traditions have strongly shaped the nation's body politic Viewing politics as more than cyclical electioneering they draw on historical evidence to portray westerners imaginatively rethinking democratic practice and constantly forging new political publics These twelve essays move western political history beyond the usual discussions of elections and parties and the standard issues of water progressivism and states rights Some explore claims to western authenticity among those associated with western conservatism not just regional heroes like Barry Goldwater and Ronald Reagan but farmers and evangelicals as well Others examine the transformation of the West's minority communities to reveal a liberalism that celebrates diversity and articulates claims for social justice The final chapters reveal the complexity of contemporary western political culture challenging longstanding assumptions about such notions as space nature and the liberal conservative divide Here then is the paradox of western politics in all its enigmatic glory with frontier individualism going head to head with multiethnic diversity in debates over divergent views of western authenticity and wild cards put into play by counterculturalists cyber libertarians fiscally conservative gun toting Democrats and environmentalists The Political Culture of the New West shows how westerners have expressed themselves within a complex often contradictory and constantly changing political culture and helps explain why no electoral outcome in this part of America can be predicted for certain

**A Thirst for Souls** Dan D. Crawford, 2010-08 A philosopher son comes to grips with his evangelist father's life and ministry and his passion for winning lost souls The author situates Percy Crawford within the fundamentalist movement he encountered in 1923 when he came to Los Angeles to get a college education and instead got converted at Reuben Torrey's Church of the Open Door The book identifies Crawford's main contributions to fundamentalism at a critical time in its history the 1930s and 40s when it was languishing and marginalized in American life Crawford was one of the young men on fire who effectively used the new medium of radio and later television as vehicles for spreading the gospel His direct and hard hitting preaching

style together with a high quality musical program assembled by his wife and life long partner in evangelism Ruth helped to remake the public image of fundamentalism and rekindle the spirit of revivalism **Conflicted Power in Malawian Christianity** Fiedler, Klaus, 2015-12-01 The volume constitutes Klaus Fiedler's crowning contribution to scholarship Essays in the first half of the book focus on Malawian Christianity and how contrasting Powers Gospel and Secular engage each other creating social political and cultural conflict in the process In the second half Fiedler examines general missiological themes These essays provide a broader missiological background offering a theoretical framework necessary for appreciating the essays in the first half He concludes with a chapter that reviews selected seminal books on themes under study Throughout the volume Fiedler applies the restorationist revival theory he constructed in *The Story of Faith Missions* an earlier 1994 work putting emphasis on non classical missions and churches not systematically covered in earlier scholarship This volume the first of its kind on Malawian Christianity will long remain an indispensable text for those interested in Missiology and Malawian Christianity **Interdenominational Faith Missions in Africa** Klaus Fiedler, 2018-03-13 It was not the European and American churches which evangelised Africa but the mission societies The missions from the Great Awakening such as the London Missionary Society and Church Missionary Society or the Holy Ghost Fathers and the White Fathers which started the process of Sub Saharan Africa becoming a Christian continent are well known and documented Less known and less documented are the interdenominational faith missions which began in 1873 with the aim of visiting the still unreached areas of Africa North Africa the Sudan Belt and the Congo Basin Missions such as the Africa Inland Mission or Sudan Interior Mission gave birth to some of the big churches like ECWA in Nigeria and Africa Inland Church in Kenya It is the aim of this book to describe faith missions and their theology and to present an overview of the early development of faith missions insofar as they touched Africa **Books in Print**, 2002 *Subject Guide to Books in Print*, 2001 00 0000 00(0 0), 2015-12-15 Westminster Theological Seminary PA Th M 1924 1952 Joseph J Kang Abreviation 1 2 2 1 2 2 2 3 2 4 3 3 1 3 2 3 3 3 4 Griffith Thoms Lecture 4 4 1 4 2 5 5 1 5 2 5 3 5 4 5 5 5 6 1929 5 7 5 8 5 9 6 6 1 6 2 6 3 6 4 7 7 1 7 2 7 3 7 4 7 5 8 9 9 1 9 2 9 3 1947 9 4 9 5 John F Walvoord Bibliography **Religion and American Politics** Mark A. Noll, Luke E. Harlow, 2007-09-13 How do religion and politics interact in America How has that relationship changed over time Why have American religious and political thought sometimes developed along a parallel course while at other times they have moved in opposite directions These are among the many important and fascinating questions addressed in this volume Originally published in 1990 as *Religion and American Politics From The Colonial Period to the 1980s* 4921 paperback copies sold this book offers the first comprehensive survey of the relationship between religion and politics in America It features a stellar lineup of scholars including Richard Carwardine Nathan Hatch Daniel Walker Howe George Marsden Martin Marty Harry Stout John Wilson Robert Wuthnow and Bertram Wyatt Brown Since its publication the influence of religion on American politics and therefore interest in the topic has grown exponentially For this new edition Mark Noll and new co editor Luke

Harlow offer a completely new introduction and also commission several new pieces and eliminate several that are now out of date The resulting book offers a historically grounded approach to one of the most divisive issues of our time and serves a wide variety of courses in religious studies history and politics *Books in Print Supplement* ,1985 **Die**
