Ecomasculinities Rubén Cenamor, Stefan Brandt, 2019-01-25 While there exist numerous studies on ecocriticism and ecofeminism much less has been written about ecomasculinities This volume contributes to filling this gap by examining models of fictional ecomasculinity in and through contemporary U S literature and cinema Our study examines ecomasculinities as practices of masculinity which are deeply conservationist and can embrace non masculine traits In this line of thought a main goal of the volume is to interrogate the potential of ecomasculinities to elicit in men a desire to become engage in other practices of masculinity that are counter hegemonic and have as main goal to achieve equality on different strata of society Bridging the gap between the Social Sciences and the Humanities the book interrogates intersections between ecomasculinities and masculinities beyond capitalism ecomasculinities and aging and ecomasculinities and queerness among others
Paul against the Nations Neil Elliott, 2023-11-10 In these essays some of them never published before Neil Elliott presents an understanding of Romans at odds with the traditional Protestant understanding a treatise on justification by faith or the New Perspective Paul s argument with Jewish ethnocentrism The letter that emerges here is an urgent response to a historical situation Paul engages what would quickly become the supersessionist norm in gentile Christianity shaped by the Roman construal of subject peoples Gathered here for the first time these studies rely on rhetorical criticism broad attention to Roman imperial ideology and postcolonial criticism to argue for a strikingly new perspective on Romans

accounts of prostitutes in London to address questions of how particular sexual practices and identifications were normalized while others were proscribed By exploring contemporary mis appropriations of medieval tropes in texts ranging from Quentin Tarantino s Pulp Fiction to recent Congressional debates on U S cultural production Dinshaw demonstrates how such modern media can serve to reinforce constrictive heteronormative values and deny the multifarious nature of history Finally she works with and against the theories of Michel Foucault Homi K Bhabha Roland Barthes and John Boswell to show how deconstructionist impulses as well as historical perspectives can further an understanding of community in both pre and postmodern societies This long anticipated volume will be indispensable to medieval and queer scholars and will be welcomed by a larger cultural studies audience
