*The Momma Guide* Traci Davis,Vicki Holleman-Perez,2010-05 FOR THOSE WHO WISH THEIR KID CAME WITH AN INSTRUCTION MANUAL Here s a book for you Authors Traci Davis Vicki Holleman Perez have written The Momma Guide providing everyday practical advice for mommas everywhere The Momma Guide addresses topics are far ranging as birth health problems depression divorce death and everything in between As inspirational as it is informational the hefty volume 461 pages is a handy reference guide whenever something new and challenging comes up around the house And though it might be easy to think of it as a Desk Reference for Moms the information within is equally applicable to dads Written by mommas for mommas a book length reassurance that You are not alone and You re not the only one who s ever had difficulty understanding how to be a good momma the delightful book took longer to write than normal because the author s practicing what they preach put their families first often writing with a child on their lap

Midwifery and Sexuality Sam Geuens,Ana Polona Mivšek,Woet.L. Gianotten,2023-03-09 This first open access book on midwifery and sexuality integrates sexual health into the care for the pregnant and postpartum couple It addresses sexuality and intimacy from an education and prevention perspective instead of just focusing on treating problems aiming to foster the development of sexual well being and happy couplehood Sexuality and intimacy are essential elements in the bonding of the couple and the parents to be That process can be seriously hampered by sexual problems due to mutual misunderstanding fear and sexual troubles especially when the natural processes of conceiving pregnancy and delivery are disturbed In this phase of life disruption of intimacy sexuality and sexual relationship is a significant risk factor for developing couple and family problems The need for such a book stems from the very limited attention given to this health area in the daily practice of most midwives and related healthcare professionals In building a close relationship with the couple through frequent intense longstanding contact the midwife acquires a perfect position to address sexuality and intimacy With 36 authors from 14 countries the book comprises five modules 1 Sexuality 2 Sexual aspects of the various phases of reproduction when things develop without complications 3 Sexual aspects when those same phases deviate from physiology 4 Special topics on sexuality relevant to daily midwifery practice 5 Teaching learning skills and competencies with regard to sexuality This new practical textbook guides healthcare professionals such as midwives obstetricians gynaecologists nurses general practitioners pelvic floor therapists etc by offering both basic knowledge and skills on sexual health and wellbeing combined with modern sexological knowledge like the entirely new topic of sexual aspects of preconception care
