The Primal Teen Barbara Strauch, 2007-12-18 A groundbreaking look at the teenage brain for anyone who has puzzled over the mysterious and often infuriating behavior of a teenager While many members of the scientific community have long held that the growing pains of adolescence are primarily psychological Barbara Strauch highlights the physical nature of the transformation offering parents and educators a new perspective on erratic teenage behavior Using plain language Strauch draws upon the latest scientific discoveries to make the case that the changes the brain goes through during adolescence are as dramatic and crucial as those that take place in the first two years of life and that teenagers are not entirely responsible for their sullen rebellious and moody ways Featuring interviews with scientists teenagers parents and teachers The Primal Teen explores common challenges why teens go from articulate and mature one day to morose and unreachable the next why they engage in risky behavior and offers practical strategies to help manage these formative and often difficult years

The Golden Calf Douglas Maloney, 2005-06 Crooked land developer Charles Tucker loathed Santa Cecilia County After the county government prosecuted him for fraud he swore vengeance At his death he left his fortune in a trust and required that every cent be spent in Santa Cecilia He suspected that his wealth would cause misery envy loathing and avarice He was right The spectacular trust fund creates a feeding frenzy among covetous contenders from committed altruists to adept con artists

Expensive lawyers and their eager clients vie to garner the trust funds for their programs from a woman's center to a junk science scam. The intense turmoil opens the door on an inside view of big buck philanthropy and the human needs biz. Trustees, lawyers, claimants and the hopeful recipients are swept up in an Olympian struggle for charitable funds just as Tucker gleefully intended. *The Golden Calf* is a delicious mix of cynicism, politics and compassion as it plumbs the best and worst of human nature in the pursuit of charitable funds.

Attachments Judith Rossner, 2014-07-08 From the New York Times bestselling author of *Looking for Mr Goodbar* comes the story of two women whose relationships to conjoined twins puts their friendship to the ultimate test. A haunting story of an obsessive relationship, physical, spiritual and sexual bonding, jealousy and eroticism, tenderness and exploitation, a woman who draws her closest friend into a bizarre union, the two men who marry them, want and need them despite their own inevitable attachment and wildly sensuous fantasies that suddenly come true.
