Mike The Memoirs Of The Rt Hon Lester B Pearson Volume Two:

Mike Lester B. Pearson, 2015-01-01 Volumes 2 3 edited by John A Munro and Alex I Inglis **Rise to Greatness, Volume 2: Dominion (1867-1949)** Conrad Black, 2017-04-04 Sweeping ambitious and revelatory this is the second volume in a major history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today

Canada's Department of External Affairs, Volume 2 John Hilliker, Donald Barry, 1995-04-04 In 1946 with its own minister for the first time the Department of External Affairs embarked on a period of impressive growth and assumed responsibility for a broader range of foreign policy issues than ever before Under the expert guidance of Lester Pearson for a decade the department enjoyed popular and parliamentary consensus about international interests The election of the Diefenbaker government in 1957 deprived the department of Pearson's experienced ministerial direction and exposed it to new priorities and new ways of doing things At this time foreign policy consensus began to erode As well there was pressure to respond to the administrative revolution inaugurated by the Royal Commission on Government Organization the Glassco Commission appointed in 1960 After Pearson returned to office as prime minister in 1963 questioning by the public and also by the governing party and the cabinet became more fervent Coming of Age concludes in 1968 as indications of a challenge to the principles underlying Canadian foreign policy emerged from a new generation of ministers a challenge that would produce major changes after Pierre Trudeau became prime minister **Canada 2022-2023** P. T. Babie, Charles J. Russo, James Kent Donlevy, 2022-09-29 The World Today Series Canada is an annually updated presentation of Canada It provides the reader an in depth look at the country's culture geography people economy politics and future The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students *People, Politics, and Purpose* Greg Donaghy, P. Whitney Lackenbauer, 2023-02-15 Biography is not on the periphery of history but in the middle of it historian Peter Waite astutely remarked People Politics and Purpose brings the historian's myriad tools to bear on Canadians from prime ministers to lumberjacks to Indigenous leaders Drawing on the rich details of biography the what the contributors also address the larger questions of motivation the so what that drive history In the process they prove the value

of analyzing both macro and micro dynamics within Canadian politics and society to illuminate the roles of political actors As such the biographies in *People Politics and Purpose* are not simply stories about the lives of individuals but critical reflections on subjects who are directly involved in and affected by politics in Canada This book makes for lively reading that stimulates fresh thinking about political biography and the direction of political history more generally *Handbook of Canadian Foreign Policy* Patrick James, Nelson Michaud, Marc J. O'Reilly, 2006-01-01 *Handbook of Canadian Foreign Policy* is the most comprehensive book of its kind offering an updated examination of Canada's international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics Highlighting both well known and understudied topics this handbook presents a marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century *Hope Restored: An Autobiography* by Paul Hellyer Paul Hellyer, 2018-09-07 This powerful book argues that the human species is at a tipping point when it is forced to choose between a New World Order fascist government committed to rapid depopulation or a world of peace and justice Hellyer demonstrates that God is alive well and everywhere and that humanity's choice is between the Dark and the Light To follow the Light means giving up atomic weapons replacing the oil economy with clean zero point energy developed by Americans in the 1960s having governments create 34 percent of all new money for public purposes rather than borrowing it from the 62 elite banking families a reconciliation of the two main branches of Islam and a just settlement of the Israeli Palestinian dispute to bring peace to the Middle East Finally it will be necessary for all countries races and faiths especially young people to forgive past atrocities and work together in common purpose to save the heritage they have in common **Canada: the Case for Staying out of Other People's Wars** William S. Geimer, 2016-12-05 Canada did not come of age at Vimy and in all of Canada's wars both soldiers and civilians have died in vain So why do people continue to support war in general despite its poor record of benefits And why in particular does Canada involve herself in other peoples wars Why does Canada never under any realistic threat of invasion continue to fight In Canada *The Case for Staying Out of Other Peoples Wars* author and trial attorney William S Geimer presents the case that Canada should end its fealty to powerful patrons like the United Kingdom and the United States and instead make a more valuable contribution to international relations Presented as a case laid out at trial the arguments outline a new vision and challenge the prevailing myth that Canada came of age on the world stage at Vimy Ridge during the Great War The evidence presented contains the stories of ordinary soldiers and civilians from every Canadian war and it traces unexamined factors that have produced foolish wars and a failure to enhance security a failure that governments of all stripes have been unwilling to admit Canada must follow a new and better path Pursuing policies derived from being in other peoples wars can never provide Canada with the kind of international recognition its citizens deserve It is past time for Canadians to talk rationally about staying out of other peoples wars The story of those wars tells us there is a better way *Canada First, Not Canada*

Alone Adam Chapnick, Professor of Defence Studies Adam Chapnick, Asa McKercher, Assistant Professor of History Asa McKercher, 2024 The definitive history of Canadian foreign policy since the 1930s Canada First Not Canada Alone examines how successive prime ministers have promoted Canada's national interests in a world that has grown increasingly complex and interconnected Case studies focused on environmental reform Indigenous peoples trade hostage diplomacy and wartime strategy illustrate the breadth of issues that shape Canada's global realm Drawing from extensive primary and secondary research Adam Chapnick and Asa McKercher offer a fresh take on how Canada positions itself in the world The Devil's Trick John Boyko, 2022-05-17 Forty five years after the fall of Saigon John Boyko brings to light the little known story of Canada's involvement in the American War in Vietnam Through the lens of six remarkable people some well known others obscure bestselling historian John Boyko recounts Canada's often overlooked involvement in that conflict as peacemaker combatant and provider of weapons and sanctuary When Brigadier General Sherwood Lett arrived in Vietnam over a decade before American troops he and the Canadians under his command risked their lives trying to enforce an unstable peace while questioning whether they were merely handmaidens to a new war As American battleships steamed across the Pacific Canadian diplomat Blair Seaborn was meeting secretly in Hanoi with North Vietnam's prime minister if American leaders accepted his roadmap to peace those ships could be turned around before war began Claire Culhane worked in a Canadian hospital in Vietnam and then returned home to implore Canadians to stop supporting what she deemed an immoral war Joe Erickson was among 30 000 young Americans who changed Canada by evading the draft and heading north Doug Carey was one of the 20 000 Canadians who enlisted with the American forces to serve in Vietnam Rebecca Trinh fled Saigon with her husband and young daughters joining the waves of desperate Indochinese refugees thousands of whom were to forge new lives in Canada Through these wide ranging and fascinating accounts Boyko exposes what he calls the Devil's wildest trick convincing leaders that war is desirable persuading the public that it is acceptable and telling combatants that the deeds they carry out and the horrors they experience are normal or at least necessary In uncovering Canada's side of the story Boyko reveals the many secret and forgotten ways that Canada not only fought the war but was forever shaped by its lessons and lies **International Cold War Military Records and History** William W. Epley, 1996 **The Middle Power Project** Adam Chapnick, 2011-11-01 The Middle Power Project describes a defining period of Canadian and international history During the Second World War Canada transformed itself from British dominion to self proclaimed middle power It became an active enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times the United Nations This was in many historians opinions the beginning of a golden age in Canadian diplomacy Chapnick suggests that the golden age may not have been so lustrous During the UN negotiations Canadian policymakers were more cautious than idealistic The civil service was inexperienced and often internally divided Canada's significant contributions were generally limited to the much neglected economic and social fields Nevertheless creating the UN changed

what it meant to be Canadian Rightly or wrongly from the establishment of the UN onwards Canadians would see themselves as leading internationalists Based on materials not previously available to Canadian scholars The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada's role and interests in the formation of the United Nations It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history

Canadians at Last Raymond B. Blake, 1994-12-15 History provides some interesting case studies of what happens when trade barriers come down Among them is the story told in this book of Newfoundland's integration into Canada in the aftermath of the province's 1948 referendum Raymond B Blake takes a refreshing approach to this episode in Canadian history avoiding the old shibboleths of conspiracy and local nationalism and instead making a down to earth study of economic and political events Canadians at Last explores the efforts of the many Canadians and Newfoundlanders who tried to make Confederation work Blake argues that Canada wanted union to remove any uncertainty in its dealings with Newfoundland over civil aviation defence and trade Newfoundland opted for union largely because Canada's burgeoning social welfare system promised a more secure existence Investigating the complex problems they encountered Blake details changes in trade fishing and manufacturing and in the political process in Newfoundland He also looks at the introduction and impact of social programs and the terms of the US military presence there Finally he demonstrates that by 1957 Newfoundland's integration into Canada was essentially complete it was being treated the same as the other provinces subject to the terms of union By beginning with the 1949 Confederation rather than the activities leading up to it and by thoroughly documenting areas of agreement contention and neglect Blake writes a solid contemporary history of Newfoundland's integration into Canada Virtually the only complete academic treatment of this subject Canadians at Last offers much basic information that so far has not been made available

General Hastings 'Pug' Ismay John Kiszely, 2024-05-15 A biography of the unsung general at Churchill's side throughout the Second World War instrumental in events from Indian independence to the founding of NATO

North of America Asa McKercher, Michael D. Stevenson, 2023-07-15 In 1941 influential US publishing magnate Henry Luce declared the world was in the midst of the first great American century believing his nation held the power and vision to lead and transform the world What did a newly outward looking and hegemonic United States mean for its northern neighbour North of America is a sharp eyed volume providing a unique look at postwar Canada bringing to the fore the opinions and perceptions of a broad range of Canadians from consumers to diplomats jazz musicians to urban planners and a diverse cross section in between As they grappled with issues including constitutional reform transit policy national security the arrival of television white supremacy and postwar domesticity Canadians were ever mindful of the unfolding American experience and its influence

The English-Speaking Alliance Ritchie Owendale,2024-11-01 As with appeasement myths and legends have proliferated about the origins of the Cold War It has often been treated as largely a European affair with the responses to the Russian threat being led by the Americans Before 1951 however the Cold War was almost global in scale extending across Europe and Asia penetrating the Middle East and Africa It was the British Foreign Secretary Ernest Bevin who was the principal architect of the Western alliance formed to counter the perceived menace Bevin organized Europe in preparation for the Marshall Plan initiated the Western Union and the North Atlantic Treaty Organization but his vision was wider Like Neville Chamberlain in the late 1930s Bevin outlined a plan for an English speaking defence alliance The French were defeatist and it was politically impossible to propose reliance on Germany for defence What was needed was a bond between Britain the United States and the old white Dominions First published in 1985 *The English Speaking Alliance* is the story of how the post war Labour governments sustained the image of Britain as a world power and laid the foundations of the West's Cold War foreign policy It is told from sources in the British American and Australian archives some of which have been used for the first time By laying bare the mechanics of the process of alliance building Ritchie Owendale offers many new insights which challenge the orthodox view of this crucial period of international politics As such it will appeal to anyone with an interest in world politics and a desire to know more about how the current superpower regime developed
