Moms Gold Star:

That Knock at the Door Holly S. Fenelon, 2012 A blue star for each family member serving in America's military a gold star if that life was lost in defense of the nation's freedom IN WORLD WAR I the American tradition of the service flag began Families displayed a simple fabric banner with a blue star for each family member serving in the U S Armed Forces If a family member died in the nation's service a gold star covered that individual's blue star on the family service flag Not a symbol of mourning the gold star represented the family's pride and the honor and glory accorded to that individual for making the supreme sacrifice in defense of the America's freedom Soon the term gold star mother came to be used to identify and honor women who had lost a son or daughter in wartime military service Following the war as the nation focused its attention on those veterans who had returned whole in mind and body gold star mothers served as a constant reminder of the true cost of war In 1928 a group of these women formed American Gold Star Mothers Inc an organization created to honor those who had died by being of service to veterans and their families in need supporting gold star families and caring for veterans who had returned with physical emotional and psychological wounds From that humble beginning American Gold Star Mothers Inc has become an icon of national service opening its membership time and again to gold star mothers of later wars and conflicts including Iraq and Afghanistan Their amazing legacy of service is an important yet largely unknown chapter in American history This book presents the story of gold star mothers in America and the first comprehensive history of American Gold Star Mothers Inc drawn from nearly a century of archival materials The fascinating story of the strong women who honored their fallen sons and daughters by dedicating themselves to the service of veterans and peace is both compelling and inspiring

The Gold Star Mother Pilgrimages of the 1930s John W. Graham, 2015-03-14 During the first World War a flag with a gold star identified families who had lost soldiers Grieving women were Gold Star mothers and widows Between 1930 and 1933 the United States government took 6 654 Gold Star pilgrims to visit their sons and husbands graves in American cemeteries in Belgium England and France Veteran Army officers acted as tour guides helping women come to terms with their losses as they sought solace and closure The government meticulously planned and paid for everything from transportation and lodging to menus tips sightseeing and interpreters Flowered wreaths flags and camp chairs were provided at the cemeteries and official photographers captured each woman standing at her loved one's grave This work covers the Gold Star pilgrimages from their launch to the present day beginning with an introduction to the war and wartime burial Subsequent topics include the legislative struggle and evolution of the pilgrimage bill personal pilgrimages including that of the parents of poet Joyce Kilmer the role of the Quartermaster Corps the segregation controversy a close examination of the first group to travel Party A of May 1930 and the results of the pilgrimage experience as described by participants observers organizers and scholars researched through diaries letters scrapbooks interviews and newspaper accounts

Mom Rebecca Jo Plant, 2010-03-15 In the early twentieth century Americans often waxed lyrical

about Mother Love signaling a conception of motherhood as an all encompassing identity rooted in self sacrifice and infused with social and political meaning By the 1940s the idealization of motherhood had waned and the nation s mothers found themselves blamed for a host of societal and psychological ills In Mom Rebecca Jo Plant traces this important shift by exploring the evolution of maternalist politics changing perceptions of the mother child bond and the rise of new approaches to childbirth pain and suffering Plant argues that the assault on sentimental motherhood came from numerous quarters Male critics who railed against female moral authority psychological experts who hoped to expand their influence and women who strove to be more than wives and mothers all for their own distinct reasons sought to discredit the longstanding maternal ideal By showing how motherhood ultimately came to be redefined as a more private and partial component of female identity Plant illuminates a major reorientation in American civic social and familial life that still reverberates today

Mothers, Military and Society Cole Hampson, 2018-02-01 Motherhood and military are often viewed as dichotomous concepts with the former symbolizing feminine ideals and expectations and the latter suggesting masculine ideals and norms *Mothers Military and Society* contributes to a growing body of research that disrupts this false dichotomy This interdisciplinary and international volume explores the many ways in which mothers and the military converse align contest and intersect in society Through various chapters that include in depth case studies theoretical perspectives and personal narratives this book offers insights into the complex relationship between motherhood and the military in ways that will engage both academic and non academic readers alike

Mothers of the Military Wendy M. Christensen, 2018-08-09 *Mothers of the Military* examines the distinctive kinds of support required during an increasingly privatized war specifically material moral and healthcare support Mothers are a particularly key part of the current support system for service members and Wendy Christensen follows the mothers of U S service members in the War on Terrorism through the stages of recruitment deployment and post deployment Bringing to light the experiences and stories of women who are largely invisible during war the mothers of service members Over 2.5 million members of the U S military have deployed to Iraq or Afghanistan during the now 16 year long war Each service member has loved ones spouses parents and children who provide necessary emotional and physical support during deployment This book has three goals The first is to make mothers experiences during wartime visible The second is to interrogate what support means during war Finally it examines the impact of war support on mothers political participation Ideally civilians provide moral approval of war patriotism and extend understanding and appreciation of the sacrifice enlistees and their families are making But in these long wars public and political approval has plummeted It is not surprising this narrow slice of Americans dealing with the daily realities of war feels increasingly separate from civilians Military families are isolated from those Americans who are able to ignore the war or offer superficial expressions of patriotic gratitude Mothers occupy a complex gendered location during wartime Even though women are now serving in combat positions women have historically held down the home front where family labor is

still assigned disproportionately to women However the military does not treat mothers and fathers equally The military assumes fathers will be supportive of service and calls on them to be proud of the courageous decision their child has made They consider mothers on the other hand potential impediments to service not wanting their child in harm s way Through each stage of service mothers take on different kinds of support for their child for the military and for war policy At each stage of war mothers are prescribed a gendered support position In recruitment material the military assumes mothers will be emotional and worried about enlistment so they appeal to mother s love and need for their child to be safe During deployment mothers provide supplies and moral support Declining enlistment numbers and a long war have led to multiple deployments and unprecedented burdens on military families These mothers step in to help with childcare and finances Furthermore mothers are overwhelmingly according to military studies the ones providing mental and physical healthcare when veterans need it As providers of critical systems of war support mothers bear much of the burden of the current wars War provides mothers a way to participate in the national project but the uneven burden of being a constant supporter further marginalizes their citizenship The gendered support role the military designs for mothers is not designed to facilitate active democratic citizenship but rather to make it seem natural that they too fall in line with the chain of command Mothers of the Military as a whole asks how the acts of supplying material moral and medical support end up so often marginalizing mothers as citizens from the political process and under what conditions do mothers resist

Be Safe, Love Mom Elaine Brye, 2015-03-31 When you enlist in the United States military you don t just sign up for duty you also commit your loved ones to lives of service all their own No one knows this better than Elaine Brye an Army brat turned military wife and the mother of four officers one each in the Army Navy Air Force and Marine Corps For more than a decade she s endured countless teary goodbyes empty chairs at Thanksgiving dinners and sleepless hours waiting for phone calls in the night She s navigated the complicated tangle of emotions pride worry fear hope and deep enduring love that are part and parcel of life as a military mother In *Be Safe Love Mom* Elaine braids together her own personal experiences with those of fellow parents she s met along the way She offers gentle guidance and hard earned wisdom on topics ranging from that first anxious goodbye to surrendering all control of your child from finding comfort in the support of the military community and the healing power of faith to coping with the enormous sacrifices life as a military mother requires Readers looking for encouragement and hard to come by information as they travel the challenging road of having a child in uniform will find Elaine a wise and trusted friend and *Be Safe Love Mom* an essential handbook to membership in a strong and special sisterhood
