FRENCH GENERAL KNOWLEDGE WORKOUT A new way to learn French What This ebook is 100% bilingual It is in the form of a series of general knowledge quizzes with each question in French then in English plus the answers If you are learning French it's an entertaining way to practice your language skills Simply click through each question at your own pace trying to understand as much as you can Because the text is fully bilingual French English you will always have the help you need to improve and consolidate your knowledge of French grammar and vocabulary It's like having a personal French tutor at your side as you read Why Because people have busy lives and developing your reading skills in a second language is difficult and time consuming Clic books are about little and often Whenever you have a few minutes free practice your French in a relaxed and convenient way building your knowledge of grammar and vocabulary quickly and effectively using fully bilingual texts How Clic books present you with very short examples of French language normally one or two sentences at a time By clicking to the next page you see the same text in English As you work through the questions watch how quickly your French reading skills improve Read more about Clicbooks at www.clic-books.com or join our mailing list FAQs about Clic books Are clic books a language learning methodology No Clic books are not a miracle method or even a method They're just an entertaining way to spend a little spare time reinforcing and adding to your understanding of the language At what speed should I work through the texts At whatever speed suits you Reading slowly and carefully will allow you to try and understand every word and construction moving faster will help you to read fluently for meaning even when certain words or constructions are not understood entirely But I don't understand all the language in the examples When you read a newspaper or magazine in English you probably don't understand everything either Part of the skill of understanding a foreign language is the ability to extract meaning even when your comprehension is not 100% Are the translations here completely literal They are as close as we could get while keeping to normal standard language So use the translations into Spanish as a guide for comprehension not as an explanation of grammatical structures I sometimes find myself focussing on

the general knowledge questions and not paying attention to the language used Good A language is a means to communication so if you can work through these examples of English and forget that they are a way of practicing your English that's great Does this series use the same questions as the other language learning series by Clic books Yes SABER Y APRENDER the series for Spanish speakers learning English and GENERAL KNOWLEDGE WORKOUT the series for English speakers learning Spanish contain the same questions Hence don't buy books from more than one series Keywords learn french highschool french french grammar second language learning french english bilingual education french practice language immersion

Souviens Georges Perec, 2013-05-15 Ces je me souviens ne sont pas exactement des souvenirs et surtout pas des souvenirs personnels mais des petits morceaux de quotidien des choses que telle ou telle année tous les gens d'un même âge ont vues ont vues ont partagées et qui ensuite ont disparu ont été oubliées elles ne valaient pas la peine d'être mémorisées elles ne méritaient pas de faire partie de l'Histoire ni de figurer dans les Mémoires des hommes d'État des alpinistes et des monstres sacrés Il arrive pourtant qu'elles reviennent quelques années plus tard intactes et minuscules par hasard ou parce qu'on les a cherchées un soir entre amis c'était une chose qu'on avait apprise à connaître un champion un chanteur ou une starlette qui perdait un air qui était sur toutes les lèvres un hold up ou une catastrophe qui faisait la une des quotidiens un best seller un scandale un slogan une habitude une expression un virement ou une manière de le porter un geste ou quelque chose d'encore plus mince d'insignifiant de tout fait banal miraculeusement arraché son insignifiance retrouvé pour un instant suscitant pendant quelques secondes une palpable petite nostalgie G P
