perception and talent to bear on the rich complicated terrain of human animal relationships In addition to mining her own experience with Lucille Knapp speaks to a wide variety of dog people from animal behaviorists and psychologists to other owners whose dogs have deeply affected their lives about this emotionally complex sometimes daunting often profoundly healing alliance Throughout she explores the shift in canine roles from working partners to intimate companions and looks too at how this new kinship this wordless bond becomes a template for what we most desire ourselves **Love Tracks** D. J. Filson, 2005-12 Dogs and mystics How do they compare Do they possess features of such merit that by observing them interacting with them and measuring them side by side we might discover qualities an essence to emulate that could bring peace and comfort to our highly complicated stress filled lives If we follow our canine teachers fine examples of courage strength tenderness loyalty and love our reward will be the gift of grace Dogs are at ease with spontaneous authentic moments their approach to life s events is not dominated by the logic to which we humans often succumb They achieve a greater participation in life as they draw upon all their senses In addition to the intangible capacity to protect to intuit and to be patient dogs truly live in the present moment and authentically experience all that life has to offer They are our steady friends warm reliable light hearted and supportive They share our achievements and sorrows with faithfulness and trust And if we are able to emulate these qualities the lucidity and rich potential of each moment comes into clearer focus We become stronger and wiser as we follow our soul directed paths **The Quotable Dog Lover** Patricia M.
