Henry James and the Art of Impressions John Scholar,2020-05-21 Henry James criticized the impressionism that was

revolutionizing French painting and fiction He satirized the British aesthetic movement whose keystone was impressionist criticism So why time and again in important parts of his literary work did James use the word impression Henry James and the Art of Impressions argues that James tried to wrest the impression from the impressionists and to recast it in his own art of the novel Interdisciplinary in its range philosophical and literary in its focus the book shows the place of James s work within the wider cultural history of impressionism It draws on painting philosophy psychology literature and critical theory to examine James s art criticism early literary criticism travel writing reflections on his own fiction and the three great novels of his major phase The Ambassadors The Wings of the Dove and The Golden Bowl It shows how the language of impressions enables James to represent the most intense moments of consciousness of his characters It argues that the Jamesian impression is best understood as a family of related ideas bound together by James s attempt to reconcile the novel s value as a mimetic form with its value as a transformative creative activity *Impressions of Giverny* ,1990 **Les Quatre Saisons de Monet** Ethan Safron,2018-06-04 Learn the seasons of the year in French and English with the great impressionist painter Claude Monet This bilingual volume features 16 paintings each spread out across two pages On every even page is a French sentence on the odd side an English sentence Each season has 4 paintings One of these paintings introduces the season Au printemps In spring while the other three cover specific weather events Il pleut It rains Some of the paintings in Les Quatre Saisons include Spring by the Seine The Beach at Honfleur Woman with a Parasol Madame Monet and Her Son and selections from the Haystacks series *Lasting Impressions* Jesse Matz,2017-01-31 Impressionism captured the world s imagination in the late nineteenth century and remains with us today Portraying the dynamic effects of modernity impressionist artists revolutionized the arts and the wider culture Impressionism transformed the very pattern of reality introducing new ways to look at and think about the world and our experience of it Its legacy has been felt in many major contributions to popular and high culture from cubism and early cinema to the works of Zadie Smith and W G Sebald from advertisements for Pepsi to the observations of Oliver Sacks and Malcolm Gladwell Yet impressionism s persistence has also been a problem a matter of inauthenticity superficiality and complicity in what is merely impressionistic about culture today Jesse Matz considers these two legacies the positive and the negative to explain impressionism s true contemporary significance As *Lasting Impressions* moves through contemporary literature painting and popular culture Matz explains how the perceptual role cultural effects and social implications of impressionism continue to generate meaning and foster new forms of creativity understanding and public engagement *Impressions of Light* George T.
