## **Monet Water Lilies:**

**Claude Monet** Ann Temkin, Claude Monet, Nora Lawrence, 2009 Claude Monet 1840 1926 devoted the last 25 years of his career to paintings of the Japanese style pond and gardens of his house in Giverny France Two of these luminous panels Reflections of Clouds on the Water Lily Pond a mural sized triptych and Water Lilies a single canvas are among the most well known and beloved works in the collection of The Museum of Modern Art These late works were for many years less appreciated than Monet's classic Impressionist works being considered unstructured even unfinished but with the emergence of Abstract Expressionism in the 1950s Monet became an extraordinarily relevant predecessor In 1955 MoMA became the first American museum to acquire one of Monet's large scale water lily compositions In 1958 when a fire destroyed this and another water lily painting the public's widespread expression of loss led to the acquisition of the works currently in the collection This lively volume recounts the history of Monet's water lilies at the Museum and through interviews with contemporary artists underscores the paintings resonance with the art and artists of the last half century

Monet Water Lilies Jean-Dominique Rey, Denis Rouart, 2016-09-06 A complete catalog of Monet's famous Water Lilies featuring 210 paintings from private and public collections Monet devoted the last twenty five years of his life to painting the water lilies that floated on the pond of his garden in Giverny In capturing the reflections on the mirror like water and the subtle interplay of light the artist's genius went beyond painting committing to his canvas the otherwise ephemeral The Water Lilies brought together in this volume are mirrors of time that influenced the greatest painters of modern times A catalogue raisonné of the 251 Water Lilies known to exist essays of art historians Jean Dominique Rey and the late Denis Rouart panoramic photographs of the Orangerie murals in Paris period photographs of Giverny by Henri Cartier Bresson and rare archival documents complete the work

**Mad Enchantment** Ross King, 2016-09-06 From bestselling author Ross King a brilliant portrait of the legendary artist and the story of his most memorable achievement Claude Monet is perhaps the world's most beloved artist and among all his creations the paintings of the water lilies in his garden at Giverny are most famous Monet intended the water lilies to provide an asylum of peaceful meditation Yet as Ross King reveals in his magisterial chronicle of both artist and masterpiece these beautiful canvases featured in black and white images throughout as well as a 16 pg color insert belie the intense frustration Monet experienced in trying to capture the fugitive effects of light water and color They also reflect the terrible personal torments Monet suffered in the last dozen years of his life Mad Enchantment tells the full story behind the creation of the Water Lilies as the horrors of World War I came ever closer to Paris and Giverny and a new generation of younger artists led by Henri Matisse and Pablo Picasso were challenging the achievements of Impressionism By early 1914 French newspapers were reporting that Monet by then seventy three had retired his brushes He had lost his beloved wife Alice and his eldest son Jean His famously acute vision what Paul Cézanne called the most prodigious eye in the history of painting was threatened by cataracts And yet despite ill health self doubt and

advancing age Monet began painting again on a more ambitious scale than ever before Linking great artistic achievement to the personal and historical dramas unfolding around it Ross King presents the most intimate and revealing portrait of an iconic figure in world culture     **Water Lilies** Claude Monet,1988     *Claude Monet Flame Flame Tree*,Julian Beecroft,2015-08-17 Towards the end of his life and much inspired by Japanese water gardens Monet spent a great deal of time in his beloved Giverny Its famous green wooden footbridge was built across the water and its waterlilies became the focus of perhaps the most famous series of paintings the world has ever seen     **Monet's Water Lilies** Charles S. Moffett,1978     **Monet's Water Lilies** Vivian Russell,1998 It took me a long time to understand my water lilies Monet wrote of his pond at Giverny I had planted them for the pure pleasure of it and I grew them without thinking of painting them And then all of a sudden I had the revelation of the enchantment of my pond I took up my palette Since then I ve had no other model The pond became Monet s most enduring motif the water lilies the most celebrated flowers he ever painted This book tells the story of their role as a central source of artistic inspiration bringing exciting insights into Monet s work as a gardener and painter Vivian Russell also describes the making of the water garden which in contrast to the flower garden was to be meditative and mysterious in tune with the Japanese aesthetic She reveals how Monet chose his water lilies from plants bred specially by Joseph Bory Latour Marliac at his nursery near Bordeaux Her superb photographs capturing the ephemeral beauty of the flowers and the way they appear to float on clouds and undulating rushes portray the changing moods of the pond complementing Monet s own serene poems to light     *Monet's Water Lilies* Vivian Russell,1998 Explores Monet s fascination with the water garden and pairs the father of Impressionism s beloved water lily paintings reproduced in full color with contemporary photographs of the plants the artist placed in his famous garden at Giverny 18 000 first printing

Monet spent a great deal of time in his beloved Giverny Adorned with poppies blue sage dahlias and irises the waters were disturbed only by bamboos and water lilies His water garden was originally created to satisfy a need to be near water and to provide a visual feast that could be enjoyed from his house The pond was fed by the river Ru and weeping willow and silver birch hung over its edges caressing the fronds of the greenery and blossoms below Its famous green wooden footbridge was built across the water and it became the central focus of many of his works He said It took me some time to understand my water lilies I planted them for pleasure and so he began to work on what is probably the most famous series of paintings the world has ever seen
