The Power Elite C. Wright Mills, 2000-02-17 First published in 1956 The Power Elite stands as a contemporary classic of social science and social criticism C Wright Mills examines and critiques the organization of power in the United States calling attention to three firmly interlocked prongs of power the military corporate and political elite The Power Elite can be read as a good account of what was taking place in America at the time it was written but its underlying question of whether America is as democratic in practice as it is in theory continues to matter very much today What The Power Elite informed readers of in 1956 was how much the organization of power in America had changed during their lifetimes and Alan Wolfe s astute afterword to this new edition brings us up to date illustrating how much more has changed since then Wolfe sorts out what is helpful in Mills book and which of his predictions have not come to bear laying out the radical changes in American capitalism from intense global competition and the collapse of communism to rapid technological transformations and ever changing consumer tastes The Power Elite has stimulated generations of readers to think about the kind of society they have and the kind of society they might want and deserves to be read by every new generation

Gender and Power in Families Ann C. Miller, Rosine Jozef Perelberg, 2018-06-04 The systems approach to the family is based on the assumptions that there is equality between men and women in the family and that women and men are treated equally in clinical practice The contributors to this book challenge these hidden assumptions discussing the issues from both a conceptual and clinical viewpoint They argue strongly that questions of gender and power should be central to family therapy training and practice

Gender and Power in Eastern Europe Katharina Bluhm, Gertrud Pickhan, Justyna Stypinska, Agnieszka Wiercholska, 2020-10-31 This book explores the contradictory development of gender roles in Central and Eastern Europe including Russia In light of the social changes that followed the collapse of communism and the rise of new conservatism in Eastern Europe it studies new forms of gender relationships and reassesses the status quo of female empowerment Moreover leading scholars in gender studies discuss how right wing populism and conservative movements have affected sociopolitical discourses and concepts related to gender roles rights and attitudes and how Western feminism in the 1990s may have contributed to this conservative turn Mainly focusing on power constellations and gender the book is divided into four parts the first explores the history of and recent trends in feminist movements in Eastern Europe while the second highlights the dynamics and conflicts that gained momentum after neoconservative parties gained political power in post socialist countries In turn the third part discusses new empowerment strategies and changes in gender relationships The final part illustrates the identities roles and concepts of masculinity created in the sociocultural and political context of Eastern Europe

Money, Power and Politics in Early Islamic Syria John Haldon, 2016-04-22 The transformation of the eastern provinces of the Roman empire from the middle of the seventh century CE under the impact of Islam has attracted a

good deal of scholarly attention in recent years and as more archaeological material becomes available has been subject to revision and rethinking in ways that radically affect what we know or understand about the area about state building and the economy and society of the early Islamic world and about issues such as urbanisation town country relations the ways in which a different religious culture impacted on the built environment and about politics This volume represents the fruits of a workshop held at Princeton University in May 2007 to discuss the ways in which recent work has affected our understanding of the nature of economic and exchange activity in particular and the broader implications of these advances for the history of the region

The Power of Good Deeds Diana Kendall,2002-07-01 The Power of Good Deeds allows us to see behind the media image of upper class women and to observe how these women use their social power not only to benefit other less fortunate people but also to benefit themselves and their families Kendall s ethnographic research yields the personal narratives of elite women as they describe their views on philanthropy the need for exclusivity in their by invitation only volunteer organizations such as the Junior League and The Links their childhood experiences and college years in prestigious schools and sororities and the debutante presentations and other upper class rituals in which they participate By participating in meetings and social functions with elite women in several Texas cities and conducting systematic interviews the author gained unprecedented access to elite women across racial and ethnic categories The Power of Good Deeds provides new insights and greater depth to our knowledge about the upper classes and how the charitable activities of privileged women contribute to the process of legitimization maintaining an ideology of class based and race based segregation in the United States

Power, Philosophy and Egalitarianism Robert C. Smith, 2020-10-21 In this book Robert C Smith presents a philosophical and empirical examination on the subordination of women and blacks in the United States Comparing liberalism specifically the major social contract philosophies and Marxism on the nature of the subordination of blacks and women and their proposals if any for women s and black liberation Smith argues that sexual and racial equalitarianism in the United States is about politics and power He begins with a discussion of the multiple meanings of politics and its relationship to power and an analysis of nine power bases blacks and women should acquire and manipulate in order to advance a moral and substantive equalitarianism These power bases include money knowledge including technology and information religion morality authority size solidarity charisma violence and status Smith concludes by making a moral case for racial and sexual equalitarianism and advocates for black leadership to use the power bases available to it to make reparations for the civil rights issue of the 21st century Power Philosophy and Egalitarianism is an essential read for all those interested in race women and politics today

Handbook of the Sociology of Morality, Volume 2 Steven Hitlin, Shai M. Dromi, Aliza Luft, 2023-10-25 This handbook articulates how sociology can re engage its roots as the scientific study of human moral systems actions and interpretation This second volume builds on the successful original volume published in 2010 which contributed to the initiation of a new section of the American Sociological Association ASA thus growing the field This volume takes sociology back to its roots over a century ago when morality was a central topic of work and governance It engages scholars from across subfields in sociology representing each section of the ASA who each contribute a chapter on how their subfield connects to research on morality This reference work appeals to broader readership than was envisaged for the first volume as the relationship between sociology as a discipline and its origins in questions of morality is further renewed The volume editors focus on three areas the current state of the sociology of morality across a range of sociological subfields taking a new look at some of the issues discussed in the first handbook which are now relevant in sometimes completely new contexts and reflecting on where the sociology of morality should go next This is a must read reference for students and scholars interested in topics of morality ethics altruism religion and spirituality from across the social science

The Wiley Blackwell Companion to the Sociology of Families Judith Treas, Jacqueline Scott, Martin Richards, 2014-03-26 Written by an international team of experts this comprehensive volume investigates modern day family relationships partnering and parenting set against a backdrop of rapid social economic cultural and technological change Covers a broad range of topics including social inequality parenting practices children s work changing patterns of citizenship multi cultural families and changes in welfare state protection for families Includes many European North American and Asian examples written by a team of experts from across five continents Features

coverage of previously neglected groups including immigrant and transnational families as well as families of gays and lesbians Demonstrates how studying social change in families is fundamental for understanding the transformations in individual and social life across the globe Extensively reworked from the original Companion published over a decade ago three quarters of the material is completely new and the remainder has been comprehensively updated **Money, Power, and Influence in Eighteenth-Century Lithuania** Adam Teller, 2016-09-21 It has often been claimed that Jews have a penchant for capitalism and capitalist economic activity With this book Adam Teller challenges that assumption Examining how Jews achieved their extraordinary success within the late feudal economy of the eighteenth century Polish Lithuanian Commonwealth he shows that economic success did not necessarily come through any innate entrepreneurial skills but through identifying and exploiting economic niches in the pre modern economy in particular the monopoly on the sale of grain alcohol Jewish economic activity was a key factor in the development of the Polish Lithuanian Commonwealth and it greatly enhanced the incomes and thereby the social and political status of the noble magnates including the powerful Radziwi family In turn with the magnate s backing Jews were able to leverage their own economic success into high status in estate society Over time relations within Jewish society began to change putting less value on learning and pedigree and more on wealth and connections with the estate owners This groundbreaking book exemplifies how the study of Jewish economic history can shed light on a crucial mechanism of Jewish social integration In the Polish Lithuanian setting Jews were simultaneously a despised religious minority and key economic players with a consequent standing that few could afford to ignore [The Dynamics of Aging Families](#) John W. Gibson, Bonnie Brown Hartley, 2006 *The Palgrave Handbook of Family Sociology in Europe* Anna-Maija Castrén, Vida Česnuitytė, Isabella Crespi, Jacques-Antoine Gauthier, Rita Gouveia, Claude Martin, Almudena Moreno Mínguez, Katarzyna Suwada, 2021-06-24 This handbook provides a meaningful overview of topical themes within family sociology as an academic field as well as empirical realities in various societal contexts across Europe More than sixty prominent European scholars original texts present the field s main theoretical and methodological approaches in addition to issues such as families as relationships parental arrangements parenting practices and child well being family policies in welfare state regimes family lives in migration and family trajectories Presenting cutting edge research on findings theoretical interpretations and solutions to methodological challenges it is a timely tool for researchers teachers students and family practitioners who wish to familiarise themselves with the state of family sociology in Europe **Psycho-Social Analysis of the Indian Mindset** Jai B.P. Sinha, 2014-10-17 This volume situates Indians in the contemporary world and profiles the major facets of their thought and behaviour then goes back to trace their roots to ancient thought to see how the past predisposes and the present guides Indians in their everyday life The volume begins with a conceptual framework showing how the Indian worldview has encompassed and enveloped a variety of ideas and influences from divergent sources As a result Indians are both collectivists and individualists hierarchically oriented while respecting

merit and quality religious as well as secular and sexually indulgent spiritual as well as materialists excessively dependent but remarkably entrepreneurial non violent in principle but violent in practice and comfortable in shifting between analytical synthetic as well as intuitive approaches to reality Such a coexistence of opposites often causes inaction hesitation and perfunctory action but also equips Indians to be innovative by continuously aligning their thought and behaviour to the demands of a milieu The milieu has an inner layer consisting of desh place kaal time and paatra person which are embedded in the larger societal contexts of castes and classes poverty corruption fragmenting politics conflicts and violence and unfolding global opportunities and challenges Cultural heritage permeates in all these Indians function in this tiered multifactorial dynamic space This volume draws evidence from ancient texts and the latest national and international research many of which were conducted by the author and his associates It does not however hesitate to indulge in anecdotal evidence cases and speculative ideas in order to complete the picture The author takes an in depth view of the Indian mindset without getting the reader lost in either the intricacies of ancient philosophical abyss or the trivialities of present day non events
