Neoliberalising Old Age John Macnicol, 2015-09-29 Governments are encouraging later life working and state pension ages are being raised There is also a growing debate on intergenerational equity and on ageism age discrimination John Macnicol one of Europe's leading academic analysts of old age and ageing examines the effect of neoliberalism on the recent ageing and social policy agenda in the UK and the USA He argues that the demographic and economic impulses behind recent policy changes are in fact less important than the effect of neoliberalism as an ideology which has caused certain key problems to be defined in a particular way The book outlines past theories of old age and examines pensions reform the debate on life expectancy gains the causes of retirement the idea of intergenerational equity the current debate on ageism age discrimination and the likely human consequences of raising state pension ages

Risk in Social Science Peter Taylor-Gooby, Jens O. Zinn, 2006-10-05 Intended for students and scholars from the social sciences this is an introduction to work on risk It discusses the basic issues in risk research and examines some of the key themes in this field looking at topics such as the media crime the environment and social inequality

Understanding Inequalities Lucinda Platt, 2017-04-21 Bringing together the latest empirical evidence with a discussion of sociological debates surrounding inequality this book explores a broad range of inequalities in people's lives As well as treating the core sociological topics of class ethnicity and gender it examines how inequalities are experienced across a variety of settings including education health geography and housing income and wealth and how they cumulate across the life course Richly illustrated with graphs and figures showing the extent of inequalities and the differences between social groups the book demonstrates how people's lives are structured by inequalities across multiple dimensions of their lives Throughout the text pays attention to how we know what we know about inequality what is measured and how what is left out of the picture and what implications this has for our understanding of specific inequalities Importantly the book also highlights the intersections between different sources or forms of inequality and the ways that bringing an intersectional lens to bear on topics can highlight and challenge the assumptions about how they operate Designed for second year undergraduates and above this book provides an engaging overview of social stratification and challenges readers to think about how inequalities are embedded across society

The Future for Older Workers Wendy Loretto, Sarah Vickerstaff, Phil White, 2007 Dealing directly and exclusively with the issue of older workers this book brings together up to the minute research findings by many of the leading researchers and writers in the field exploring key issues that will influence public policy in the UK and beyond
