Money Markets And Method:

Bond and Money Markets Moorad Choudhry, 2003-07-04 The Bond and Money Markets is an invaluable reference to all aspects of fixed income markets and instruments. It is highly regarded as an introduction and an advanced text for professionals and graduate students. Features comprehensive coverage of Government and Corporate bonds, Eurobonds, callable bonds, convertibles, Asset backed bonds including mortgages and CDOs, Derivative instruments including futures, swaps, options, structured products, Interest rate risk, duration analysis, convexity and the convexity bias. The money markets, repo markets, basis trading and asset liability management. Term structure models, estimating and interpreting the yield curve, Portfolio management and strategies, total return framework, constructing bond indices. A stand alone reference book on interest rate swaps, the money markets, financial market mathematics, interest rate futures and technical analysis. Includes introductory coverage of very specialised topics for which one previously required several texts such as VaR, Asset liability management and credit derivatives. Combines accessible style with advanced level topics. **The Handbook of**

International Financial Terms Peter Moles, Nicholas Terry, 1997-03-06 This Handbook aims to be the most comprehensive and up to date reference book available to those who are involved or could be involved in the world of finance. The financial world has a capacity for ingenious innovation and this extends to the often bewildering array and use of terms. Here you can find out what a Circus, a Firewall, an Amazon Bond, a Clean Float, a Cocktail Swap, a Butterfly, a Streaker, a Straddle and a Strangle are. As well as defining terms, the book also shows how they are used differently in different markets and countries. It also has numerous examples showing clearly the use of particular calculations and instruments and provides details of major markets, acronyms and currencies. Reflecting the development of global financial markets, this Handbook will have broad appeal around the world. It will be a reliable guide for practitioners and those in the related professions of accounting, law and management. At the same time it will be an invaluable companion for advanced students of finance, accounting and business.
