Ghana International Monetary Fund, 2005-08-15 This 2005 Article IV Consultation highlights that economic performance in Ghana has improved since 2000 with the economy growing at its fastest pace in more than a decade In 2004 real GDP

growth reached 5.8 percent driven by agriculture and a strong pickup in the services and construction sectors helped by increased bank credit and private inward remittances. Ghana's medium term prospects appear promising with growth projected to continue at the current relatively high rate provided that macroeconomic stability becomes further entrenched with fiscal sustainability, inflation declines further and the government perseveres with structural reform. *Nigeria* International Monetary Fund, 2007-07-31. This paper examines Nigeria's Third Review Under the Policy Support Instrument. Robust growth, lower inflation, a dramatic decline in debt and an accumulation of significant reserves are among the notable economic achievements. It will be important to consolidate and institutionalize these gains as the foundations for sustained and improved economic performance. Non-oil growth accelerated and its prospects are promising. Inflation remained in line with the single digit program target owing to a likely increase in confidence and money demand. 101 Real Money Questions Jesse B. Brown, 2008-04-21. The Rise of the Working-Class Shareholder David Webber, 2018-04-02 Riveting contributes wonderfully to a new and ongoing conversation about inequality, dark money, and populism in the electorate. Mehrsa Baradaran, author of *The Color of Money*. When Steven Burd, CEO of the supermarket chain Safeway, cut wages and benefits, starting a five-month strike by 59,000 unionized workers, he was confident he would win. But where traditional labor action failed, a new approach was more successful. With the aid of the California Public Employees Retirement System, a 300-billion pension fund, workers led a shareholder revolt that unseated three of Burd's boardroom allies. In *The Rise of the Working-Class Shareholder: Labor's Last Best Weapon*, David Webber uses cases such as Safeway's to shine a light on labor's most potent remaining weapon: its multi-trillion-dollar pension funds. Outmaneuvered at the bargaining table and under constant assault in Washington statehouses and the courts, worker organizations are beginning to exercise
