Continuing Crackdown in Inner Mongolia, 1992 Regions the Situation and our Views **The Mongolian Legal System** William E Butler, 1982-07 Genocide on the Mongolian Steppe Yang Haiying, 2017-10-30 The book documents the atrocities committed against the Southern Mongolians by the Chinese in a massive genocide campaign throughout the late 1960s and early 1970s The two volume book is the first and only work published outside of China written from the perspective of the victims and survivors *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931* Christopher Atwood, 2022-10-04 In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades 1911-1931* a vivid narrative of the underground world of pan Mongolist agitation in China the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action In the turbulent years of China's warlord republic educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper Brought together by the Soviet embassy the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928 Based on previously closed Mongolian archives *Young Mongols and Vigilantes* is a path breaking contribution to the history of Soviet involvement in Inner Mongolia Chinese Communist nationality policy and the social history of multi ethnic Inner Mongolia The print edition is available as a set of two volumes 9789004126077 *Blissful Blindness* Dariusz Tolczyk, 2023-09-05 The most heinous Soviet crimes the Red Terror brutal collectivization the Great Famine the Gulag Stalin's Great Terror mass deportations and other atrocities were treated in the West as a controversial topic With the Cold War dichotomy of Western democracy versus Soviet communism deeply imprinted in our minds we are not always aware that these crimes were very often questioned dismissed denied sometimes rationalized and even outright glorified in the Western world Facing a choice of whom to believe the survivors or Soviet propaganda many Western opinion leaders chose in favor of Soviet propaganda Even those who did not believe it behaved sometimes as if they did *Blissful Blindness* explores Western reactions and lack thereof to Soviet crimes from the Bolshevik revolution to the collapse of Soviet communism in order to understand ideological political economic cultural personal and other motivations behind this puzzling phenomenon of willful ignorance But the significance of Dariusz Tolczyk's book reaches beyond its direct historical focus Written for audiences not limited to scholars and specialists this book not only opens one's eyes to rarely examined aspects of the twentieth century but also helps one see how astonishingly relevant this topic is in our contemporary world A Chinese Rebel Beyond the Great Wall Tiejun Cheng, TJ Cheng, Uradyn E. Bulag, Mark Selden, 2023-10-24 During Mao Zedong's Great Leap Forward hundreds of thousands of famine refugees in the recently founded People's Republic of China set their sights on the agricultural promise of Inner Mongolia Cheng Tiejun was one of those refugees arriving in Inner Mongolia in 1959 In 1966 as the PRC plunged into the tumultuous events of the Cultural Revolution he joined the millions of students and young intellectuals in the Red Guards who saw in the early days of

the Cultural Revolution an opportunity to shape a new nation embracing freedom and equality In Inner Mongolia however that year saw the Party led destruction of the Mongol centered autonomous polity led by Ulanhu In the years after the fall of Ulanhu s administration the region descended into a living hell for Mongols Even those among the rebels were accused of being Ulanhu sympathizers and tortured for information At the heart of this book are Cheng s first person recollections of his experiences as a rebel These are supplemented by a close examination of the documentary record of the era as patchwork and censored as it is from co authors Mark Selden and Uradyn E Bulag The final chapter offers a theoretical framework to understand such persecution Its goal was not to destroy the Mongols as a people or as a culture that is it was not a genocide It was however a politicide an attempt to destroy an officially and politically recognized nationality in possession of an autonomous region forcing Mongols to assimilate as ethnic minorities within a Chinese nation This unusual narrative provides urgently needed primary material to understand the events of the Cultural Revolution while at once offering a novel way to understand contemporary Chinese minority politics

The New Emperors Kerry Brown,2014-06-05 China has become the powerhouse of the world economy and home to 1 in 5 of the world s population yet we know almost nothing of the people who lead it How does one become the leader of the world s newest superpower And who holds the real power in the Chinese system In The New Emperors the noted China expert Kerry Brown journeys deep into the heart of the secretive Communist Party China s system might have its roots in peasant rebellion but it is now firmly under the control of a power conscious Beijing elite almost half of whose members are related directly to former senior Party leaders Brown reveals the intrigue and scandal surrounding the internal battle raging between two China s one founded by Mao on Communist principles and a modern China in which to get rich is glorious At the centre of it all sits the latest Party Secretary Xi Jinping the son of a revolutionary with links both to big business and to the People s Liberation Army His rise to power is symbolic of the new emperors leading the world s next superpower

Through The Storm(Volume 1) YU Ruxin,2024-07-20 Mao Zedong once famously said Power grows from the barrel of a gun and a prime example is the People s Liberation Army PLA With the founding of the People s Republic of China the PLA s mandate extended beyond safeguarding national security to maintaining domestic order and keeping the Chinese Communist Party in power In the 1960s and 1970s the PLA was Mao s chief instrument in preparing launching and further developing the Cultural Revolution but its role was complex and often opaque Through the Storm meticulously traces the PLA s role through archival research and interviews with retired cadres and officers to show that the military s role in the Cultural Revolution has been historically understated and that it eclipsed that of the more high profile civilian Red Guards in both scale and duration With its Chinese edition hailed in media and academia as an exceptionally valuable achievement this book s condensed English edition offers international readers a deeper understanding of the PLA s role in launching and perpetuating the most sustained and violent campaign in modern Chinese history
