The Journal of Critical Analysis ,1979 *Creating the Kingdom of Ends* Christine M. Korsgaard,1996-07-28 Christine Korsgaard has become one of the leading interpreters of Kant's moral philosophy She is identified with a small group of philosophers who are intent on producing a version of Kant's moral philosophy that is at once sensitive to its historical roots while revealing its particular relevance to contemporary problems She rejects the traditional picture of Kant's ethics as a cold vision of the moral life which emphasises duty at the expense of love and value Rather Kant's work is seen as providing a resource for addressing not only the metaphysics of morals but also for tackling practical questions about personal relations politics and everyday human interaction This collection contains some of the finest current work on Kant's ethics and will command the attention of all those involved in teaching and studying moral theory **Studia Universitatis Babeş-Bolyai**
