**Contemporary Chinese Historical Drama** Rudolf G. Wagner,2023-11-15 China's Great Leap Forward of 1958-1961 was a time of official rejoicing over the achievements of Communism but it was also a time of immense suffering. Growing dissent among intellectuals stimulated creativity as writers sought to express both their hope for the success of the revolution and their dissatisfaction with the Party leadership and policies. But the uneasy political climate and the state's control over literature prevented writers from directly addressing the compelling problems of the time. Rather they resorted to a variety of sophisticated and time honored forms for airing their grievances including the historical drama. Rudolf Wagner examines three of these plays written and performed between 1958 and 1963 in an effort to decode their hidden political and cultural meanings. He also provides a broad survey of the politics of the historical drama in China suggesting further avenues of inquiry into the relationship between literature and the state. This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach and impact. This title was originally published in 1990.      Tone Clock Peter

Schat,2012-10-12 In addition, The Tone Clock contains a broad selection of Peter Schat's polemical writings embracing historical, political, aesthetic and environmental perspectives. His book is not just of interest to composers but it also provides a valuable insight for anyone interested in the development of twentieth-century music. Peter Schat, a former pupil of Pierre Boulez, exposes more than a new theory of music in The Tone Clock. Although he is a long-experienced serialist composer in devising and using his tone clock system, he has reached the clarity and simplicity which comprise two of his major compositional aims. His book, profusely illustrated with clearly analysed musical examples, will enable other composers to achieve similar aims in their own way while remaining faithful to their own musical personalities. A former pupil of Pierre Boulez, Peter Schat is a well-known Dutch contemporary serialist composer.      **Children's Lit in China** , A history of

**Caged Bird** Katy Morgan-Davies, 2018-05-03 I was the shadow child no one ever saw From the day she was born until she escaped aged 30 Katy Morgan Davies knew nothing but a life in captivity Her father was the deluded and cruel leader of a cult based in South London who convinced himself that he was a god and the immortal leader of the world Her father's paranoia and his need to completely control those around him led to Katy being imprisoned indoors with the curtains drawn most of the time denied any kind of love or friendship From a young age Katy's father subjected her to violence and mental abuse She was not permitted contact with anyone outside the house and on the rare occasions she did have to go out she was always chaperoned When she did finally engineer her escape she realised just how little she knew of the world outside her front door She had never before done the things we take for granted such as choosing what she wanted to eat from a menu or travelling by herself on public transport Step by step she learned the skills she needed in order to exist in a world that was completely unfamiliar to her In this unique and powerful memoir we see how Katy rose above what she suffered and found a way to freedom through her love of books Reading the works of others enabled her to see her captivity for what it truly was while writing gave her a voice when her own was silenced Her story raises fascinating questions such as how a child can be kept hidden from the world outside and how in spite of years of being brainwashed Katy still developed a clear sense of right and wrong
