Poems Lee Bennett Hopkins, 1998 Compiles over thirty poems about books and reading from National Children's Bookweek between 1959-1998 Includes poems by Gwendolyn Brooks Nikki Giovanni Ogden Nash and more **Poetic Argument**

Jonathan Kertzer, 1989-10-01 Beginning with an essay on the history and theory of poetic argument he traces its patterns through Romantic and Modernist literature He divides his subject into three areas the paradoxes of reason language and argument **Poetic Argument** surveys the writings of the five poets in light of what has to be proved and identifies the characteristic styles of proof for each For example in the chapter on Marianne Moore Kertzer studies two expressions of poetic argument The first regards poetry as a waking dream combining the powers of sleep and calculation The second derived from Imagism treats poetry as a special way of seeing Kertzer suggests that the combination of these two elements produces Moore's characteristically intricate but inconclusive forms of argument New Collected Poems Marianne

Moore, 2024-06-04 A landmark definitive edition of one of our most innovative and beloved poets The landmark oeuvre of Marianne Moore one of the major inventors of poetic modernism has had no straight path from beginning to end until now there has been no good vantage point from which to see the body of her remarkable work as a whole Throughout her life Moore arranged and rearranged visited and revisited a large majority of her existing poetry always adding new work interspersed among revised poems This makes sorting out the complex textual history that she left behind a pressing task if we mean to represent her work as a poet in a way that gives us a complete picture **New Collected Poems** offers an answer to the question of how to represent the work of a poet so skillful and singular giving a portrait of the range of her voice and of the modernist culture she helped create William Carlos Williams remarking on the impeccable precision of Moore's poems praised the aesthetic pleasure engendered when pure craftsmanship joins hard surfaces skillfully It is only in **New Collected Poems** that we can understand her later achievements see how she refashioned her earlier work and get a more complete understanding of her consummate craftsmanship innovation and attention to detail Presented and collected by Heather Cass White the foremost scholar of Moore's work this new collection at last allows readers to experience the untamed force of these dazzling poems as the author first envisioned them **Flights of Fancy and Other Poems** Myra Cohn

Pound, Frost, Moore, and Poetic Precision Barry Ahearn, 2020-02-04 Pound Frost Moore and Poetic Precision Science
in American Modernist Poetry examines three major poets in light of the demand that poetry aspire to scientific precision The
critical insistence that poetry be precise affected every one of these poets and looking at how they responded to this
insistence offers a new perspective on their achievements and by extension twentieth century poetry in general Ezra Pound
sought to associate poetry with the precision of modern science technology and mathematics as a way to eliminate or reduce
error Robert Frost however welcomed imprecision as a fundamental aspect of existence that the poet could use Marianne
Moore appreciated the value of both precision and imprecision especially with respect to her religious perspective on human
and natural phenomena By analyzing these particular poets reaction to the value placed on precision Barry Ahearn explores
how that emphasis influenced the broader culture literary culture and twentieth century Modernist American poetry *The
Text and Beyond* Cynthia Bernstein, 1994 Demonstrates that the approaches of literary linguistics extend to the many
influences outside it history culture or politics that contribute to our understanding of language *The Text Beyond* Essays in
Literary Linguistics is a collection of suggestive models for those interested in using the tools of linguistics to meet the aims
of literary criticism and theory Only very recently have linguists and literary scholars come to recognize that their goals are
compatible **Annual Bibliography of English Language and Literature**, 1924 Includes both books and articles

Fiction, Folklore, Fantasy & Poetry for Children, 1876-1985: Authors, illustrators, 1986 **Creative Intuition
in Art and Poetry** Jacques Maritain, 2023-10-17 The classic work on the sublime interplay between the arts and poetics This
book explores the rich and complex relationship between art and poetry shedding invaluable light on what makes each art
form unique yet wholly interdependent Jacques Maritain insists on the part played by the intellect as well as the imagination
showing how poetry has its source in the preconceptual activity of the rational mind As Maritain argues intellect is not
merely logical and conceptual reason Rather it carries on an exceedingly more profound and obscure life one that is revealed
to us as we seek to penetrate the hidden recesses of poetic and artistic activity Incisive and authoritative this illuminating
book is the product of a lifelong reflection on the meaning of artistic expression in all its varied forms **The Publishers'
Circular and Booksellers' Record**, 1926
