Monogatari. Tales from Old and New Japan. Selected and Edited by D.C. Seitz Don Carlos SEITZ,1924 **Tales of Moonlight and Rain** Akinari Ueda,2007 Tales of Moonlight and Rain alludes to the belief that mysterious beings appear on cloudy rainy nights and in mornings with the lingering moon In Shiramine the vengeful ghost of the former emperor Sutoku reassumes the role of king in The Chrysanthemum Vow a faithful revenant fulfills a promise The Kibitsu Cauldron tells a tale of spirit possession and in The Carp of My Dreams a man straddles the boundaries between the waking world and dream Akinari s masterful combination of phrases from Japanese classics with creatures from Chinese and Japanese fiction and lore lend the collection its eerie beauty This translation skillfully maintains the allure and complexity of Akinari s original prose *The Far East ...* American Academy of Political and Social Science,1925 Annals of the American Academy of Political and Social Science ,1925 Japan Kenneth Scott Latourette,1928 The Publishers Weekly ,1920 **Quarterly Bulletin of the Providence Public Library** Providence Public Library (R.I.),1925 *Monthly Bulletin. New Series* St. Louis Public Library,1925 **A Short Bibliography of English Translations of Japanese Literature** Nihon Eibun Gakkai,1935 Japan and the Culture of the Four Seasons Haruo Shirane,2013-03-05 Elegant representations of nature and the four seasons populate a wide range of Japanese genres and media In Japan and the Culture of the Four Seasons Haruo Shirane shows how when and why this practice developed and explicates the richly encoded social religious and political meanings of this imagery Shirane discusses textual cultivated material performative and gastronomic representations of nature He reveals how this kind of secondary nature which flourished in Japan s urban environment fostered and idealized a sense of harmony with the natural world just at the moment when it began to recede from view Illuminating the deeper meaning behind Japanese aesthetics and artifacts Shirane also clarifies the use of natural and seasonal topics as well as the changes in their cultural associations and functions across history genre and community over more than a millennium In this book the four seasons are revealed to be as much a cultural construction as a reflection of the physical world Back cover
